

Faster Schedules

Mr. H. E. Pleasants, Seaboard Air Line Railway's representative in Raleigh, yesterday stated that due to the exceptionally heavy exodus of Northerners to Florida this season, the completely air-conditioned Orange Blossom Special, leader of Seaboard's famous fleet of air-conditioned trains, makes its first trip from New York and the East on December 15th on the fastest schedule on which it was ever operated. The first trip southbound last season was on January 2nd.

The "Blossom" leaves Eastern cities in the afternoon and early evening and arrives at South Florida resorts the following afternoon. Enroute from New York, it passes through historic Philadelphia, Washington and Richmond, the beautiful Carolinas and Georgia, thence to Wildwood, Florida, where it divides into two sections—one proceeding through the scenic highland lake region, Winter Haven, West Lake Wales, Mountain Lake, close to the Bok Singing Tower, Avon Park, and Sebring to the sunny playgrounds of East Florida—West Palm Beach, Fort Lauderdale, Hollywood, and Miami. The other section follows the sun and warmth to the West Florida resorts, Tampa, Clearwater, Belleair, Sarasota, Venice, St. Petersburg.

All Pullman De Luxe—No Extra Fare

The Blossom sets the highest standards for equipment and excellence of service. Although all special services are available there is no "special service charge."

Only the most modern Pullman equipment is in its complement. It will carry a club car with buffet and valet service, and a lounge-library car.

Air-Conditioned

Last season the "Blossom" was the only air-conditioned train operating between New York and Florida. Its success was so phenomenal that, now three all-year Seaboard trains are equipped with the Pullman Company's latest air-conditioning mechanism—the South States Special, the New York-Florida Limited, both serving the North, mid-South, and Southern resorts, and the Cotton States Special, between New York, Washington and Atlanta, Birmingham.

Nationally Famous

The Orange Blossom Special is nationally known as Florida's distinguished winter train. It has been patronized by some of the most important people in the business, financial and social world. Since its inception the "Blossom" has had this distinctive type of patronage that demands the highest class of service—service which is always found on Seaboard's trains.

CONTROL MICE DAMAGE WITH POISONED BAIT

Field mice are an orchard pest that most fruit growers are unaware of until its too late to save their trees, says H. R. Niswonger, extension horticulturist at State College.

Most of the mouse damage, he says, occurs during the winter months in orchards where a heavy sod covers the ground.

The mice work just beneath the surface and are not noticed until the trees begin to die or fall to bud in the spring. At first the damage may be slight, but eventually the mice eat away the bark from the trunk a few inches below the soil so as to completely girdle the tree.

The common meadow mouse migrates to the orchards when their food supply in the open fields becomes scarce. The short-tailed pine mouse is most destructive, doing worst damage to orchards growing near timbered areas.

Niswonger urges orchardists to examine the areas around their trees, looking for mice runways and injuries to the trees. If evidence of mice is found, they can be destroyed by putting out wheat bait which has been poisoned with strychnine. Detailed information how to mix the bait and place it around the trees may be obtained free from the horticultural department of State College in Raleigh.

As a supplementary control measure, Niswonger suggests the digging up of grass and weeds under the trees. This breaks up the tunnels and runways and causes the mice to seek their food in areas farther from the trees.

A wild-looking man rushed into the dentist's office, plunked himself into a chair, and cried out, "Do you give people gas here?" The dentist replied that he did. "Can a fellow feel anything at all when he takes it?" asked the sufferer.

"No," answered the tooth artist. "Which tooth is it?" "It isn't a tooth," cried the man, "I want you to pull a porous plaster off my chest."—Humorist.

European nations call us imperialistic because they know exactly what they would do if they were in our place.

SUNDAY SCHOOL LESSON

By Rev. Charles E. Dunn

The Christian Steward Lesson for November 25th. Matt. 25:14-30.

Golden Text: Matt. 25:21.

It is a significant fact that most people do not know how to distribute their income. They have no budget system, and no philosophy of stewardship. An expert on income management once gave me interesting glimpses of the manner in which people give to the church. She told me of a young man with an annual income of \$2800 who spent \$208 a year on recreation, and gave only \$12 to the church, less than one-half of 1% of his means. Another man she interviewed was paid a salary of \$10,000 a year, and gave only \$100, or 1% to the church, while he spent \$500 for a saddle horse.

Rev. Chas. E. Dunn

If folk would take membership in the Christian church as seriously as their daily work and recreation the churches would not have to beg for financial support. An abundance of funds would be available. For instead of presenting to God a mere pittance, everyone would feel ashamed not to give a decent part of his income on a regular basis.

St. Paul well stated the rule of Christian giving when he said, "Upon the first day of the week let everyone of you lay by him in store, as God hath prospered him."

Someone has written: "I am a nickel. I am not on speaking terms with the motorman, I am too small to sit in the movies, I am not large enough to buy a necktie, I am a small consideration in the purchase of gasoline, I am not it to be a tip. But, believe me, when I get into church or the missionary society, I am some money."

It is plain that the rank and file are not conscientious in their giving for they fail to take to heart the Christian principle that we are trustees, for the time being, of God's wealth, and must devote it to the highest uses. Thus few deserve the cordial "Well done" of our Golden Text.

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right dose of a liquid laxative brings a more natural movement, and there is no discomfort at the time, or after.

The wrong cathartic may often do more harm than good.

A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels until nature restores them to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child.

MRS. EVA S. HARRISON

Funeral services were conducted Sunday afternoon for Mrs. Eva S. Harrison who died here Saturday at the home of her son, H. G. Harrison, following a lingering illness.

Rev. D. P. Harris, pastor of the Baptist Church, and Rev. Dr. O. P. Fitzgerald, pastor of the Methodist Church, officiated at the services which were held at the home of H. G. Harrison. Interment was at Oaklawn cemetery.

Palbearers were: Active, F. M. Fuller, Julius P. Timberlake, Jr., Maurice C. Murphy, Otis A. Chesnut, of Plymouth, P. A. Reavin, Jr., of Raleigh, and S. Cleveland Foster, honorary, Dr. S. P. Kurt, Major S. P. Boddie, John King, A. L. Hicks, Edward Crudup Perry, Jr., James B. King, A. B. Perry, L. J. Parnell, D. F. McKinnie, and C. G. Cash.

Mrs. Harrison was formerly Eva Sprull, of Washington county. She was the widow of William Harrison. She is survived by the following sons: Clarence W. Harrison, of Atlanta, Georgia; H. G. Harrison, of Louisville; brothers, Julian Sprull, of Blackstone, Virginia, and T. W. Sprull, of Pine-town, N. C.; sisters, Mrs. J. E. Gurganus and Mrs. Willie Ollen, of Plymouth; and Mrs. J. E. Whitehurst, of Four Oaks, N. C.

Martin county farmers have placed about 75,000 bushels of sweet potatoes in storage houses.

FEEL TIRED, ACHY-- "ALL WORN OUT?"

Get Rid of Poisons That Make You Ill

IS a constant backache keeping you miserable? Do you suffer burning, scanty or too frequent urination; attacks of dizziness, rheumatic pains, swollen feet and ankles? Do you feel tired, nervous—all unstrung?

Then give some thought to your kidneys. Be sure they function properly, for functional kidney disorder permits poisons to stay in the blood and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They help the kidneys cleanse the blood of health-destroying poisonous waste. Doan's Pills are used and recommended the world over. Get them from any druggist.
