BUNN SCHOOL NEWS

P. T. A. Meeting
 The Bunn P. T. A. met in the school auditorium on Thursday night of October 9th. It was opened with a song and then a prayer. The reports from the groups were made. Then the roll was called and the minutes read by the secretary. The meeting was then turned over to the program leader, Mrs. Leon Pippin, and the following program was rendered:

Debate: Resolved, that it is better to be fat than skinny.
 Affirmative—Mr. Hobgood, Mr. C. C. Wright; Negative—Mrs. J. W. Cheves, Mr. Willard White.

Both sides gave some real good points, and it was hard for the judges to decide which side won. After much consideration it was decided that the affirmative had won. The debate was very interesting and furnished much humor.

The next feature of the program was a talk by Mr. Bowen. His subject was "The Development of The Human Mind". In this speech Mr. Bowen brought out the following points in a very interesting and impressive way:

1. The growth of the human mind depends upon the impression made upon that mind through the child's sense organs.
2. The scope and breadth of the mind depends upon the impressions made upon that mind.
3. The impressions upon one's mind determines the quality of that mind. The quality of mind must be changed for the better by right sort of impressions.
4. The human mind is a vital thing which dominates and controls the body. Body mind reaction; a man will obey his thoughts, he must obey his mind.

The members of the P. T. A. were then invited into the Home Economics room for a good social hour together. Here they were served sandwiches and coffee by the Home Economics girls. The meeting was enjoyed by everyone, and it was a good get-together meeting of the teachers and parents of our community.

The Essay Contest
 While going to school we meet with many things that broaden our thoughts. That is, they broaden them not only with books. Some are oratory, debating, essay contests etc. We are very glad to have an opportunity at the present to engage in an essay contest being given. It is given by the Diamond Pork Council of the Junior Order. There is a subject for the boys, and there is one for the girls. The subject for the boys is "Liberty", and the subject for the girls is "Virtue". They are supposed to be written on theme paper, and limited to about seven hundred words. The Junior Order is to give a medal to a boy and girl who are winners of this contest, next year at commencement. Then the essays of the different schools of this county will be judged, and a loving cup will be given to the school whose essay wins.

When we first look at these subjects, they seem very narrow. They include a great number of thoughts. We know that it matters not how great a deed a man does, he isn't awarded for it if he isn't virtuous. Let us all try; even if we don't win it will do us some good.

Glee Club Organization
 The Glee Club of Bunn High School met on October 1, 1930 to organize for the coming year under the supervision of Miss Fuller, the piano teacher. The following officers were elected:

President—Othello Mullen.
 Vice-President—Harold Alford.
 Secretary—Louraine White.
 Treasurer—Roslyn Hollingsworth.

The members are taking much interest in the club. We are expecting to have a better club this year than we have ever had before.

The club has already met and had two good practices.

RUBY PERRY.
The Sixth Grade
 Many of the grammar grades are doing some very outstanding and praise worthy work.
 The Sixth Grade is taking up a special study of the "Modes of Travel," beginning with the travel in pioneer days and going through the travels of today. The ways of travel that are being taken up are: By land: first horseback, second stage coach, third covered wagon, fourth, locomotives. By sea: first sail boats, second canoes, third steamboats. By air: first balloons, second zeppelin, third airplanes. They are making a poster using pictures to illustrate each of them.

Rock Spring's Pupils Transferred to Bunn Graded School

On October 6, 1930 the County Board of Education gave authority to the local board to determine whether or not the school at Rock Springs should be consolidated with that of the Bunn graded schools.

During the first month of school there was an average of thirteen pupils in daily attendance with fifteen enrolled. In order to retain one teacher there must be at least thirty five enrolled.

At a meeting on October 9, 1930 of the Local Board of the District schools a motion to consolidate the schools was made by J. M. Perry, chairman, and seconded by J. L. Byron. The following committee were present: W. A. Mullen, Mrs. C. C. Pippin, J. L. Byron, J. M. Perry, Jarvis Perry and B. Brantley. The motion was carried through and Rock Spring's pupils were transferred to Bunn graded school.

The consolidation of the schools will be more economical and save money for both county and district. The pupils will have several advantages at Bunn they did not have the benefit of at Rock Springs. They are provided with one teacher to each

grade and more time may be spent on the individual pupil. They also have the advantage of being in a well equipped building with conveniences of steam heat, water system and electric lights.

Bunn Plays Ball
 With Mr. R. T. Kleth as coach for the girls and Mr. T. D. O'Quinn as coach for the boys, Bunn has put out two good ball teams this year. We have lost only two games. I would like to say in the beginning, that all the games we have played showed good sportsmanship. The games, all of which were played on the Gold Sand ground were as follows:

Sept. 26, the Bunn team played the Louisburg team and came out victorious with a score of 21-9 (girls), and 21-1 (boys).

October 3rd, Bunn girls played Franklinton girls and won with a score of 20-27. Bunn boys played Gold Sand boys and lost, but we are not ashamed of it, for I am ready to admit those boys are the best players I have ever seen.

October 10, Bunn girls played Edward Best and lost with a score of 44-11. In this game, the Edward Best girls especially showed good sportsmanship. Bunn boys played Youngsville and won.

Bunn girls won second place and Bunn boys won third place in the tournament.

As a whole, we are very proud of our team this year, and we are certain that if some of our girls keep improving as Othello Mullen, "Bow Legs" White and Louise Williams have done, there will be girls playing on the "Big Leagues" in 1935.

Tuberculosis

Every citizen of North Carolina extends a cordial welcome to the President's son who is making his home in Asheville during a course of treatment for tuberculosis.

President Hoover has always been interested in the fight against tuberculosis. He has always bought Christmas Seals during the Annual Seal Sale from Thanksgiving to Christmas. Mrs. Hoover has done likewise and they have been gracious enough to lend their influence to the Seal Sale and to the work of the National and State Tuberculosis Association.

While we all regret that Herbert Hoover, Jr. should become ill with tuberculosis, it brings a number of lessons to us:

(1) That tuberculosis is no respecter of persons. The high and the low, the rich and the poor, the learned and the unlearned are all subject to its ravages under given circumstances.

(2) It was at one time customary and exists to some extent even to this day, that people who have tuberculosis desire that it be kept secret. In fact, many refuse to admit that they have tuberculosis even when diagnosed by a physician skilled in that line and they sometimes go from one physician to another, until they can find a

WOOD P. T. A. TO MEET

The Wood P. T. A. meets next Monday night Nov. 3rd, at 7:30 o'clock for its regular meeting. All are invited to go out and enjoy a good program.

Special features are:
 Speech—Mr. Julius Woodward, Principal of Epsom High School.
 Play—by grammar grade children.
 Music—by Adelaide Duke, primary teacher of Centerville School.
 Go out and visit with your teachers and neighbors and enjoy a real live program.

NINTH GRADE ACTIVITIES

In response to your wish to hear from the Sophomore Class, of Epsom High School, we want you to know we are not only alive but active.

On October 23, 1930 we held a meeting and elected the following officers: President—Jessie Jones, Vice-Pres.—Marvin Edwards, sec'y.—Annie Laurie Rowland, Treasurer—Alice Cline Smith, Reporter—Esther Jane Weldon, Sponsor—Prof. G.E. Crawley; class color—pink and white, class flower—rose.

We have the largest class in High School and we hope that a big percent of the class will graduate together.

Esther Jane Weldon.
