

A House Goes To College

PAS

BATON ROUGE, La. . . Two students, John Eddy Welles (left) and James W. Goodman (right) both of Ponchatoula, La., solved the housing problem at Louisiana State University. When they couldn't find quarters they returned home, built an auto-house, brought it here and have been given permission to park it on the campus during the school year. Two closets, two beds, and a stove are in the small structure, all being convertible and making the quarters quite comfortable. James Goodman is the son of Editor George Goodman of the Ponchatoula, La. Enterprise.

Designed in Sizes, 6, 8, 10, 12 and 14 years. Size 10 requires 3 yards of 39 inch material, with 7/8 yard contrasting with either long or short sleeves.

GIRLS' BOLERO FROCK

Pattern 8380—Clever mothers of smart young daughters will be intrigued by the little bolero frock sketched, and the young girls themselves will adore the crisp styling of its bolero, puff sleeves and sash. The bolero itself, which gives the frock its dashing air, is removable, and the frock is complete without the bolero; sleeves, collar, tie, sash and all.

The soft collar and bow are most becoming and puff sleeves are dear to the feminine heart, whatever its age. We are given a choice also in the long sleeve, which is made to be gathered softly into a cuff. The skirt is plain with a slight flare at the lower edge. A plaid taffeta in tones of blue, red and gray would be very pretty in this style with sash, collar and tie in matching plain color.

Light weight woolen could be used combined with velveteen.

"THE PEPPER BOX"

Published by Pupils of Youngsville High School

In connection with their regular English work, the Youngsville H. S. students are competing in the essay contest sponsored by the county league. The subject is "The Emergency in Education in North Carolina." The pupils have read material on the subject and written their essays from knowledge gained in this way. The best essay will be selected by a committee and sent to compete in the county contest. The enthusiasm and cooperation shown by the pupils is appreciated by the faculty.

Youngsville High School is very glad to say that a basket ball court is being established in their school. By results of the last few games we found that what Youngsville School teams need is practice and at last we have succeeded in getting a basket ball court to practice on.

Inez Pearce, Reporter.

Oddity Club

The Oddity Club of Y. H. S. did not meet last Friday because we did not get back in school until Wednesday. We are very glad to be back, but did not have time to get up a program. We are looking forward to a good program next Friday.

Dorothy Beck, Reporter.

Athletic Association

The Athletic Association of Youngsville High School has planned to build an indoor basket ball court. Our team has been handicapped by not having any practice. The school board has given their consent for us to build a court in the back of our auditorium.

Sarah Ann Baker, Reporter.

Science Club

The Science Club of Y. H. S. held its regular meeting Friday, Jan. 25. This is the first meeting that we boys have had since school started back from the influenza. We made various talks on what the Emergency in Education means to Youngsville School and to the county as a whole. After the program we had a very nice time practicing basket ball.

Julius Hendricks, Reporter.

On Tuesday, Jan. 8, the enrollment was so small, Mr. Mitchell decided to close school until the following Tuesday, Jan. 15, on account of the flu epidemic. We came back Jan. 15 but the enrollment was still so small Mr. Mitchell saw fit to close school again, until the following Wednesday, Jan. 23.

Estelle Talley, Reporter.

Athletics

Both the boys and girls basket ball teams played Franklinton at Franklinton Jan. 22. They defeated the girls 40-30, and the boys 17-13. The highest score for the girls was made by Mabel Wheeler, which was 22 and for the boys Julius Hendricks, which was 10.

Both teams showed good sportsmanship. The games were enjoyed by all.

A Mishap

Among the guests at a reception was a distinguished man of letters. He was grave and somewhat taciturn. One of the ladies present suggested to the hostess that he seemed to be out of place at such a party.

"Yes," replied the hostess with a bright smile, "you see, he can't talk anything but sense."

Tongue Tied

His wife returned from the morning shopping expedition and called her husband into the room from the garden.

"Frederick," she said heavily, "when you came home last night you told me you had been to the Grand Hotel with Mr. Wilson. I've just met Mrs. Wilson, and she said you were both at the Trocadero. Why did you lie to me?"

Hubby groaned. "When I came home last night I couldn't say 'Trocadero.'"

Good minds, reasoning minds, are a scarce commodity.
