

KERR DISCUSSES TOBACCO AND COTTON CONTROL ACTS

The Farmer and Business Men's Club of Franklinton met in its regular monthly session Thursday, December 13, at 7 o'clock. Sixty-five tickets were sold by the Parent-Teacher Association, who served a most bountiful turkey dinner.

Congressman John H. Kerr gave a most interesting discussion of current legislation recently enacted by Congress, which has been of chief value in promoting improved conditions in the United States under the present administration. After briefly reviewing the chief legislation of the New Deal Congress, Congressman Kerr gave a detailed discussion of the tobacco bill which bears his name. He also discussed the Bankhead Cotton Bill and made certain recommendations which he believed would make this act more beneficial in its operation. Congressman Kerr's address made a most profound impression on his audience. He left his hearers with a stronger desire to cooperate with the government in its great undertaking of leading the nation back to normal conditions.

The following resolutions were unanimously adopted before the adjournment of the meeting:

Whereas, the Farmer and Business Men's Club is primarily concerned in the general welfare of this community and county.

And, whereas, the general welfare has been greatly benefitted by the increased prices of tobacco, due to the wise provisions of the Kerr-Tobacco Bill enacted by the past session of Congress,

Therefore, be it resolved, that the Farmer and Business Men's Club go on record as heartily endorsing the Tobacco Control Act and to express the sincere appreciation of this organization to Congressman John H. Kerr for his untiring and patriotic services in bringing this bill to a successful conclusion.

Be it further resolved, that a copy of these resolutions be made a part of the permanent record of this organization and that a copy be sent to the News-Observer, the Raleigh Times and the Franklin Times for publication.

RESOLUTIONS

In the sudden and tragic death of Joseph C. Strother on Nov. 25, the Junior Order United American Mechanics lost a faithful member. A member who for the most part was regular in attendance upon its meetings and constant in his support of the objects of that elevating and influential fraternity.

Death in any form is awe-inspiring and solemn it is relation to the human family in whatever manner it comes. In the case of our friend and brother it was tragic in its suddenness. Stricken down in the prime of life with many happy years in prospect, one wonders at the mystery of it all. Only Divine Providence can cast a soothing light upon it.

Joe Strother was a friend of all. Enmity and hate ranked not in his heart. Kindness and neighborliness governed his heart actions in all his dealings with his fellow man. A joyous disposition made bright his pathway as he came and went no matter how troublesome the times.

The Junior Order, Franklinton Council No. 120, wishes to pay these words of esteem and respect to the memory of this, our departed brother and to commiserate his family on their misfortune.

NEW EQUIPMENT

The old year must go, also the present equipment of the Louisburg Dry Cleaners. I am happy to announce, to the people of Louisburg and Franklin County, that the New Year will bring to us an entirely new modern up-to-date plant. Progress must be made and during the past year one of our home town boys, seeing the need of a modern cleaning plant in Louisburg, enrolled as a student in the National School of Dry Cleaning at Silver Springs, Md. and graduated there with honors. He mastered the art of dry cleaning and returned to give his valued assistance to Louisburg Dry Cleaners. The young man of whom I am speaking is Ed Stovall. I take great pleasure in announcing him an equal partner. With our new equipment, that will be installed by Jan. 15, 1935, we feel sure that the dry cleaning needs of Louisburg and Franklin County will be taken care of in a manner satisfactory to the most fastidious.

I wish to thank each and every person that has helped to make this progress possible and trust our business relations in the future will be as pleasant as they have been in the past.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of tired listlessness! Steady, quiet nerves! That is what thousands of people are getting through scientists' latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell. McCoy's Cod Liver Oil Tablets, they're called! "Cod Liver Oil in Tablets", and they simply work wonders. A little boy of 3, seriously sick, got well and gained 10½ lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 1 lb. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.
