Chapel News
Last week, Miss McCrary had charge of the Chapel programs.

Monday, She conducted a devotional program.

Wednesday we had a musical program. Several songs were sung after which, Evelyn Stallings played a pretty piano selection, "Love Dreams."

Senior Class News
We haven't received our rings yet, but we have something else in the air now. Our play, "Bound To Marry," will be presented Friday December, 20. It is a comedy of three acts. The characters are as follows:

Betty Jane Dove, Madly in love Hazel Bunn; Augustus G. Baker, A whoopee maker, Ishmael Bunn; Hilda M. Slater, A born man, hater, Evelyn Stallings; Samuel Bayer, A resourceful lawyer, Ray Bartholomew; June Ray, From old Broadway, Sue D. Creekmore; Billie Ponder, The make-believe tutor Russel Lancaster; Evelyn Grace, The girl in the case, Mozelle Pernel; Mose Lincoln Hall, The black snowball, Robert W. Harris; Mandy Snook, The colored cook, Vivian Gupton.

The admission will be announced later. Everybody come and see these folks who are "Bound To Marry."

Athletic Club News
The Athletic club had a party last Tuesday night at the sponsors house, Miss Grissom. We wish everyone could have been there and joined in with the rest of the "kids" as it was a "kiddy" party. Everyone was supposed to have been dressed as "kids" and act like them.

A prize was given to the boy and girl who were dressed the finest. Rachel Sykes and Russel Lancaster won these prizes. Ishmael Bunn also won a prize for eating his "sucker" first. Everyone enjoyed this party and hoped to have such a meeting again.

Glee Club News
The Glee Club met last Monday at its usual hour. After the business was over, the ball players were excused. The remaining members practiced "Christmas" songs. They are going to give a Christmas program including many songs at the next P. T. A. meeting.

CIVIL SERVICE COMMISSION EXPLAINS RAILWAY POSTAL CLERK EXAMINATION PROCEDURE

The United States Civil Service Commission has received more than 200,000 applications for the Railway Postal Clerk examination receipt of applications for which closed on October 23, 1935. It is necessary to hold this examination in certain cities on succeeding dates, because of the large number of competitors. The Commission has received very numerous inquiries from applicants who have heard that some persons in their own cities have been notified to appear for examination, whereas they themselves have not yet received notification cards. The fact that an applicant has not as yet received an admission card has no significance and is due solely to the different examination dates necessary.

All applicants whose applications have been accepted will in due course be sent admission cards, giving the date and place of examination. Applicants examined on the first day will, of course, have no preference in appointments over applicants examined on any of the succeeding dates, as the entire register will be made up on the same date. Applicants are urged not to write to the Civil Service Commission concerning the date of the examination, as this tends to retard the work of the office.

"Old Homestead" With Five Singing Stars Will Be at Louisburg Theatre Wednesday, Dec. 11th.

Five singing stars are heard in Liberty's musical romance, "The Old Homestead," the feature attraction scheduled for Louisburg Theatre on Wednesday, December 11th. Each one is heard in an original song, hit, specially written for the production by top-notchers in the popular music field.

Lawrence Gray, who won screen prominence through his portrayal of the doughboy in Marlon Davies' picture, "Marianne" and recently followed it up with another stellar role in Liberty's musical hit, "Dizzy Dames," comes through with another singing part as the farm lad in "The Old Homestead." His rendition of "Plo'w Boy" and "Moonlight in Heaven"—two of the picture's song successes—make him one of screendom's most popular singing leading men.

Piquant Dorothy Lee, who soared to success in Wheeler and Woolsey comedies, plays the part of a radio singer and sings "Somehow I Knew" in the broadcasting sequences in the picture. Lillian Miles, the girl whose vocal abilities received their first real reward in "The Gay Divorcee" when she sang "The Continental" warbles "Love Me Forever" to any audience's delight.

Sally Sweet is heard singing the "hot" song of the feature, "Harlem Nasty Han," and Fuzzy Knight delivers the comedy number, "When Our Old Age Pension Check Comes To Our Door," aided by "The Sons of the Pioneers," hill-billy troupe who are likewise heard in additional numbers.

Howard Jackson is credited with the musical arrangements for the film. Mary Carlisle heads the female contingent in the cast which also includes Eddie Nugent, Willard Robertson and Eddie Kane. William Nigh directed from W. Scott Darling's screen play.

THANKS

We wish to thank all who took part and helped to make our Church supper a success especially Mr. and Mrs. R. K. Tharrington. W. C. Wilder.

How to Keep Colds UNDER better CONTROL

Catching Cold? Vicks Va-tro-nol helps Prevent many Colds

At the first warning nasal irritation, snifle or sneeze, use Vicks Va-tro-nol—just a few drops up each nostril. Va-tro-nol is especially designed for the nose and upper throat—where most colds start. It stimulates Nature's own functions—in the nose—to help prevent colds, and to throw off head colds in their early stages. Used in time, Va-tro-nol helps avoid many colds.

Caught a Cold? Vicks VapoRub helps End a Cold Sooner

If a cold has developed, rub Vicks VapoRub on throat and chest at bedtime. VapoRub acts direct—two ways at once: (1) By stimulation through the skin like a poultice or plaster; (2) By inhalation of its medicated vapors direct to inflamed air-passages. Through the night, this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

Follow Vicks Plan for Better Control of Colds A helpful guide to fewer colds and shorter colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians—further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.

THE DOCTORS ARE RIGHT

Women should take only Liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true. Do what doctors do to relieve this condition. They use a liquid

laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

NEW BRAKING SYSTEM

An entirely new braking system, utilizing the hydraulic principle of actuation in combination with its own design of brake mechanism within the brake drums at all four wheels, is introduced by Chevrolet in its 1936 models. The system, says the company's announcement, possesses all the inherent advantages of hydraulic brake actuation, plus the special benefits that Chevrolet has built into its own type of articulated brake shoes and linkage by which pedal pressure is converted into braking effect.

Except for the means of actuating the brake shoes, the new Chevrolet brake system is the same as last year, though improved in mechanism details and increased in braking capacity.

Ease of brake adjustment to compensate for wear is one of the features of Chevrolet's exclusive brake design. There is only one adjusting point for each brake shoe, reached through an opening in the brake flange plate or the brake drum. With a screw driver used as a lever, a notched adjusting wheel is turned until the shoe slightly drags on the drum, then the adjusting wheel is backed off four notches, completing the operation. Not even a feeler gauge to measure clearance is required.

In its design of the hydraulic system, Chevrolet has made full use of its inherent advantages, which include self-equalization of pressure on the brake shoes, freedom from frictional losses between pedal and shoes, proof against trouble caused by dirt or ice, and ease of maintenance.

By making the pistons in the wheel cylinders larger than the master piston operated by the pedal, thus multiplying the effect of foot pressure, the Chevrolet design achieves sure stopping with light pedal pressure. Further advantage is taken of the hydraulic principle in that the front wheel cylinders are made larger than those of the rear wheels. As a
