

EPSOM SCHOOL NEWS
Published by Pupils of Epsom High School

Community News
There has been much sickness in our community much to our regret. Two of the faculty members have been sick for the past week. We are all wishing them happiness during their illness. Mr. Crawley returned to school on Friday, Miss Cooke is still sick.

We are very glad indeed to have Mr. Carl Ousley, pastor of Corinth Baptist Church, to fill the vacancy of Miss Cooke.

Mr. Ousley has been conducting a B. Y. P. U. Administration course at Corinth during the past week.

Athletics
The Athletic Club met last Monday and elected the following officers whom we are looking forward to do some real work in conducting our athletics this year:

President, Claud Dickerson; Treasurer, Evelyn Ayscue; Business Manager, George Eaves; Manager of Boys Team, Edwin Pernel; Manager of Girls Team, Rilla Collins; Cheer Leaders, Edgar Edwards, Elaine Weldon.

The teams of Epsom had two games last week which were successful on the part of the girls but hard luck on the part of the boys.

We met Bunn at Bunn on Wednesday night for a double header. The score of the girls was 26-6 in favor of Epsom. The score of the boys was 18-14 in favor of Bunn.

On Friday night we met Youngsville at Franklinton and the girls score was 34-11 in favor of Epsom. The boys score was 15-21 in favor of Youngsville.

Dramatic Club
The Dramatic Club is continuing its amateur program. Although there wasn't but one on, the program was very enjoyable. Two Old Maids came out and gave a good play called "Sara and Sally." The old maids were Madolyn Ayscue and Christine Eaves. They were busy looking for a sweetheart.

More people promise to be on program for next time and we are looking forward to the next amateur hour.

Girl Scout News
The girl scouts have reorganized under their new leader, Miss Vernelle Frazier. The troops was divided into two patrols, with Virginia Perkinson and Elaine Weldon chosen as patrol leaders. Virginia Perkinson was elected scribe for the troop.

We chose Mrs. D. T. Dickie, Mrs. T. H. Weldon, and Mrs. T. C. Gill as a committee to help the girl Scouts.

At the meeting last Tuesday our regular meeting hour, business was discussed and patrols met to discuss what project they were to take up. The 1st patrol deciding on signalling met Wednesday afternoon, worked on

signals and had supper in the Scout Hut and remained at the school building for the program that was given by the Oxford Orphanage singing class.

Sidney Lanier Society
The Society met December 6 1935 after the minutes and roll. Evelyn Ayscue gave a very interesting scripture for the devotional. The program was centered around "Public Safety." Our sponsor Mrs. Bartholomew gave us an interesting talk on "Public Safety." Every member of the society learned many points on public safety from her talk. Other members who were on program gave their parts well also.

Fannie Pearl Ayscue, Reporter.

O'Henry Literary Society
The Society met Friday Dec. 6. After a roll call and reading of the minutes, we sang "Silent Night." Then a play was given by Aunt Martha and Uncle Jerry, who was Elaine Weldon and Edwin Fuller. This was enjoyed by all very much. Then our sponsor Mrs. Journigan told us the purpose of Societies.

In the business meeting, the president appointed a nominating committee which consisted of Mattie Leigh Dickerson, Annie Roberson, and Virginia Lassiter. The Society was then declared adjourned.

Mattie L. Dickerson, Reporter.

A careless bankroll has the happy faculty of hanging on just long enough to get its owner in a bundle of trouble.

DOCTORS KNOW
Mothers read this:

THREE STEPS TO RELIEVING CONSTIPATION

I TO RELIEVING II CONSTIPATION III

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

When Your Head Feels "Stuffy" . .

Apply Va-tro-nol . . . just a few drops. Va-tro-nol penetrates deep into the nasal passages, reduces swollen membranes, clears away clogging mucus, brings welcome relief.

Two generous sizes . . . 30¢ and 50¢.

VICKS VATRO-NOL for nose & throat

USED IN TIME HELPS PREVENT MANY COLDS

NOTICE OF SALE OF VALUABLE REAL ESTATE
Under and by virtue of the power and authority contained in that certain deed of trust executed on the 2 day of February, 1931, by E. S. Thomerson and wife, recorded in Book 299, page 7, Registry of Franklin County, North Carolina, and also under and by virtue of an order of the Superior Court of Franklin County, North Carolina, the undersigned trustee will on

MONDAY, JANUARY 6TH, 1936, at or about the hour of 12:00 o'clock noon sell at public auction to the highest bidder for cash the following described tract of land:

A certain tract or parcel of land situate in Franklin County, Youngsville township, State of North Carolina, and described as follows: Bounded on the North by James McGhee, on the East by Mrs. W. H. Frazier, and on the West by N. J. Hart, it being the identical land on which the said E. S. Thomerson now resides.

A deposit of twenty-five percent of the amount of the bid will be required at the time of the sale.

J. C. NOWELL, Trustee.
Yarborough & Yarborough Attorneys 12-13-4t

Still Coughing?
No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Cromulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Cromulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Cromulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Cromulsion right now. (Adv.)

Be Master of Your Farm

The McCormick-Deering Farmall

THE owner of a McCormick-Deering Farmall Tractor and the equipment that goes with it is ready for every power job. He is master of time and season, broad acreage, big crop, and low-cost production. He has put the labor of many men into the hands of one and made it far easier. He has made the farm interesting for himself and his sons. He is using his Farmall Tractor to give him leisure and profit so that he and his family may enjoy the good things of life.

The Farmall is the all-purpose tractor that handles row-crop planting and cultivating along with everything else. It produces liberal power at drawbar, belt, and power take-off.

You haven't seen anything in power for the farm until you have examined the Farmall on our floor. Also, ask us about the economical McCormick-Deering 10-20 and 15-30 Tractors.

If It Isn't a McCORMICK-DEERING It Isn't a FARMALL

Put Your Heavy Loads on the McCormick-Deering All-Steel, All-Purpose Truck

THE McCormick-Deering All-Purpose Truck is a remarkable unit for hauling farm loads. Built entirely of steel, for use with tractor or horses, it has a capacity of 2 to 2½ tons. Two roller bearings on each axle assure exceptionally light draft.

Unusual flexibility is made possible by the steel swivel-reach coupling. Front wheels have the auto-steering feature. The track is standard, wheelbase is adjustable from 84 to 126 inches. The truck will take any box, rack, or other standard equipment.

It will give you many years of good service—come in and see it now on our display floor.

What a Line-Up!
.. Every One a Home-Run Profit-Maker for Livestock and Poultry Feeders

No. 1-A (Above) The No. 1-A is an unusually low-priced hammer mill with approximate grinding capacity of from 1500 to 4200 pounds of shelled corn an hour.

No. 1-B (Middle) Although small in size the new No. 1-B is a giant in capacity, grinding from 3700 to 9700 pounds of shelled corn or from 4000 to 11500 pounds of wheat an hour . . . and other grains and roughages in proportion. Its big capacity and low price make it the real hammer mill bargain of the hour. The No. 1-B is equipped with an auger and a blower fan.

No. 2 (Above) McCormick-Deering Roughage Mill No. 2 is a big mill, equipped with roughage self-feeder and hopper for small grain. Roughages and small grain can be ground separately or in combination. An idea mill for use where large quantities of feed are to be ground.

Every farmer with livestock or poultry to feed should have one of these efficient mills. We will show you how it will solve your feeding problems. A demonstration will be arranged on request.
