Chapel Exercises

On Wednesday morning, Nov. 17th, Miss Regina Carter, fourth grade teacher, conducted a very interesting program, appropriate to the occasion. The following exercises were rendered:

Song by school—America.
Scripture—Obedia Wright.
Poem—"Our Native Land", Evelyn Little, Mollinsie Pearce.
Song—"There are many Flags, by class.
Flag Salute—girls.
Poem—Velma Mitchell.

On Friday morning Nov. 18th, Mrs. R. F. Green was in charge of chapel exercises. Mrs. Green with her seventh grade paved the way for the opening of National Book Week. Mabel Wheeler rendered in a most pleasing manner a poem on books.

Monday, Nov. 18th, Mr. E. T. Parham, principal, conducted chapel. Mr. Parham opened the National Book Week and spoke very ardently and impressively on the value and care of books.

Scholarship Society

The society had a very interesting program concerning some of the outstanding facts of North Carolina.

Virginia Perry's paper brought out some fine points of the North Carolina State Seal. It was first made by putting two wax candles together in 1665. In 1775 William Tiedale made the great seal of North Carolina.

As the seal with two sides was too heavy, colonel Thomas made one in 1792 using only one side. This seal had two figures, Plenty and Liberty. Around the circumference of the seal are the words "Constitution" and "The Great Seal of North Carolina".

James Pearce's paper was concerning the flag of North Carolina. The two important dates on the flag are May 20, 1775 and April 12, 1776.

Edna Young gave an interesting paper on "North Carolina, a Good Place to Live." She discussed the three divisions: Far-famed Mountains Region, Piedmont, and pleasant East. She explained the climate, life and the first people, churches, schools, and homes.

Science Club

The Science Club held its regular meeting last Friday, November 13, 1931. We enjoyed a very interesting program presented by the members of the club.

Dwan Pearce and Johnnie Strickland had to imitate two silly girls. Winston Hagan had to act like three different animals walking.

G. C. Holden imitated three animals making a noise. Marsh Wiggins imitated Mr. Mitchell teaching Biology.

The program was enjoyed by all. Next Friday we are expecting to learn how our lungs look and act.

Glee Club

The Glee Club of Youngville High School met Friday, November 13, with a large number being present. After the roll call and the minutes of the last meeting, Miss Underwood, our leader suggested that our voices be tested for the Glee Club by each one singing individually. As there was no other business to come before the club we adjourned to meet next Friday, Nov. 20.

Miriam Mitchell.

What-Not Club

The What-Not Club met at its usual hour on Friday. Mary Rogers was in charge of the program and presented a series of recitations.

Bonnie Belle Lancaster, president, rendered most interestingly "The Fellow Passing By."

Mary Susan Pearce gave "Johnnie's History Lesson"; Myrtle Lee Hendricks, "Mother O' Mine"; Hazel Roberts, "Aunt Tabitha"; Edna Winston, "The Train Tomorrow"; and Miss Bullard, "The Overworked Elocutionist."

The first meeting of the Seventh Grade Reading Club was held Thursday morning, November 12, 1931. A constitution was voted upon and adopted and the following officers were elected: President, Claudelle Carter; Vice-President, Robert Cheatham; Secretary and treasurer, Mabel Wheeler.

After the election of officers our teacher, Mrs. Green, read us a very interesting story. Following this, we had a short discussion of the story.

The meeting was thoroughly enjoyed by all the members of the class. Mabel Wheeler, Secretary.

Basket Ball

Last year the girls basket ball team lost several good players. But through practice I think we can replace those vacancies. Some changes have been made and after two weeks of hard work, our team seems to be in fine shape. We are anxious to begin playing so that we might give our opponents some work to do.

The first team will probably consist of: Ida Holden, Allechia Holden and Martha Carter as forwards, Edna Winston, Vivian Wiggins and Havanah Mitchell as guards. Substitutes, Ruby Holden, Ina Pierce, Edna Young, and Thelma Roberts.

