

SHIFTS RISK FROM TOBACCO GROWERS

Smith-Douglass Head Explains New Policy Of Fertilizer Guarantee To Aid Farmers

Norfolk, Va., February 1. Announcement was made today by Oscar F. Smith, president of the Smith-Douglass Company, Norfolk, Va., that henceforth his company will guarantee their brand of Orange tobacco fertilizer to tobacco growers, causing a sensation in local tobacco raising and fertilizer circles.

The guarantee which was announced reads: "If, after using Orange tobacco fertilizer and marketing your crop, you are satisfied that Orange is not worth the premiums we charged you for it above the cost of other fertilizers, we will cheerfully refund that premium to you in cash."

The sensation is caused by the fact that a guarantee of any kind of results with fertilizer has been carefully avoided by fertilizer mixers. Guarantees have been limited to chemical analysis, and a guarantee of results was heretofore unheard of in the history of the fertilizer business. When

OSCAR F. SMITH
President, Smith-Douglass Co.

interviewed as to the reason behind this unprecedented move, Mr. Smith said:

"There has been lots of talk about helping the farmer, but not enough action. We want to help the farmers and we want the farmers helped, and we have found that one way we can be of real help to them is by making this guarantee."

"The reason for this is, that the tobacco grower will prosper only with high yield and high quality leaf. There is no doubt that the need for economy has influenced many growers to economize on fertilizer, without proper consideration of results to be obtained, resulting in low yields, poor quality and lack of profit, when they otherwise might have obtained a fair return for their labors."

"For a long time all the gamble in growing tobacco has been on the farmer's side. Now we are going to take some of the gamble off his shoulders, by enabling him to use a better fertilizer without any extra risk to himself."

"We have sufficient confidence in our Orange fertilizer to do this, and it means that the grower can buy it, use it, harvest and sell his crop, and if he feels it is not worth the difference in price, we will cheerfully refund to him the premium he paid for it over and above the cost of other fertilizers."

"We are especially proud of being able to do this, because we know we are making history in this further step in our policy of working more closely with the farmer. We were the first to sell direct to the farmer, we were the first to guarantee him against price decline, and now we are the first to make it possible for him to use a premium fertilizer without risking any extra cost or expense to himself."

TIMELY FARM QUESTIONS ANSWERED AT STATE COLLEGE

Question: Do you have any printed information about how to spray fruit trees?

Answer: Yes. The Agricultural Extension Service has a spray calendar for apples and a spray calendar for peaches, telling exactly the sprays needed through the year, and how they are prepared. A card to the agricultural editor at State College will bring each or both of the calendars free of charge.

Question: How many eggs should I set to be sure I have 100 new pullets in my flock after culling is done?

Answer: Generally, you may expect 60 per cent of all eggs to hatch and, unless you have some serious disease outbreak you will raise 80 percent of the chicks hatched. Therefore, out of every 100 eggs set, you should get 50 chickens of which about one-half will be cockerels. The final flock, of course, will depend on the severity of culling, but one should get at least 25 good pullets from every 120 to 130 eggs set.

Over 500 Johnston County farmers have had tobacco seed re-cleaned by the county farm agent so far this winter. More attention to the preparation of seed beds is being given.

Ed-in-chief—Bessie Nathan.
Associate Editors—Helen Roberts, Clara Holden, Helen Hill, Jennie Pearl Keith, Edna Young Turner Whiston, Ruth Roberts.

The Scholarship Society met January 27, 1933 in the Library. The Club through a most interesting program, took a trip around the world visiting the most interesting places in it. We went to Chicago to see the stockyards, to Pittsburgh to see the iron industry, and also to High Point to the manufacturing industry of furniture. We went to South America to the Amazon River, to Africa to see the jungles and to the Nile River. Then we went to France to see Paris, to China to see the old Chinese wall, and to Kentucky to see the Mammoth Cave. The trip was very interesting and the club enjoyed it very much.
Ruth Bridges, Reporter.

Glee Club

The Glee Club of Youngville High School held its regular meeting, Friday, January 27. The following program was given:

Song—by Club.
Wild Irish Rose—Edna Young, Elvora Pearce, Josephine Holden, Miriam Mitchell, and Elsie Wiggins.
Life of Foster—Clara Holden.
Dreaming of My Old Home Sweet Home—Club.
"Smiling Through", and "I'll Always Be in Love With You"—Miss Whitfield.
Elsie Wiggins, Reporter.

Science Club Report

The Science Club of Youngville High School held its regular meeting on January 27, 1933. The program was as follows:

Discuss the life Process of a frog by Alex Bailey.
Name and give the functions of the major parts of an Automobile, by Harold Murphy.
Discuss the structural change of the body due to the use of Alcohol, by Mr. Mitchell.
Discuss the solar system, by Johnnie Perry.

Jokes by William Henry Green.
The Club adjourned to meet again February 3rd, 1933.

Girls Basketball

Although we haven't been successful in winning all the games yet we're still in heart, and are willing to try again. We'll try to smile it off even if we do lose. So brace up team its not too late yet.

Franklinton defeated us Friday night, January 26th, 18-16, and again on Tuesday 24th; Wilton defeated us 22-13.

