HONOR ROLLS

In the past the TIMES has been forced to refrain from publishing the Honor Rolls from the several schools, because of the requirements being so low that it was almost equivalent to publishing a complete attendance roll. The TIMES will have no objection of publishing these honor rolls provided the requirements are sufficiently high and rigid that it will require real work and ability to secure the distinction. We haven't the space to give to attendance records, or anything approximating that.—Editor.

they are expecting to accomplish great things. Louise Sykes.
