

# BAYER ASPIRIN

is always **SAFE**

beware of imitations

Unless you see the name Bayer and the word genuine on the package as pictured above you can never be sure that you are taking the genuine Bayer Aspirin that thousands of physicians prescribe in their daily practice.

The name Bayer means genuine Aspirin. It is your guarantee of purity—your protection against the

imitations. Millions of users have proved that it is safe.

Genuine Bayer Aspirin promptly relieves:

- Headaches
- Colds
- Sore Throat
- Rheumatism
- Nervitis
- Neuralgia
- Lumbago
- Toothache

No harmful after-effects follow its use. It does not depress the heart.

**Chapel Program**

Through the mists of years gone by, Abraham Lincoln, "The Emancipator," speaks to us and we harken unto his voice. The years of his life were spent in the turmoil of conflict between the pro-slavery and the anti-slavery factions in our country, a conflict which brought deep lines of sadness into the face of our beloved Lincoln and eventually resulted in his tragic death.

On the morning of February the twelfth, Miss Lillie Mae Johnson, third grade teacher, and a group of her students had charge of the chapel program. An interesting program on Lincoln was rendered:

Song, by the school—"My Old Kentucky Home".

Lincoln and a prayer—Nathaniel Pendleton.

Song—"Little Feet be Careful"—some girls.

"A Boy who Studied by the fire-light"—Alavia Strickland.

A February Birthday—Nellie T. Beddingfield.

Lincoln Dramatization—Characters were: Abraham Lincoln, Earl Carter; Mr. Crawford, Tom Batton; Mrs. Crawford, Dorothy Land; also, Peyton Harris, Josephus Perry, Billy White, Carl Mullen, Durman Wright, and Maynard Strickland.

Many visitors were present, and we welcome them any time they see fit to visit our school.

Miss Byron and some seniors gave an interesting program on February the eighth:

Devotional—Proctor Alford.

Introduction—Juanita Perry.

Washington at Mount Vernon—Maggie Edwards.

Washington the Soldier—Margaret Mullen.

Washington's Farewell Address—Roslyn Hollingsworth.

+++

**Basket Ball**

It seemed at first as if the Bunn boys team was going to be defeated by the Youngsville team Feb. 12, at Franklinton, but escaped with a score of 18 to 19 in Bunn's favor.

The two teams were very well matched, and the game seemed to be the best and hardest fought of the season. In the game when our best playing was needed it seemed that the Bunn team played worse than ever, or probably it was just hard luck.

**"A Builder"**

We are now celebrating George Washington's two-hundredth anniversary. Born on February the twenty-second, 1732, he was a practical, energetic, natural Virginian boy—destined to become the most outstanding and most loved of all Americans. The father of his country.

Many programs commemorating his upright life in all forms of service have been rendered during the past two weeks. The seniors under the supervision of Mr. Bowen have been studying articles on his life.

The following is taken from a biography of Washington, by a foremost American biographer—Garnett Bradford.

"Washington was essentially a builder, a constructor, a creator, and such as he will be enduringly remembered. The destroyer is often a brilliant figure in the world, often also a useful one, but the builders are the real benefactors of mankind, and assuredly George Washington was a builder, if ever anyone was. The qualities of the builder are magnificent, valuable qualities, qualities to be imitated. He must have superb, indomitable patience and persistence, as Washington had it. You could not make him give up; you could not beat him. A builder always has before him a large, constant purpose, a purpose which is often moulded and modified and developed by shifting circumstance, but still a purpose toward which he always works. No man in the world was ever more completely a builder of this type than Washington."

+++

**Essay Contest**

A nation wide annual Gorgas Memorial Essay Contest is being sponsored to inspire Americans to adopt methods of better personal health by destroying our old enemy—the mosquito. You know of the Gorgas Memorial, which honors Major General William Crawford Gorgas, sanitarian and soldier, and of its program of Better Personal Health.

The contest opens February 8, 1932 and closes March 15, 1932. The subject is: "Mosquitoes; Their Danger as a Menace to Health, and the Importance of their Control." Only Juniors and Seniors are eligible. The essay must not exceed 1,500 words, and must be written on one side of paper only or typewritten. The best paper from each school will be selected and sent to Washington, D. C., along with a picture of the author. The author of the essay must sign a pledge: "I hereby pledge my word of honor that I have written this essay myself."

The topics suggested for study are: What is the relation of mosquitoes to disease? What is meant by mosquito control? Where and why did Gorgas apply mosquito control methods? In what localities have mosquito control methods been applied with success?

Mr. Henry L. Doherty, of New York City has long been interested in this health program, is generously contributing the prizes as follows:

High School prize—Gorgas Medalion.

State prize—\$10 in cash.

National prizes—First prize, \$500 in cash, and a \$200 travel allowance to Washington, D. C., to receive award; second prize, \$150 in cash,

**Get Up Nights?**

Make This 25c Test

Use this easy bladder physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively as castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.

Locally at F. R. Pleasants, Druggist

and third prize, \$50 in cash. Fourth and fifth selections, Honorable mention.

Such rewards for labor and such an interesting subject should appeal to any Junior or Senior. We must have at least five participants, and we do want Bunn—our school—to be represented. Let's get to work and knock those mosquitoes off their feet before March the fifteenth.

+++

**Library Work**

A few weeks ago, a library instructor came to Bunn School and gave a demonstration on the rebinding of old books. Miss Cline who is the chief librarian, ordered materials, and recently, with the aid of students and of librarians, has been working on old books, putting in new fly-leaves, mending torn pages, and rebinding the backs—making the books look like new ones. This is an economic plan, for money that would otherwise be used in replacing old books may be used in buying new ones. "Books, we know, are a substantial world, both pure and good."

**What Gov. Alfred E. Smith Says About Schools**

Governor Smith says its a "Mistake to Economize on Schools." "Whatever may be the exigencies, one thing must not happen. There must be no curtailment of educational facilities. The school systems for the education of our children in every state must be kept up to 100 per cent efficiency. A state can afford to lose time on the construction of a road, a bridge, or a building, and by speeding up construction at a later time possibly catch up, but education must be continuous. Time lost in preparing children to take their places in the world cannot be made up. There are certain years in which the great majority of them can attend school, and during that period it is the solemn duty of every state to provide full and complete education. At no time in our history was there greater need for the influence of education upon our future citizens. It goes without saying that at this critical period it would be a great mistake to weaken the services of any of our educational institutions. They should be strengthened no matter what the drain may be. Wilson County farmers are seeding about the same number of square yards of tobacco seed beds this season as they did last year.

**CABBAGE PLANTS**  
15c Hundred

**PLANT BED MUSLIN**

**Making Your Money More Elastic**

You will never realize how much "stretch" there is in a dollar bill until you spend it here. We have specialized in the business of making money elastic by giving big values in all kinds of merchandise. If you will investigate our prices and the high standard of quality that is to be found in the goods we sell, you will understand the basis for our claims that we can make your money go farther.

STORE-WIDE APPLICATION

This policy applies throughout the store. We offer no "specials" to induce people to trade here, but depend on our general low prices to convince them that they can do better by supplying all their needs here.

**How One Woman Lost 10 Lbs in a Week**

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any druggist in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.