Basketball

The Youngville boys had a very hard fought game here on Friday night, Jan. 20, with Franklinton. The final score was 12 and 16 in favor of Y. H. S.

Saturday night the Youngville team went to Epsom and had a nice game, the score was 24 and 8 in favor of Epsom.

The game players have not enjoyed this week of play, as we did last week, owing to some bad weather. The games that were enjoyed most of all are: Stealing Sticks, Stealing Partners, Breaking through the line, and Japanese Tag.

CHEAP RAILROAD AND PULLMAN FARE TO WASHINGTON ACCOUNT PRESIDENTIAL INAUGURATION

H. E. Pleasants, Division Passenger Agent of the Seaboard Air Line Railway, Raleigh, N. C., has announced the ridiculously cheap rates which the Seaboard is offering to those who wish to attend the inauguration in Washington, March 4. Special trains are to leave Charlotte between 7:00 p. m. and 7:30 p. m., Friday, March 3rd. These trains will handle sleeping cars from Rutherfordton, Forest City, Shelby, Lincolnton, Charlotte, Monroe, Wadesboro, Rockingham, Hamlet, Lumberton, Maxton, Laurinburg, and points north of Hamlet and same will arrive Washington about 6:00 a. m., Saturday, March 4th; returning, leave Washington the same night at midnight so the passengers can arrive home Sunday Morning.

If a group of 25 or more can be secured from any one station either by combining passengers from other adjacent points, the round trip fare will be approximately 1c per mile. As an illustration, the round trip fare from Hamlet will be \$7.45 and it seems that such a party could be easily secured and if any who read this are thinking of making the trip, it will be helpful toward getting up the desired 25 if you

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nameless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger.

Calotabs are sold in 10c and 25c packages at drug stores. (Adv.)

will phone your local Seaboard Agent in order that he may make the proper reservations.

In addition to the 1c per mile rate, round trip pullman fare has been authorized and a round trip lower berth from Hamlet will be \$5.62, upper \$4.50 and one or two passengers can occupy these berths together without any extra pullman charge.

Any of those traveling on this party rate who do not desire to return on the special train will be given privilege of having their tickets exchanged so they can return individually on any train up to and including March 10.

There will also be round trip individual fare at a slightly higher

rate and if anyone is interested, they can get in touch with any Seaboard Agent who will gladly furnish all details in connection with the trip.

What the church needs to attract more men is that some kind of initiatory work should be put on when a new member is added.

When a woman catches her husband in a lie she never forgets it, usually also, he doesn't forget it for a long time.

Never try to tell the other fellow how to run his business or he may suspect that you don't know how to run your own.

An optimist is a fellow in this day and age who hopes that if he gets hit by an auto, it will be driven by a doctor.

You can't teach an old dog new tricks unless you are smarter than the dog.

\$3,000 IN GOLD

Police in a Canadian city recently discovered \$3000 in United States gold coin lying under a bed in the home of a Chinese resident. Inquiry disclosed the fact that it had been there for eight years.

The interest lost by the owner totalled about \$800. Also, the money was constantly exposed to the dangers of fire and theft.

It pays to keep one's surplus at interest in the bank.

91% of All Human Ills Originate in Stomach

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently comes forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid saturation."

deficiencies of these vital elements—and at last their efforts have been rewarded.

AID TO NATURE

LEE'S MINERAL COMPOUND, a new and revolutionary formula, actually supplies the system with these vital elements so necessary to health and happiness. It contains the eleven essential Minerals in well balanced proportion, together with Vitamins, and is an invaluable aid to nature in the building of blood, bone, nerve and tissue.

TIMELY WARNING

An amazing statement indeed but a warning, that if heeded, should improve the health and well being, increase the joy of living, and prolong the lives of millions of men, women and children who might otherwise drag through a weary life to an untimely end.

ACIDITY KILLS MILLIONS

Health authorities now agree that 91% of all diseases originate in the stomach and are caused by poor cooking, improper diet, and the eating of highly refined foods. Your doctor knows that the 11 essential Minerals and all Vitamins are contained in foods in their natural state and could be live with you constantly, carefully select and prepare everything you eat, you would never need medicines of any kind. This being impossible, science has been searching for years, trying to compound a formula that would make up for the

ELIMINATES POISONS

It will rid your system of excess acid, sweep away the dangerous poisons, supply the body with the needed minerals, stimulate the organs of digestion and assimilation, build rich, red blood, clear the skin, give you a keen, hearty appetite, help you to get sound, refreshing sleep, restore health, strength and vitality and enable you to enjoy life to the fullest.

MAKE THIS 10 DAY TEST Convince Yourself!

Stop doing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Drug-gist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by SCOGGIN'S DRUG STORE, LOUISBURG, AND GOOD DEALERS EVERYWHERE, or send \$1.25 to Lee's Laboratories, 365 Peachtree Arcade Bldg., Atlanta, Ga., for large bottle, postage paid.

MR. PROSPECTIVE BUYER

In building your new home or remodeling your old home, you naturally demand an experienced, reliable service, such as we render. When you prepare to spend hundreds or even thousands of dollars, you build for permanence and you want to use the best material and workmanship. We do more than simply sell you lumber and other building supplies. We give you the advantage of our experience so that you may get quality and high values for your money and so that your efforts will bring satisfaction.
