

th the friends and the foes of The Administration profess to find satisfaction in the results of the recent local elections in different parts of the United States. A good deal depends on the point of view but the more seriousminded among the President's advisers look on the record of the vote as sounding at least a warning note.

Friday, the program was about the proper care of our body. It was conducted by Elsie Wood. The following took part: Minda Moore, Minnie Harris and Delmos Radford.

Senior News

We seem to take more interest in our work than ever before. I guess its because we want to

note.

The reputation of Postmaster General Farley as a political strategist suffered somewhat of a setback. He injected the New Deal issue into the New York legislative campaign, and that enables Republicans to chortle over regaining control of the State Assembly. Since the assembly has been Republican for 35 years.

guess its because we want to graduate and realize it will take some work on our part.

It just looks like our class has been lucky with attendance all four years we have been here. Since we were in the ninth grade. Mr. Miller has given a short holiday to the class each month for the highest average of attendance. We have won the holiday sembly. Since the assembly has been Republican for 35 years, except for the three Democratic "landslide" elections of 1910, 1912, and 1934, this year's result was merely a return to normal, and would have attracted little attention if Mr. Farley had not chosen to make an Administration of the seminary of the highest average of attention ance. We have won the holic every time except for two three last year.

We won it both months school already and we hope keep it up.

Junior News not chosen to make an Administration issue of it. His only con-solation is that the total Demo-cratic vote cast in the State was 370,000 more than the Republican vote, the majority being mostly in New York City, where Tam-many elected two Congressmen to fill vacancies

Here and There Not much significance is at tached here to the defeat of the Republican candidate for Governor in the normally Democratic state of Kentucky. Over in the New England states, the political wiseacres find evidence that the New Deal is losing ground, in the loss of the Democrats of many municipal offices, and par-ticularly in the result of the ticularly in the result of the Mayoralty election in Philadel-phia. There were many New Dealers who were sure that the G. O. P. was dead in its principal stronghold, the Commonwealth of Pennsylvania. But in the State-wide vote on the judiciary ticket

the Republicans were victorious.

Political opinion here is settling down to the belief that it is upon down to the belief that it is upon the Solid South and the Agrarian. West that Mr. Roosevelt must rely for reelection. That is one reason, why the Democratic leaders are concerned over the rising popu-larity of Governor Alf Landon of Kansas as a Republican Presiden-tial possibility.

Admitting that it wfil be a

Admitting that it will be a struggle to carry any of the states east of the Mississippi and north of the Ohio, they do not like the prospect of having to go ut against a candidate who would be practically certain of carrying Kansas, his home state, and whose chance in all the rest of the Missouri Valley states would be betsouri Valley states would be bet-ter than that of anyone else so far put forward by any Republican group entitled to serious consider-ation.

Gossip of G.O.P. Dark Horse

Inside gossip in Republican cir-cles is that there is an "under cover" candidate being groomed for the party's nomination in 1936 just as Senator Warren G. Harding was held under cover as a last-minute surprise candidate in 1920. The gossips say that Senator L. J. Dickinson of Iowa has pledges of support from twenty or so members of the Republican National Committee, and that all over the country party "regulars" are being lined up for him. Stranger things have happened in

Politics.

Senator Dickinson's record is clean and clear. Geographically he comes from a pivotal state in the heart of the most debatable ter.

Senators and Representatives are beginning to trickle back to Washington, most of them bringing somewhat revised ideas of what the folks back home are thinking and what they want.

Do You Ever Wonder

Whether the"Pain' Remedy You Use is SAFE?

> Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well - Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientific with Bayer Aspiring

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store — simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this — and see that you get what you want.

what the folks back home are thinking and what they want. Expressions by many of these to their Washington intimates are taken to indicate that Congress, which will convene in only a little more than a month, will show more inclination to tell the President what he ought to do than From a common cold That Hangs On

Congress Again Soon

If the temper of Congress can be gauged by the talk currently heard, there isn't a chance of a new "NRA" bill, nor a 30-hour week law, in spite of the pressure that will be exerted by the Labor lobby for both of those measures. Likewise, the reports of returning members from the Farm Beit, so far, are that there isn't enough public sentiment behind the Frazier-Lemke farm mortgage greenback bill to warrant a fight for it.

Union County farmers are 90 percent in favor of continuing the cotton adjustment program and about 100 percent in favor of continuing the cotton adjustment program and about 100 percent in favor of being alloted a fair acreage on which they can grow and sell what cotton they can without being taxed, says T. J. W. Broom.

No matter how many medicines you have tried for your cough, chest cold, chest cold, chest cold, chest cold, chest cold and they rank Creomulsion top for coughs because you get a real despendency of Wild Cherry and Menthol, but also fail extract of Licorice Root, fluid extract of Licorice Root, fluid extract of Cascara for its mid laxative effect and, most important of all, Beechwood Creostis powerful phlegm loosening the cotton adjustment program and about 100 percent in favor of continuing the cotton adjustment program and about 100 percent in favor of being alloted a fair acreage on which they can grow and sell what cotton they can grow and sell what cotton they can grow and sell what cotton they can without being taxed, says T. J. W. Broom.

Louisburg College College faculty spent the week end at Miss Ewart's home in New **News Items**

The Faculty Woman's Club of The Faculty Woman's Club of Louisburg College met with Mrs.
W. B. Perry and Mrs. V. R. Kitby as hostesses, and entertained in honor of the men faculty members on Wednesday evening in the faculty reception parlor of the faculty reception parlor of the manufacture. The class in dramatics will give on Friday evening of this week at the opera house at Louisburg, a comede entitled, "Making Daddy Behave". This play is very amustic and we look for a large crowd to be in attendance. The class has the college.

The evening was spent in contests and games in keeping with occasion.

Thanksgiving spirit. Refreshments of mince pie a la mode, coffee, FIDDLERS CONVENTION and mints were served.

Those attending were: Misses
