

THE FRANKLIN TIMES

A. F. Johnson, Editor & Mgr.

TAR DROPS

Cotton was worth 18 5-8 cents a pound in Louisburg yesterday.

Mr. B. B. Perry is remodeling his residence on Church Street.

A fine son was born to Dr. and Mrs. W. R. Bass on Thursday of last week.

It is reported that Mr. Adrian Harris caught a 7-pound chub out of his pond near his home the past week.

Mrs. T. T. Davis, of Inez, and her mother, Mrs. A. E. Richburg, of Raleigh, were the week-end visitors of Mrs. R. H. Griffin, of Centerville.

Dr. J. O. Newell has leased the store room on Nash Street formerly used by F. A. Roth Co. as a storage room and will equip a modern office.

Dr. W. R. Bass reports that the Farmers Creamery made 42M pounds of butter during the month of May, 4127 of which was sold on the local market.

Rev. J. D. Miller, rector of St. Paul's Episcopal Church, announces services for next Sunday as Holy Communion at 11 a. m., Evening Prayer at 8 p. m. and Sunday School at 10 a. m. All are invited to attend each of these services.

Mr. W. C. Wilder recommends the following solution to control the Mexican Bean Beetle: To three gallons of water add 3 tablespoons Calcium Arsenate, 7 tablespoons slaked lime. Spray every ten days or as often as the Beetles appear, being careful to get the mixture on the underside of the leaves.

American men are slender because for generation they have been taking their liquor standing up, comments a German movie actor. And it might be added, they carry it lying down, especially the prohibition variety.

Science has brought in a report that smoking is harmful and that smoking is beneficial, and you may take your choice, depending upon whether you are a smoker or a non-smoker.

Just about the time the fool was convinced it wasn't safe to rick the boat or stick a lighted match in his gasoline tank, we must teach him the danger of drinking industrial alcohol.

An Englishman has brought to this country an automobile capable of doing 1,000 miles an hour but it seems improbable that anything English could be so swift.

Another crying need is a church collection plate with a cushion in it so that you can't make a nickle sound like a half dollar when it drops.

The modern home has a talking machine, player piano, vacuum cleaner, radio, ice machine, etc; now if we can find one with a family, we will have everything for which to be thankful.

Lindberg's Good Will tour will bring good cheer to many an American tourist in Mexico this summer. One of their breweries has named their beer "Lindberg."

Ten were killed in three encounters in Mexico is almost as dangerous as that Mexico is almost as dangerous as crossing the street in an average American city.

The grower of flue-cured tobacco may prepare for low prices this fall, says Dr. G. W. Forster. The price of hogs, beef cattle, and eggs will be good; and cotton about 20 cents a pound.

Probably it was Aesop who said a thousand years ago that more liars are developed in writing arbitraries than in writing testimonials for medicine advertisements.

SALE OF VALUABLE REAL ESTATE Under and by virtue of the authority contained in a certain mortgage deed executed to the undersigned mortgagee and duly recorded in Franklin County Registry, book 254, page 265, default having been made in the payment of the indebtedness therein secured, the undersigned mortgagee will, on

MONDAY, JULY 15, 1929, at the courthouse door in Louisburg, N. C., at or about the hour of noon sell at public auction to the highest bidder for cash that certain piece or tract of land lying in Louisburg Township, containing 125-acres, more or less, situate, lying and being on Lover's Leap Road about 1-2 miles from the Town of Louisburg, described as follows:

BEGINNING at an oak stake, corner of W. D. Egerton's, A. W. Perry Jr., and J. K. Spencer's estate; thence N 2d 45' E 1211 ft to a cedar fence post; thence N 86d 45' W 3662.2 ft to a dead willow (now down) in Bear Swamp Creek; thence S 81d 59' W 1223 ft to a cedar stump on the bank of Tar River; thence down Tar River as it meanders 2655ft to two small gums on bank of said river (Note: the various courses along said Tar River were duly run in the course of survey made by M. S. Davis, C. E.); thence N. 28d E 4160 ft to the beginning, containing 127.5 acres, more or less, being the same tract of land conveyed to W. D. Egerton by Jno. W. Harris and wife recorded in Franklin County Registry in book 236, page 169.

