**BUNN SCHOOL NEWS**

**Much Improvement Made In Daily Attendance**

The average daily attendance of our school and district has been much higher this month than any month before. The total enrollment of the Bunn district elementary schools, including Bunn, Pine Ridge, Pilot and Peaces is 648. The average daily membership of this district is 639, and the average daily attendance for this month is 610. This Bunn district of elementary grades must have an average of 609 pupils in order to keep the same number of teachers. This month is the only time this year that the elementary district has had an average above what they should have in order to have the same number of teachers next year. So we see how important it is to urge the students to attend regularly. It should be noticed that the Harris school, having six teachers with some over two hundred enrollment, is not included in this list. This elementary district has an average daily attendance of 97 per cent.

The Bunn High School shows a record in attendance for above what they must average in order to have the same number of teachers. The total enrollment of the High School is 155. The average daily attendance for this month is 152. The High School must have an average attendance of 135 each month in order to have the same number of teachers. The High School average has been 98 per cent during the year.

We feel good to know that we have made so much improvement in this month in our attendance, and we hope that through the cooperation of the teachers, parents, and pupils, that this improvement will continue.

WILLIE KAY BUNN.

**Musical Recital**

This Musical Recital was given in the auditorium Monday night, December 15, by Miss Fuller's music pupils. Chorus, "De Coppel Moon"—H. R. Shelly by Glee Club.  
Piano Solo, "The Cuckoo Clock"—Ella Ketter by Zelleama Medlin.  
Vocal Solo, "Into The Duck"—Richard Kauntz by Leslie Cooke.  
Piano Solo, "Pond Lilies"—Charles E. Overhatt by Kathryn Weather.  
Piano Solo, "Tulip Waltz"—M. Greenwald by Juanita Cyrus.  
Musical Reading—"Counting Daisy Petals"—Lyteon Cox by Roslyn Hollingsworth.  
Piano Solo, "The Young Princess"—Maurice Arnold by Lucille Shearon.  
Vocal Solo, "Who knows Sweetheart"—Sheryl Edward by Leslie Cooke.  
Piano Solo, "Dreamy Waltz"—Richard J. Pitcher by Louise Sykes.  
Piano Duet, "March" by Sallie Bunn and Miss Fuller.  
Piano Solo, "Sweet Recollection"—Percy Anthony by Annie Laurie Alford.  
Musical Reading, "Speak up, Iks"

an 'spress yo' self"—Henry S. Sawyer by Roslyn Hollingsworth.  
Piano Solo, "Fairy Bread"—Marion Hickman.  
Piano Solo, "A Scottish Tone Picture"—Macdowell, by Pauline Johnson.

**Second Grade News**  
The following are some selections taken from a newspaper, made by the Second Grade:

**OUR MOTTO**  
"Politeness is to do and say the kindest thing in the kindest way."  
This is the first week in December. "Chill December brings the sleet—Blazing fires and Christmas treats."

**OUR BIRD**  
(Evelyn Mullen)  
We had a bird. His name was Woodpecker. His head was red and his wings were black, and his breast was white.

He stayed with us one day. We left him in the room at night and he died.  
**OUR WOODPECKER**  
(Bob Wheelers)  
We had a woodpecker in our room. He was pretty. His head was red. He could peck wood. We put him in a box. He pecked a hole in the box while we were having chapel. He flew around in the room. We put bread crumbs for his food. Then one night he died.

**OUR BIRD**  
(Wallace Mullen)  
We had a bird. It was a pretty bird. The bird was a woodpecker. It was a good bird. He had a red head.

**THE BIRD**  
(Cecil Gay)  
The bird was pretty. The bird is dead. He was a woodpecker. The bird was red. He was a good bird.

**OUR PICTURES**  
(Sarah Winder)  
We have two new pictures in our room. The pictures are pretty. One picture has a boy and a rabbit on it. The other picture has a girl and a bird on it. The boy is feeding the rabbit. The bird is singing a song. The girl is pretty. The boy is pretty too. The bird and rabbit are pretty too.

**MY DOLL**  
(Evelyn Mullen)  
I have a doll. She is pretty. I made her a cap. It is blue and red. She is pretty in it.

**MY PET**  
(Foyton Harris)  
I like my pigeon. I like to feed it. It is pretty and not afraid of me.

**The Home Economic and Agriculture Classes Exchange Work.**  
Beginning on Monday morning of last week, the Home Economics and Agriculture classes exchanged work for one week. The work that the boys did in Home Economics was as follows:  
1. A study of the field of Home Economics.  
2. The classification of foods and the place of different foods in the diet.

