going. Constipation bothered me continually and indigestion kept me in misery after meals. Since I started Sargon my indigestion is gone; the rheumatic pains have lost their grip, I've gained 5 pounds and I'm full of new strength and energy. I'm 69 years old, but I've never in my life seen the equal of Sargon.

OUR RALEIGH LETTER

By M. L. Shipman

Raleigh, September 1.—Raleigh and the State were saddened during the week with the news that Dr. Charles O'Hagan Laughinghouse, executive secretary of the North Carolina Board of Health, had suddenly passed away at a hospital in High Point which he entered a week previous to receive treatment for plebitis, an inflammation of the leg, attributable to an injury sustained during a football game at the University of North Carolina years ago. The life of Doctor Laughinghouse terminated unexpectedly from a "cardiac block," pronounced by physicians to be a condition of the heart produced by plebitis, or clogging of the veins and arteries. Offices of the State Board of Health here were closed Wednesday and official business remained at a standstill through Thursday out of respect to the deceased official. Funeral services were held at Greenville, the old home of Doctor Laughinghouse, on Thursday afternoon in the presence of many State officials, who served as honorary pallbearers, and a large concourse of friends and acquaintances from various sections of the State. The State Health Board was well represented at Greenville when the last honors were paid to its chief, who was one of the best known medical men in North Carolina.

Doctor Laughinghouse is survived by his widow, a daughter and two sons. He was fifty-nine years of age and had been Secretary of the State Board of Health since 1924, succeeding Dr. W. S. Rankin who resigned to become medical director of the Duke Foundation. On Thursday eve-

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what every experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pass away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

EASY TO LOOK AT—good to look at—that's your reaction to charm and beauty. Easy to smoke—good to smoke—that's the lure of Camels. Good because of the natural mildness and fragrance of mellow tobaccos, with all the delicacy and aroma preserved by scientific skill in preparation and blending—good because there's no over-processing or doctoring—no flatness of taste.

Easy—because they are so mild and smooth that you can smoke them all the day through with never a suggestion of throat discomfort.

Notice that it's Camels now — your crowd and elsewhere — because Camels are so good to smoke.

ning, a few hours after the funeral of doctor Laughinghouse the State Board of Health met here in special call session and named Dr. H. A. Taylor, deputy state health officer, as acting secretary, after a spirited discussion followed with a personal encounter between Dr. A. J. Crowell, Charlotte, president of the society, and Dr. John B. Wright, of Raleigh, who later "patched things up" and parted friends.

"Made in Carolina" Week, formally set aside by proclamation of the Governor, started today. During the period designated the people of the State are expected to use and boost native commodities and products. The Governor has called upon manufacturers, merchants, the press, the radio, and the general public to participate in its observance wholeheartedly.

The State Democratic campaign advanced another step during the week in the naming of his advisory committee by Chairman Odus M. Mull, who designated Judge James M. Manning as active head of the committee, with whom will be associated former Governor McLean, of Lumberton; Charles A. Hines, of Greensboro; Clyde R. Hoop, Shelby; Josephus Daniels, Raleigh; Miss Elizabeth Warren, Washington, N. C.; Capt. Tom Washington, of Wilson; Col. Geo. K.

Freeman, Goldsboro; Dr. E. Dixon Carroll, Raleigh; C. L. Shuping, Greensboro; J. O. Carr, Wilmington; Jno. W. Lambeth, Thomasville; Judge T. C. Bowie, West Jefferson; E. M. Gill Laurinburg; Henry E. Fisher, Charlotte; G. Lyle Jones, Asheville; and Mrs. E. L. McKee, of Sylva, W. P. Horton, former State Senator from Chatham County, becomes secretary to Chairman Mull, of the State Committee. As a starter, Chairman Mull in a broadside aimed at the opposition party recently asserted that the Democratic party presents the failures of the present national Republican party and the Hoover administration as a reason why no elector should vote the Republican ticket at the approaching election. Mr. Mull declares in his statement that President Hoover failed to make good his promises, made during the last campaign, "to bring relief to the farmers, to abolish poverty, to provide a job for all who had a will to work, to expand our foreign commerce, to establish economy in government, and to maintain prosperity." Succeeded temporarily as executive councillor by Speaker A. H. Graham, Chairman Mull expects to wage an active campaign for his party until the major conflict shall terminate on Tuesday, November 4th.
