Soy Beans Defy Drought

DES MOINES, La. — The "hard times" crop for the drought-stricken middle-west has been found. It is soy beans, according to Federal and state agricultural authorities. Soy bean crops are now looked to by farmers to help keep the season from being a total loss. The soy bean's long roots reach deep into subsoil for moisture.

World Car Production

World production of Chevrolet cars during the month of June totaled 98,147 units, making the company's production for the first six months of this year 525,092 units or nearly 50 per cent greater than the first half of 1933, according to an announcement made by the officials of the Chevrolet Motor Company. Despite this obviously high production for the first half of 1934, there is still a shortage of Chevrolet cars in the field, officials stated. During the month of June more than a dozen solid trainload shipments were moved into as many key cities in various parts of the country in an effort to catch up on unfilled orders. Plans call for duplicating these shipments in additional cities during July. Chevrolet's production maintained a steady pace during the early part of July. Figures released by company officials today showed that domestic and export production for the week ending July 11 totaled 23,089 units, a better daily average than was achieved in June. Chevrolet's record-breaking sales continued their advance in June, shattering all monthly records since May 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Company announced. Retail sales for the month, as compiled from dealers' reports, were the basis of the announcement.

WOMAN'S CLUB MEETS

The Woman's Club of the Bunn community held its July meeting at the home of Mrs. W. A. Mullen. Joint hostesses with Mrs. Mullen were Mesdames J. R. White and Edmund Mullen. The general topic for discussion was Summer Recreation. Miss Priest, Home Demonstration Agent, encouraged all club members to attend the Short Course at State College, both for educational and recreational benefits. Plans were made for those who could attend for only one day, and for those who hoped to enjoy the entire course. The Club decided to have its annual picnic July 26th, on the school grounds. The entertainment for the afternoon was a style show featuring "The Styles of Yesterday and Today". Father Time seemed to roll back the years swiftly as models displayed the characteristic styles of the past thirty years. The influence of the "gay nineties" was seen in the models of both the very early 20th Century and of the present day. The element of comedy held high carnival while the knee-length sport and church dresses were modeled. The contrast between the evening dresses of ten years ago and those of today was very pronounced. One feature of the show which interested all was the attractive lingerie which was a part of Mrs. R. N. Shearson's trousseau of nineteen years ago. The beauty of workmanship, and the vast quantity of materials used in each suit placed with each other for first place in interest. A suit of the type acceptable to the young modern was displayed. This to the most generous could appear to be nothing more than a fleeting memorial to the so-recent past. The club is indebted to Mesdames B. C. Johnson and K. B. White for planning such a treat for all of us, and to the girls who modeled. The fashion show was concluded with a friendly contest of club women modeling the new wash dresses which they wore to the meeting. The judges placed the winners in the following order: Mrs. B. C. Johnson, Mrs. Nollia Sykes, Mrs. Arthur Wiggs. Miss Priest awarded the prizes to the winners. The hostesses served delicious home-made ice cream and cake.

STRIKE SITUATION EASIER

(Continued from page one) munitic activities bobbed up, following similar action here. In the Washington city, 1,200 strikers and sympathizers charged twice at piers where 450 non-union men were working cargoes but were repulsed by guards and police hurling tear gas and nauseating fumes. One man was hurt when he picked up a gas bomb that burst before he could hurl it back toward police lines. "Sell-Out" Is Charged Seattle demonstrators said they were angered by "the sell-out in San Francisco" (presumably meaning last night's general strike committee resolution calling for settlement by arbitration) and by the employment of non-union men on the piers of the northern city. The Spokane-Central Labor council announced a boycott on California business until troops are removed from the San Francisco area. Plans for a general strike were withheld in Portland while labor leaders discussed the situation with Senator Robert F. Wagner, of New York, who flew there in a move to avert further spread of the coast labor trouble. Police there raided a reputed communist center, confiscated a pile of printed matter, arrested three men and questioned about 50 others. Dirk De Jong, one-time communist candidate for mayor of Portland, was held. He shouted that General Johnson and Senator Wagner were "responsible for this." President Roosevelt, Honolulu-bound on vacation, expressed "confidence that common sense and good order will prevail."

Arbitration Is Sought

The longshoremen's strike board called for an immediate end to all strikes; for the ship owners to submit the various issues to either collective bargaining or arbitration, and for the longshoremen and marine unions to do likewise. A "vigilante" uprising against communists in San Francisco yesterday had a sequel in Washington. Attorney General Hugh S. Cummings announced receipt of a request from acting Gov. Frank
