VOTE FOR COMMISSIONERS

Mistaken Impression Over County-Vote For One From Each District The Same As Before The 1930 Primary.

For some reason there seems to be mistaken understanding of the ethod of nominating the members of the Board of County Commission

Reports reaching Louisburg indi-cate the impression is general over the County that candidates can be voted for only in the district from which he is running. On the contrary every voter in the County, regardless of where he lives can vote for one andidate for Commissioner from each district. This feature of the law is exactly like it was for several years before the 1930

campaign. The only change in the law from what it was back of 1930 is that the Commissioners nominated from Dis-tricts Nos. 1, 2 and 3 will be elected for two years and those nominated from Districts Nos. 4 and 5 will be For the ceremony, the chancel of the church was decorated with Boston fern, ivy and madenna lillies with four years, alternating between the tall white cathedral candles casting two groups of districts each two a soft glow over the scene.
