Lesson for Oct. 22nd, Acts 13 and 14 Golden Text: Mark 16:15.

The lesson gives a full account of the first missionary journey of Paul Start-ing from Antioch in Syria, the birth-place of the Gentile Church, Paul

and his companions, Barnabas and John Mark, went to the island of Cyprus, where they met a sorcerer named Elymas who op-posed their mission and was therefore, at the command of Paul, stricken with Paul, stricken with blindless. Leaving Cyprus, they sailed to the southern coast of Asia Minor, pushing north a few miles to Perga, where John Mark, for reasons not given, left them.

Paul and Barnabas then continued northward to Antioch of Pisidia. Here in the synagogue, at the request of its officers, Paul preached a termon so effective that almost everyrequest of its officers, Faul preached a sermon so effective that almost everyone in the city gathered the following standay to hear this new gospel. But the Jews, envious at this success, stiered up sufficient persecution to force the withdrawal of the two doughty champions of the Cross, first to Iconium, and later to Lystra and Derbe. At Lystra Paul healed a cripple, an act of mercy that so astonished the people that they deified the apostles and tried to offer sacrifices to them. But this adulation, at the sinister suggestion of hostile Jews from Antioch and Iconium, soon turned to bitterness. For Paul was stoned, and dragged out of the city as one dead. Recovering, he went to Derbe, and then, with characteristic courage, returned to the very rommunities that had been so hostile. Reaching Antioch in Syria, their start-Reaching Antioch in Syria, their start-ing point, he and Barnabas reported to the church there, in detail, all that God had done for the Gentiles through them.

Here we have a vivid reminder of the need, perils and triumphs of the foreign missionary enterprises. At present the overseas work of the church is under fire. The brilliant report, "Re-Thinking Missions," raises searching questions that must be answered. We live in a day of vast upheaval, and it is inevitable that the missionary motive and method should demand reinterpretation. - PROGRAM -

# New Hat Vogue Had An Unus-

Milady's hats are usually designed by experts who know styles inside and out and who take pride the ability to forecast months in advance just which way Dame Fashion will jump. But every now and then the combination of an advertising artist and his creation serves to establish a new vogue

nd a new demand. This autumn a little felt hat, now popularly known as the "Racer." has swept the country. In such charming colors as Duncee Green, Mole, Taupe, Henna, Stone Beige and many other seas-onal shades, this latest creation had its genesis in the deft touches and the acute styles sense of an

advertising artist. Last spring K. E. Johnson was commissioned to paint a poster to advertise Essolene motor fuel for advertise Essolene motor fuel for the Standard Oil Company of New Jersey. By September was pre-sented a pretty young lady be-bind the wheel of a sports road-ster. Not offly did she help to make new friends for Essolene, her assigned task, but hardly had ber picture appeared than the Stindard Oil Company of New Jersey began to hear from the nation's women. They wanted to know where they could buy an Essolene hat. So great was the interest in this style that Knox is now featuring it as one popular fall numbers.

School Spirit we have the right school spirit? Wait and see. The games of the season have begun, and although we didn't win the first game we are not going to give up. Games played "fair and square" are what we want. Ra! Ra! Ra! Gold Sand!

1 1 1 Senior News The seniors of Gold Sand are doing good work this year in History, under our splendid History, under our splendid teacher, Mr. Jennings. We have been studying the Revolutionary War and the principles on which our country was founded. We feel that we can appreciate our fore-fathers' grandeur more, since ore-fathers' grandeur more, since we have studied the struggles of the war, in which our country was fighting for freedom. We are proud that our country and the find in which we live, is governed by the people.

The Seniors are also doing splendid work in Physics.

Our class had quite a bit of trouble in selecting the characters for our senior play, but after trying several we finally selected the cast of characters. The name of our play is, "A Noble Out-Cast. Ezra Denton.

Freshman Class of Gold Sand The eighth grade at Gold Sand has taken part in all the games of the school including baseball, basketball and tennis. Several of the girls were on the team which played against Youngsville Thursday, October 12. The boys went on a trip to the State Fair Friday, October 13 and had a very good time. Nearly all the boys went and we think that this trip will help us in our school work. Our Agriculture teacher gave us some questions to answer while at the fair. We stayed until the fireworks were over and we all were tired and ready

The entire grade has made good grades and we want to make our second month of school better ual Origin than the first. We have a new gymnasium this year and it is possible for us to have long activities period even on raily days. Randelph Denton, editor.

# FRANKLIN COUNTY RECOVERY ACTIVITIES

# WHAT MAKES TIGHT TIMES IN FRANKLIN?

TWO MILLION DOLLARS and more is spent each year by the citizens of Franklin County outside of our county for purchases of goods which could have been bought right here at home, for less money. When YOUR money goes out to the great mail order houses and other trade centers, it goes never to return. YOUR MONEY ENRICHES THESE CENTERS AND BRINGS PROSPERITY THERE.

STOP AND THINK, spend that money here at home, increase your merchants ability to carry a larger stock for you to choose from, increase his ability to pay more taxes, do more to build up our county, YOUR BUR-DENS are compelled to be lessened, and the buye,rs of your products are given a greater purchasing power.

SELL YOUR COTTON AND TOBACCO on your home county markets. Did you know, that if the tobacco and cotton raised in Franklin County, for two years, was sold on our local markets and the money all spent here in our county, the prosperity of our county would resemble those good days of 1919; your tax rate would be reduced in great proportions and our home banks would be literally bulging with money.

BANK WITH FRANKLIN COUNTY BANKS, when you do this, the local bank will be able to make you that loan next summer, when you really need it. A friend will help a friend.

# BEAR THIS IN MIND

YOU CANNOT get a few articles, that you are in dire need of, next summer, on a credit, from the mail order house or the foreign merchant. THEY KNOW YOU ONLY WHEN YOU HAVE THE CASH.

YOU CANNOT expect the warehouseman or cotton buyer, that you have known only a short time to show the interest in the sale of your products, that your home county warehouseman and cotton buyer will show you, for your home county warehouseman and cotton buyer knows what a struggle you had to make this crop and they will surely make it bring the top dollar.

YOU CANNOT go to the banker in some distant town and borrow money, so why not deposit it in your local banks and let it work for the upbuilding of your county and community.
