Society Organizations

On Thursday Oct. 3, the student body met in the auditorium just after lunch for the purpose of re-organizing the literary societies. After some discussion it was decided to let the Agriculture boys have a separate society through the Y. T. H. F. organization. As this left only a small number of boys, girls from the Astrostecken Society who wished to do so, were invited to join with the boys of the Philogothian Society. To this invitation quite a large number of girls responded, thus making the Phi. Society a mixture of both boys and girls. By this plan our school can afford three societies which by reason is mainly due to the increase of attendance over last year. We feel the cord spirit in the Phi. Society will cause more interest to be manifested through out the coming year.

The Phi. organization is as follows:
President—Walter Fuller.
Vice-Pres.—Ava Joyner.
Secretary—Thomas Speed.
Assistant Sec.—Zena Bledsoe.
Treasurer—Leland Gupton.
Censor—Helen Parrish.
Critic—Clinton Gupton.

Organization of the Astro. Society

On Friday, October the fourth the Astro. Literary Society met to elect officers for the ensuing year. The following were elected:
President—Annie Lou Pernell.
Vice-Pres.—Mary Sturges.
Secretary—Ida Fuller.
Treasurer—Sue Egerton.
Chaplain—Eunice Griffin.
Chorister—Irma Aycocke.
Critic—Miss Harper.

Through general discussion we decided to make this the most successful and interesting year ever in the literary work of our society. We pledged anew our loyalty and faithfulness to it and we are going to strive to do the best work in the Astro. Society that we have ever done.

Mr. E. T. Browne Principal Speaker at Gold Sand Community Fair

Mr. T. E. Browne, Director of Instruction of the School of Education at State College, and Director of Vocational Education of North Carolina, will be the principal speaker at the Gold Sand Community Fair, to be held Wednesday, October 23. Mr. Browne has had a broad experience in rural education, and his message will be well worth hearing.

The Chairmen of the fair committees for the Gold Sand District are as follows: Gold Sand, Mrs. M. M. Person; Moulton-Hayes, Mrs. D. T. Fuller; Mountain Grove, Mr. Hugh Mosely; Sandy Creek, Mrs. D. N. Nelms; Centerville, Mr. John Neal; Wood, Mr. W. D. Fuller. Each chairman has a number of helpers who are responsible for getting people in their community to exhibit at the fair. If there are any questions concerning exhibiting, the chairman in your community will be glad to answer them. Each member of the committees has a premium list. Look over one and decide what you are going to bring to the fair.

The following is a list of departments with those in charge of arrangements at the grounds at the high school: Cooking, Canning, and Sewing—The Woman's Club; School exhibits—Mr. W. O. Reed; Floral exhibit—Mrs. W. S. Person; Livestock and Field Crops and Horticulture—Young Tar Heel Farmers.

Young Tar Heel Farmers Organize

At an organization meeting held the past Friday afternoon the Young Tar Heel Farmers elected the following officers:

President—Thurman Griffin.
Vice-President—Astor Parrish.
Secretary—Perry Conn.
Treasurer—Thomas Perdue.
Reporter—Bronis Burnette.
Program Committee—Eddie Joyner, J. C. Cottrell, and Herbert Harris.
The organization will meet regularly every two weeks, and carry out various activities.

Wayne Ferguson, a 4-H club boy of Jackson County, sold 12 pure bred Poland China pigs at 180 days old for \$256.93. The pigs paid nearly \$2 a bushel for corn consumed while being fattened.

Forty purebred Guernseys were sold at Salisbury during the recent consignment sale for \$8,985 or an average of \$224.60 each. A well bred bull topped the sale at \$650.

NOTICE OF SALE OF REAL ESTATE

The undersigned, representing the heirs-at-law of W. H. Faulkner, will offer for sale on

MONDAY, NOVEMBER 11, 1929, at the courthouse door in Louisburg, N. C., at or about 12 o'clock noon, to the highest bidder for cash, the following described real estate, to-wit:

A certain tract or parcel of land situate in Sandy Creek Township, Franklin County, bounded on the north by the lands of A. C. Pernell; on the east by the lands of W. G. Pernell and W. J. Pernell; on the south by the Old Fair Tract and the Old Ned Cheek Place; and on the west by the lands of Haywood Cheek, containing 68-acres, more or less, and being the tract of land owned by W. H. Faulkner at the time of his death, and known as the W. H. Faulkner Home Tract.