This 10th day of June, 1929. GREENSBORO JOINT STOCK LAND BANK, Mortgagee. G. M. BEAM, Attorney.

MILLS HIGH SCHOOL

Contributed by Parent-Teacher Association and Grades

We have been ready to go to press for several weeks but our grand old Dispatcher, The Franklin Times has been going at high speed and full space, with tax-listing and commencement write-ups of Louisburg College, Mills School, etc.

Mr. Johnson, the Times Editor advised us to wait a more opportune time when the columns were not so full.

Believing the last months activities of the P. T. A. and of the school grades to be of interest to the public we enter our last publication of the school year.

To the Graduating Class of 1929 We are dedicating this copy of the Mills High School to the graduating class of 1929, Kate Allen, Beatrice Bailey, Cora Beasley, Mary Malone Best, Mildred Cone, Louise Cooper, Ernest Furgurson, Galls Gattis, Ava Harris, Josephine House, Ruth Perry, Lucille Person, Naomi Phelps, Grace Pruitt, James Stovall, Frances Turner, Anna Gray Watson, Blanche Weaver, Mollie Wester, Viola Williams.

We, who to the rounded prime of a life of some toil and stress, yet still have kept the morning-time of glad youth in heart and spirit do here extend our heartiest congratulations to the class of 1929 and our sincerest wish that they, in coming years, weave a fadeless wreath to crown youth's fair brow, whose pathway up ne'er shall know a going down.

There is a thrill in witnessing a class-graduation, second only to witnessing a marriage ceremony.

The participants of both stand upon the threshold of a new beginning, with eyes fixed on the heights. Skies of roseate hue loom before them and the glow of youth and romance they build their air castles.

Well be it to set the golden pace! Still, be it our wish, that the class of 1929 carry with them in the upward climb, the words of Attorney General Brummitt who addressed the class on graduation day, "Charm and romance are attractive qualifications—but industry a necessity of human existence, is at the bottom of all success." May they with "never flinching feet and slow," reach at the end a goal.

White the wings of honor strong, Mounting high and soaring long;

While our faith with steady eye, Sees beyond a changing sky, Glories born of cloudless day, Let us seek them while we may.

While we may, on tables write, Names imperishably bright, And a mighty scepter sway, Let us win it while we may.

While we may! Time lingers not, Fast he flies on noiseless foot, Wisdom's counsel is to seize Passing opportunities.

Deeds today! To-morrow's scheme Is a vain, delusive dream, Fortune, like the potter's clay, Should be moulded while it may.

Weiner Roast to Graduating Class The Grade Mothers of the 11th grade, Mesdames T. W. Watson, E. W. Furgurson, H. M. Stovall, Will Cooper, J. T. Pruitt and R. G. Person took the graduating class to the High Bridge near Franklinton for a weinie roast. Each student invited a guest and Mrs. Bailey, Misses Allgood, Lucas and Mr. Holliday, High School teachers, were the honor guests.

The class voted it one of the very jolliest, happiest occasions of their lives.

High School Debate The High School Debate in chapel shortly before school closing was very interesting to those who heard it.

The debators argued the question with pep and forceful facts. Debate. Resolved that Strikes and Lockouts should be forbidden by the law.

Affirmative, Rachel Wheelless, Josephine Perry. Negative, Christine Liles, Lucille Hudson.

President, Mary Harris Freeman; Secretary, Kathleen Watkins. Decision went to the affirmative.

Objectives of Grade Mothers Carried Over The Top

The Grade Mothers report, read at last P. T. A. did not reach its full completion until the last day of school but went over the top with 100 per cent completion of plans for the year.

