### BUNN SCHOOL NEWS

**"Beantown Choir"**  
"Beantown Choir," a comedy-drama in three acts, will be presented at the Bunn High School Auditorium Friday night, March 21, by home talent. This play will be given under the auspices of the P. T. A. for the benefit of the school. Look for a taste of characters and synopsis of the play in next week's issue of this paper.

**First Grade Work**  
In the First Grade the "A" section of Bluebird class has started reading a new book, "The Story Hour Reader." This is their eighth book. Each person in this section made 100 on spelling every day of last week. By this we can easily see that they are learning fast.

Miss Cox is going to give her grade a nature study this week, the topic being, Birds. I am certain they will enjoy it very much, and since they have such a fine memory it will help them when they start ninth grade Biology.

Juanita Perry.

**Second Grade**  
We are anxious to know which student in the second grade is going to win in the spelling contest they are having. Each student has a note book, and in it they put all the words they can spell beginning with A, B, and etc. The one that learns to spell the most new words wins.

They have also been studying birds. Each day they take a bird and study it. I am sure they like it, and will learn a lot from their bird study.

Giggles.

**Big Work and Little Workers in Third Grade**

It certainly is fine to see such little boys and girls be so industrious. The students in the third grade and B section of fourth grade are becoming farmers already. They have fixed in their room a regular farm. On their sand table they have planted tomatoes, cabbage, lettuce and pepper. They also have a barn, shelter, home, and other accessories they have made themselves. The children are going to take the plants and fix them a garden this summer.

By the way, the third grade got the picture at the P. T. A. We can't blame people for having such an interest in them. They are not contented at all because they work all the time.

Marguerite Harris.

**Fifth Grade and A Section of Fourth Grade News**

In the A section of the fourth grade, stories were written using the twenty new words that were learned during the week. The story that was voted on by the class as the best was Lillian Young's and is given below.

**The Old Woman**  
Once there was an old woman. She fell and fractured her jaw. She ate some raw meat and her jaw hurt so bad she thought someone had stuck a claw in it. The old woman went to bed on a pile of straw. She wouldn't steal a bed, because she knew it was against the law. She rode across the river on a ferry to get some ripe strawberries. She was old but very merry. She received a note one day from the Sheriff asking her to vote for him she could not quote the words of the sheriff.

One day some women and children came to see her. The children used the yard for their play-ground. They would have sticks and dump them out at the gate and laugh. One girl said she could sew and prove it by her teacher. The old woman lived alone. She didn't like to work. Her cat said "I'm too old to work." The door said, "I won't shut." They all refused to work because the old woman wouldn't work herself.

**"Made in North Carolina" Sixth Grade Project**

The Sixth Grade students of the Bunn High School decided to work out a project "Made in North Carolina." Finally, with suggestions from the teacher, the class decided it would be interesting to find out the most important articles made in N. C. It was decided that the best plan was to write to all Manufacturing concerns. This problem was discussed and studied in the fall, but it was decided to wait until the spring term to begin the real work.

At the opening of the spring term more definite plans are being made. We decided, if possible, to secure the actual object as a permanent exhibit. Letters are being written to the different manufacturing concerns. Many samples of all kinds have been received.

Among some of them are the following: cutting, silk, wool, homespun, hosiery, tobacco, furniture, wood, and pulp.

This project will be continued in the sixth grade article next week.

**Eight Grade News**

The boys have had a splendid record in attendance this past week, being that they were 100 per cent for four days. Don't we girls wish that we could make a good record and then maybe we would stand a chance of getting a half holiday. The Home Economics girls served a Buffet Luncheon, Wednesday, March 5th to

(Continued on Page Five)

**Ask Your Soldier Boy How "Cooties" Got Such a Hold.**

He'll tell you that the battlefronts of Europe were swarming with rats, which carried the dangerous vermin and caused our men misery. Don't let rats bring disease into your home. When you see the first one, get RAT-SNAP. That will finish them quick. Three sizes, 25c, 50c, \$1.25. Sold and guaranteed by S. P. Boddie, druggist, F. R. Pleasants, druggist, Louisburg; Winston-Blanks Drug Store, Youngsville; and J. H. Weathers, Bunn.

### OLD FOLKS SAY DR. CALDWELL WAS RIGHT

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice.

He treated constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna and other mild herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to the taste, gentle in action, and free from narcotics. Elderly people find it ideal. All drug stores have the generous bottles, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

A solid car of grass seed for pastures has been ordered by Alamance County farmers for planting this spring.

Buncombe County farmers have adopted Korean lespedeza as the variety for that county. About 1000 pounds of seed were ordered for planting this spring.

Subscribe to The Franklin Times  
\$1.50 Per Year in advance.

Unless tenant farmers of Scotland County agree to plant and cultivate a good garden this year, they will not be advanced supplies by the merchants of the county.

Randolph farmers purchased 30,000 pounds of lespedeza seed and large quantities of other clover and grass seeds this spring.
