

**Often Overnight When You Take the Right Thing**

But adults can't expect real results from the same sweet syrupy concoctions that you'd give to a child.

As a matter of fact, that powerful yet smooth, creamy creosoted emulsion known to druggists as Bron-chu-line Emulsion is not loved by children; it's a medicine for grown-ups, but it sure gives results and speedily, too. Get a bottle at Andrew's Drug Store tonight and put it to work at once—it strikes right at the source of the trouble—satisfaction guaranteed.

**How Calotabs Help Nature To Throw Off a Bad Cold**

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)