The first objective was to put in every room a good picture, framed. The second objective covered a wide scope, that of placing in every grade room the most necessary and useful equipment, which choice was to be made by teachers of the grades.

Summarized these are some of the important presentations to grade-rooms by grade mothers, pictures, beaver boarding, bulletin-boards, reading tables, book cases, books, a handsome globe, hectographs, pencils, colors, primary supplies, a history of all the Presidents in several volumes, magazines, flowers, potted plants, wall vases, window boxes, subscription to "Current Events", a linoleum rug and cooking utensils to Economics Department, calcimpping and decoration of Ec. room, a trip to Raleigh for grade, etc.

In addition to these, there have been treats, and simple observance of Halloween, Thanksgiving, New Year, Easter by grade mothers, altogether an expenditure of nearly \$300.

The Old District School The Old District School presented under the auspices of the Parent-Teachers Association in the School auditorium, May 11st was a howling

success. Nothing put on by the school this year provoked so much laughter and fun. Every character was individual and amusing.

Miss Jerusha Ann Perkins, teacher (Miss Fisher) played a heroic part in controlling the unmanageable children of this District School.

Patience Pettigrew (Mrs. E. S. Ford) and Polly Pettigrew (Mrs. A. W. Person) twins, attractive in role, were also bewitching in costume.

Little Lord Fauntleroy (A. W. Person) was "too cute for anything."

Gold Brick Twins, (Messrs. A. W. Wilson and E. L. Best) were the most taking characters on the stage.

Absolute guarantee of success for any show in the future, A. W. Wilson and E. L. Best as Gold Brick Twins. The splendid audience that witnessed the play was most gratifying to those who had put so much effort in getting up the play, and the proceeds from it \$165.00 was the biggest success of all.

This money represents the initial fund toward the purchase of school stage curtain.

(To Be Continued Next Week)

How to poison the cotton boll weevil is told briefly in leaflet 37 issued by the United States Department of Agriculture at Washington.

Seeds for the fall crop of cabbage, collards and tomatoes need to be planted during the second or third week of June.

Two hundred farmers of Alamance county attended a soil improvement meeting on the farm of Claude Thompson.

The Swiss government has issued a warning that Mount Arbinio is moving dangerously and will probably cause one of the great landslides in Swiss history before long.

Now that May has passed, the next legal holiday will be July 4th.

Choice of COLOR at NO extra cost

See our special display in newest motor car color designs

At no extra cost—a Choice of Colors on any model, from a variety so wide you have almost individual distinction. Come to our special color show and see for yourself the great number of color combinations from which you may choose.

And, remember, this is only an additional feature to the great array of values with which Essex the Challenger has swept the field.

\$695 AND UP at factory

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

Saturday is Southern Goodyear Day

The illustration is from an artist's sketch of the completed Gadsden Plant

A Red Letter Day in Southern Tire History

The South has gone Goodyear—and we're organizing a little celebration of our own to mark the early opening of Goodyear's great new tire plant at Gadsden, Alabama.

This plant will be the most modern tire factory in the world, the last word in equipment and facilities. Its capacity is 5,000 tires per day—Southern made for the Southern trade.

And we're going to offer special values in Goodyears Saturday in

a great one day sale. Together with other Goodyear dealers in this vicinity, we hope to sell Saturday more than a day's output to show our appreciation of the opening of this plant and to show that it is none too large.

Goodyear tires—Pathfinder, All-Weather or Double Eagle—are definitely superior in tread and carcass as we can show you.

Help us to celebrate and help yourself to wonderful tire values by coming in to see us Saturday.

Table with 2 columns: Tire Size and Price. Includes 30x3 1/2 Pathfinder for \$5.50, 30x4.50 Pathfinder for \$7.25, 29x4.40 Pathfinder for \$6.50, and 29x4.50 All-Weather for \$9.95.