Edna Winston, Reporter.

Basket Ball—Boys

On last Wednesday the Youngville High School basket ball team met the town boys in a very hard game. On account of the absence of some of the high school's best players the town boys won with a victory of 15 to 13.

The High School team will meet the town boys again on Wednesday night of this week. They are looking forward to this game with great interest because they are expecting to give

Once More—A Bull Market

them a much harder fight this time than before.

Linwood Stephenson.

The Playful Players

Those who do not participate in basket ball are amusing themselves in various games and plays. For the past week they have delighted themselves in a series of fancy marches, such as the snake dance and winding the ball. Relay races of various forms have added much animation.

Essay Contest

The Youngville people and those of the surrounding communities were, indeed, fortunate last Friday evening to have the opportunity of hearing representatives from the various schools of Franklin County present the subject, "The Development and protection of Franklin County Forest Resources". Mr. E. T. Parham, principal of the Youngville school, presided as master of ceremonies and Mr. V. E. Jennings of the Gold Sand school acted as Secretary.

The following schools were well represented by their participants: Epsom High School—Ruth Gill. Edward Best High School—Neil Stallings.

Mills High School—Lucille Hudson. Franklin High School—Olga Kearner.

Bunn High School—Elizabeth White. Gold Sand High School—Paul Stallings.

Youngville High School—Helen Roberts.

The speakers acquitted themselves well, showing a wonderful knowledge of Franklin's forest resources.

Mr. Flory and Mr. Claridge of the state department of conservation and Development of Forestry were present and were presented to the audience by Mr. Spencer of the Franklin school.

Mr. Flory spoke on the value and care of the forests, after which he delighted his audience with an educational picture of forestry.

WILL PLANT WALNUTS AS CLUB PROJECT

More than 400 club members of North Carolina will plant black walnut seedlings this fall.

"Our 4-H club members are stepping to the front as planters of black walnut trees this fall," says R. W. Graeber, extension forester at State College. "So far we have orders from 400 club members who will plant 25 trees each and applications from several hundred more are expected before the season closes. The trees have been grown by the State Forest nursery near Clayton in Johnston County and are being distributed by the county home and farm agents. Hertford County has the distinction of organizing the

first black walnut club among the girls and Davidson is leading with orders from boys. County agent P. M. Hendricks of Davidson has already placed orders for 2,750 trees to be planted by 110 club boys."

Mr. Graeber says that County Agent D. H. Sutton is also continuing the black walnut planting begun in Caldwell county last year Mr. Hendricks. The Lenoir Chamber of Commerce is financing the boys. Catawba and McDowell counties are also taking much interest in the new project. To date 19 counties have sent in orders to Mr. Graeber for their club members.

One adult who owns a farm in Chatham County has purchased 2,000 trees and began his planting on November 16.

The club members are keeping careful records on their trees for five years and will report the results of their work to the extension service for credit on their club projects.

NEW HOPE

A map of the Cemetery of the New Hope Christian church is being drawn, in order that we may put some mark of identification on each grave. There are numbers and city numbers, of graves unmarked. Chris-

tians. Let's put forth every effort in helping mark them.

If you have relatives buried at New Hope with no mark of identification please meet with the following committee at New Hope church the fourth Saturday in November, at 1:00 o'clock p. m. MRS. J. W. DENTON, MRS. W. L. MEDLIN, MR. W. A. WHEELS.

FAYETTEVILLE CONSIDERING MUNICIPAL PHONE SYSTEM

Fayetteville, Nov. 14.—What is believed to be the first movement in North Carolina to establish a municipal telephone system is under way in this city. Sponsored by Alderman Marshall Atkinson, the proposition has been turned over to the city's public works commission, which is now studying the question. The telephone service here is now furnished by the Carolina Telephone and Telegraph company. This company's franchise will expire next July and has not yet been renewed, though a new franchise is now under consideration.

This might be a good move if the city would give the benefits to the subscribers.