This sale is made subject to the approval of the heirs-at-law of W. H. Faulkner and upon confirmation, a deed in fee simple will be executed by said heirs-at-law to the purchaser.

This the 12th day of October, 1929.
W. H. PERNELL, Agent for the Heirs-at-law of W. H. Faulkner, Dec'd.
G. M. BEAM, Att'y.

MOTORISTS CAN SAVE ON GAS. OLINE BY SIMPLE METHODS

Detroit, Oct. 14.—Millions of dollars could be saved annually by the automobile-owning public through a more strict observance of the factors that control the gasoline mileage offered by the average automobile, it was revealed in a survey on fuel economy today by the Chevrolet Motor Company.

A gain of from two to five miles on the gallon of gas could be effected, on the average, it was shown, if the motorist paid strict attention to the elements that govern fuel consumption.

The matter of economy has always been a factor of the uppermost importance with Chevrolet in designing of its cars. Having brought the mileage to the highest point ever offered in a six cylinder car, Chevrolet sought to corral in this survey, the many seemingly unimportant details, which through carelessness or indifference on the part of the driver, cut down the mileage that might be obtained through more intelligent handling of the car.

Manufacturers have been doing their utmost to make gains in the direction of greater mileage and now it is felt that with greater cooperation from the driver, motorists may ride millions of miles yearly at no extra fuel cost if the matter of watchfulness can make a sufficiently strong appeal.

Just how this attention to fuel economy brings its reward is illustrated in records of performances coming in to the company's offices, which show that although the Chevrolet six is expected to run approximately 20 miles to the gallon, motorists in various sections of the country are getting 23, 24, and 25 miles through just a little added attention to the matter.

The majority of items to be watched are rather obvious to the average automobile owner, but through an inadequate appreciation of their importance, are commonly overlooked.

The survey sets down specifically a number of factors, which, if observed, should increase your mileage two to five miles to the gallon. They are:

1. When standing or waiting for the light to change, don't race your motor.
 2. When you are to make a stop of more than a minute, turn off your motor.
 3. Don't drive at excessive speeds unless the occasion demands. High speed travelling burns more gas.
 4. Remember that the faster you drive the more gas you consume. So when you find that you are about out of gas and are heading for a gas station, take it slowly and your chances for negotiating the distance will be greater.
 5. When starting watch the choke. Don't drive with the choke out a moment more than necessary.
 6. Be sure that your brakes are not dragging. This cuts down your mileage. Get your brakes inspected frequently.
 7. Have your valves ground when they need it.
 8. See that the idling adjustment on your carburetor is set at the proper points so that the mixture is not too rich. If it is not at the proper point it gives you inefficient idling performance and wastes gas.
 9. Don't fill your gas tank full to the cap, some will escape through the vent in the cap.
 10. Don't ride the clutch.
 11. Watch gas line for leaks at joints. Check it periodically to see that fittings are tight.
 12. Be sure that spark is in fully advanced position.
 13. Avoid excessive use of brakes in traffic.
- Observance of these suggestions, the survey points out, will save money for the motorist and, add considerable mileage to your driving and reduce the number of necessary stops at the gasoline station.

"INSURE AND BE SURE" --
"BE SURE and with T. W. WATSON 2.24-tf INSURE"

Prices on the tobacco markets of Columbus County averaged about four cents a pound above the price received last season and farmers expressed satisfaction at the outcome.

The Pitt County crop market at Greenville has sold over \$3000 in produce since May 1 of this year.

A small seed association has been organized by the farmers of the Eureka community in Moore County. The association is starting work with Abruzzi rye.

Cotton growers of Richmond county estimate a loss of more than 2,500 bales of cotton this year because proper boll weevil control measures were not followed.

WHEN CHILDREN Need a Laxative

"We have used Theoford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family. I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right. I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."
—Mrs. Doshie Terry, 1206 Fourth Avenue, Decatur, Ala.
