University Asks For Less

Chapel Hill, Dec. 15.—The present budget request for the University of North Carolina for an appropriation of \$691,924 for maintenance is \$771,143 less than the appropriation of \$1,463,067 for maintenance asked for in 1929. President Frank P. Graham of the University of North Carolina told alumni assembled here from all sections of the State for their annual General Assembly.

Dr. Graham said that "in 1929 the University asked for maintenance an amount which was almost a hundred thousand dollars more than double the request now made. The present request is \$202,505 less than the \$894,429 actually received from the State in 1928-1929."

"The appropriation of \$721,000 made by the Legislature for this year, which was about a 20 per cent cut of the previous appropriation, suffered a further cut of 30 per cent in the allotments of the State Budget Bureau which carried the University this year to the destructive level of \$504,700. The \$691,924 asked for the coming year is thus almost \$30,000 under the legislative appropriation for this year," he said.

President Graham, who was the principal speaker, outlined the University's budget request for the next biennium. One hundred and fifty representatives of more than 60 local alumni associations and 50 class organizations attended.

The alumni vigorously applauded the address and on motion of Agnew Bahnon, of Winston Salem, by a rising vote unanimously adopted a resolution expressing to President Graham "appreciation for the invaluable service he has rendered and the courage he has displayed in these trying times" and pledging to him their "whole-hearted loyalty and confidence in his program for the future."

Round Up Seal-Sale

Every week since November the 25th, The Franklin Times has carried one or more articles on the Tuberculosis Seal Sale. The Editor of the Times is glad to promulgate whatever philanthropic or progressive movement is sponsored by the County. He has aided in the progress of the Seal Drive in the Publicity given it through his paper.

The schools of the County have made persistent endeavor in the sale of the seals. The children have worked enthusiastically with no anticipation of individual reward.

The "Round-Up" week of the Campaign next week will surely show excellent results.

Scoggin's Boddie's, Beasley's and Pleasant's Drug Stores have cooperated with the Seal Committee and will gladly serve the public until the 25th in the sale of seals.

The purchase of Christmas Seals is no extravagance. It is a benevolent act.

No explanation is necessary to tell the far reaching benefit of the Tubercular fund.

Through the Radio, papers, and magazines, information is widespread.

May the County join hands to make this Round-Up-Week (from Dec. 19th, to the 25th.) the most telling one in the Campaign.

MRS. E. F. YARBROUGH, Chairman.
