Supt. Best presided as toast-Dean Betts gave the first toast to President Mohn in behalf of the college family, a beautiful expression-of our delight to have him with us again. Miss Letton spoke as representative of the faculty. Miss Evelyn Harrison, president of the Student Government, for her organization; and Miss Myrtle Greene, president of Y. W. C. A., represented her girls. All voiced the great delight of our entire college community in having Mr. Mohn in our midst again, but it remained for the enthusiastic songs and yells of the Juniors and Seniors to express the real pleasure of the occasion. They vied with each other in friendly enmity till the banquet halls became a sort of cross between a rousing fotball field and a Demo. cratic presidential convention. Surely before the close, President Mohn knew he was the most "welcome home" of any president who ever strayed beyond the confines of his campus. His response on this occasion touched the hearts of all present in its sincere and generous assurance of his love and loyalty to the college for whose welfare he has spent every energy of his life for the past six years .
