VERY LATEST by Mary Marshall

It's really amazing what you can do to an old felt hat to make it look up to date and interesting. Once you have taken off the old trimming from the old felt hat and have brushed it thoroughly or had it cleaned if need be you may often give it just the change it needs by simply bending up the brim at a different angle. More often it needs to be cut to give it the new line. And then by way of giving the brim an entirely new look just make use of the little idea shown in this week's sketch. It's a trick sent by a milliner in Paris, but it calls for no special millinery skill. First mark the hat with a chalk along

the line where you want the band of trimming to appear, drawing parallel lines with the chalk about an inch or an inch and a half apart. Then mark them at intervals between one-eighth and one-quarter inch apart to give the right position for the cross lines. The felt should be carefully cut along these cross lines, either with a very sharp pen knife or a sharp safety razor blade. Then, beginning at one end of the ladder, attach a coarse cord or silk thread to match the felt and run it in and out between the strips of felt

A SHOE PARTY
 On Friday evening, June 24, the Epworth League of Plank Chapel gave a most delightful party at the home of Ruth Gill.
 Everybody registered his name and size of shoe as they entered the hall. They then dropped two pennies for each no. of their shoe in a shoe. They were then ushered into the dining room where they were served pink lemonade and shoe cookies. After this everybody's foot was measured and the boy having the smallest foot and the girl with the largest were presented with appropriate socks.
 Next, everybody tried his luck at pinning the heel on the slipper, Miss Grace Edwards won the prize for this. Relay races were played and ring games all voted a most pleasant evening and the League realized a nice little sum to send delegates to the Assembly at Louisburg next week.
 Seventy-five registered during the evening.

There's many a slip between the cup and the lip. And in the case of the cup that cheers, the more silps, the more lives saved.

EHRINGHAUS FOR GOVERNOR

This man has preached the doctrine of the Democratic party in North Carolina since 1904 when he graduated in law from the University of North Carolina. I have known him but a short time but have known of him for many years. My own father happened to be in the legislature with him in 1907 and I recall that at that time he said this man would no doubt be heard from in the affairs of our state. It is very evident that this prediction has come true.
 He stands upon the record of the party and always if and when he feels a mistake has been made his criticism is followed by constructive suggestions rather than bitter condemnation.
 Among the things he has in mind for the good of our people we find a balanced budget; no increase in the state's debt; revenue from proper sources, working a hardship on no concern or individual; strict and sane economy without loss of efficiency; reduced burden on the taxpayer and a square deal for every citizen, from the man in easy circumstances to the most humble man or woman less fortunate; ever having in mind the fact that ours is the party of the people, by the people and for the people. He is for no new departments; but rather reduction and consolidation of those already existent; conservation of the state's credit; immediate revaluation of property, especially that which is producing but little if any income; a tax policy of equity rather than exemption; against the so-called sales tax just as was and has been the principle of the party from Jefferson to Woodrow Wilson. A fair chance for every boy and girl in the state and heartily in favor of our present school system. Safe and sane methods for relief of real estate, especially the small home and land owner.
 I do not wish any voter to violate his honest opinion as to the better man, but to those of my friends in Franklin who are open to conviction I am saying that Mr. Ehringhaus, because of the above brief outline of some of his policies, and the further fact that he is well qualified by heredity, birth, environment, education and religious affiliations, to fill the biggest state job within the gift of our people, I ask you to go to the polls and work and vote for him for Governor on next Saturday, July second.
 L. L. JOYNER.

RESOLUTIONS OF RESPECT

Whereas, The Great Creator in his infinite wisdom has seen fit to take from our midst Bro. Thomas F. Murphy, who was a member of Sandy Creek Lodge No. 185 A. F. & A. M.
 And whereas we deeply feel the loss of such a loyal member, one who always met us with a smile and a word of encouragement, one who always raised his voice in defense of what he thought was right, and ever, stood firmly against that which was wrong.
 Be it resolved, that we extend to the bereaved wife and children and to all his relatives our heart felt sympathy, and commend to them one who doeth all things well.
 Be it further resolved that copies of these resolutions be sent to the family and to the FRANKLIN TIMES for publication and also a copy be spread upon the minutes of Sandy Creek Lodge.