3. Color.  
Tuesday:—  
1. How to plan the home site.  
2. Floor plans for a home.  
3. Furnishing the home.  
Wednesday:—  
1. Budgeting.  
2. How our clothing keeps us healthy.

Thursday:—A lesson in darning socks, sewing on buttons and patching.  
Friday:—  
1. How to plan and prepare a light breakfast.  
2. Table etiquette.  
The boys declared that they found the course, very interesting and helpful.

The work that the girls did in Agriculture was as follows:  
1. Pruning—tools used, time and method, practice in pruning.  
2. Grafting and Budding—Different methods, time for grafting by certain methods, and practice in making grafts.

Miss Grady of Franklinton discussed some phases of Public School Music. To the first grades she emphasized to be recognized the sounds. To the 5, 6, and 7th grades she discussed classifying instruments.  
Mr. Harris, the Principle of Franklinton School, made the talk, centering around the life of a child. He said the child was the sole center of the P. T. A. Then the health of the child is important. His environment in the home determines his life outside. Then he discussed the function and importance of the Grade Mother. He says there should be main Grade Mothers, but every woman who has a child in school should consider herself a Grade Mother, and learn the names of the pupils in the class. He emphasized the fact that teachers and mothers do not have meetings often enough, to learn the real problems of their child. His talk was very impressive and was enjoyed by all. The meeting then adjourned, being considered very successful.

**MARGUERITE HARRIS.**  
**Meeting of the P. T. A.**  
The meeting of the P. T. A. opened Thursday night, December 11, with a song, "Blest Be the Tie". Mr. Bowen then led in prayer. Then they had the parents to stand, in order to see how many were present for each grade. They were as follows: 1st grade 4 present, 2nd grade 2, 3rd grade 4, 4th grade 4, 5th grade 3, 6th grade 2, 7th grade 4, 8th grade 3, 9th grade 4, 10th grade 5, 11th grade 0. The tenth grade received the picture for having the greater number present.

Then the business was brought before the meeting. Mr. Bowen discussed the book problem. He urged all who could to come to the play next Thursday night, "Miss Blue Bonnet". There is needed fifty more dollars in order to send off the order for the books right away.

The program was conducted by the

first grade. Two pupils Lettie Wheelers and Alley Nay Beddingfield sang a song, "Playing on my Little Fiddle". Then Alley Nay Beddingfield read a story, "A Christmas Joke."

**COTTON REPORT**

The tabulation of the card reports shows that there were 12,941 bales of cotton, counting round as half bales, ginned in Franklin County, from the crop of 1930 prior to December 1, 1930, as compared with 9,223 bales ginned to December 1, 1929.

**It May Be Urgent**  
When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

**MOTORISTS MAY SAVE \$5,110,000 BY WISE BUYING**

An extra minute of attention to the upholstery at the time a car is purchased may mean an extra hundred or two hundred dollars in "trade in" allowance when the time comes to get a new car.

This is the conclusion reached by the Household Science Institute, of Chicago, which has been making a study of certain phases of automobile buying practices throughout the country.

The Institute found that while certain factors, such as age, general appearance, condition of motor, etc., definitely influenced the "trade in" value of a car, automobiles upholstered in mohair velvet or velveteen as it is called for short invariably brought a higher price which in many cases ran from one to two hundred dollars above the allowance for cars of the same make and condition but without this upholstery fabric.

Assuming that North Carolina motorists will take up the same proportion of the nation's total sales next year as they have in the past—that is, 1.65 per cent or 51,100 passenger cars—it appears that even at the lower of the two figures cited

above that they stand ultimately to gain \$5,110,000 in increased "trade in" allowances by paying a little more attention to the upholstery at the time of purchase.

Just why mohair velvet upholstery should give a car added trade-in value is explained by Frank B. Howell, of Boston, an outstanding authority on upholstery interiors. To begin with, he says, government tests have proven that mohair velvet is the longest wearing fabric. Mohair fibers "stand on end," and with ordinary usage mohair fabric will outlast the life of the car. It is always new and fresh in appearance, and cleaning by vacuum, which broom or even with soap and water, which would just about ruin any other fabric used in car upholstery, instantly renews its luster and beauty. Children's muddy feet can do little harm because dirt does not cling to the smooth fibres of mohair pile. These fibres, by the way, also make for greater comfort and riding ease by preventing sliding around in the seat with the motion of the car.

Cotton growers of the South will go into 1931 with more than half enough cotton to supply the world. Not over 10 million bales should be produced next season.—A. F. Lever.
