Liquor And Lawlessness

(Tarboro Southerner.)
 Liquor and lawlessness have always been associated with each other to a large extent. It is therefore interesting to observe that the two seemed to have but little kinship here over the Christmas period, as contrary to pre-conceived opinion as this might be.

The county liquor stores did a record business on Christmas eve, taking in a total of \$6,720.95, of which \$2,338.65 was received in the Tarboro store alone. Yet there was not a single arrest for drunk driving and not a single traffic injury in Tarboro on Christmas day. Moreover, only eight drunks were jailed—no more than the usual week-end number when far less liquor is customarily sold than was sold on Christmas eve.

"Captain Blood"

And His Pirates At Louisburg Theatre Thursday-Friday, January 9-10th.

Rafael Sabatini's famous and colorful story of romance and adventure, "Captain Blood," which Cosmopolitan Productions has filmed on a gigantic scale, comes to Louisburg Theatre Thursday-Friday, January 9-10th, as a First National release.

This thrilling tale of seventeenth century sea pirates is said to be one of the most elaborate and pretentious productions in screen history. Tremendous settings were designed by master builders.

These include great sailing vessels of the period, massive in size and full-battered, which had to be specially built, complete in every detail; parts of a village in England; most of the old city of Port Royal, in the West Indies, destroyed by earthquake; King James II's palace; a governor's mansion; and costumes to suit everyone from King to slave.

Playing the title role of "Captain Blood" is Errol Flynn, a handsome and dashing young Irishman, who was recruited from the London stage. The feminine lead is played by Olivia de Havilland, the beautiful young girl who was skyrocketed to fame when chosen for a leading role in "A Midsummer Night's Dream."

The picture has a tremendous cast with more than forty principals and several thousand big players and extras. Among the leading players are several stars in their own right, including Lionel Atwill, Basil Rathbone, Ross Alexander, Guy Kibbee, Henry Stephenson, Robert Barrat, Hobart Cavanaugh, David Torrence and J. Carroll Nash.

The story opens with the Monmouth rebellion against King James II of England. Young Peter Blood, a physician, who although he had no part in the rebellion, is sentenced to slavery.

The picture was directed by Michael Curtiz from the screen play by Casey Robinson.

NEW YORK . . . Miss Virginia Hyde (above), of New York, has been named the "most outstanding debutante of the years." Beauty, personality and charm were the three judging points.

Soil Conservation In Franklinton

According to reports from the Soil Conservation Service at Franklinton, recently established under the U. S. Department of Agriculture under the direction of P. H. Massey as project manager, an educational program is being conducted in proper land use in Franklin, Vance and Granville Counties.

Working in cooperation with the vocational agricultural teachers in the counties above mentioned, agricultural authorities from the Soil Conservation Service will conduct classes each week in the various phases of the soil conservation program. Practical training will be taught in proper crop rotations suitable to this section, strip farming, terracing, forest improvement and wild life or game protection. All farmers who are interested in the work and all students in vocational agriculture are invited to attend these classes and go on the tours which will be conducted from time to time over the erosion-control area, where lectures will be delivered in the field, in most cases, by men trained in progressive farming.

NO SCHOOLS 'TILL MONDAY

Supt. W. R. Mills informed the TIMES Tuesday that he had notified all school authorities not to attempt to open the public schools until Monday, January 6th, on account of the heavy snow and bad weather conditions that make it so dangerous for the trucks to run. It is hoped that by Monday the snow and ice will be all gone and the roads cleared so that the trucks can travel with safety.

States Face Threat Additional Snow

Two Carolinas Spend Thousands of Dollars to Clear Traffic Lanes.

Struggling from the shackles of a week-end fall of six to 10 inches of snow, the Carolinas heard with gloom yesterday that more snow was in prospect.

Weather forecasts for the two states were snow last night and still more snow today, except on the South Carolina coast where rain was in prospect.

The new snow threat came as traffic over highways and city streets was just getting back to a semblance of normal after three days work by thousands of men at clearing the hampering white mass.

Highway departments of the two states and city street departments had run up bills of thousands of dollars for snow removal.

There was cheering news, however, for those shivering in unaccustomed icy blasts that weather forecast for today would be "not so cold."

Temperature records of long standing were broken at many places in the Carolinas by the mercury's drop early Tuesday.

Several points in North Carolina had sub-zero readings.

It was minus five at Salisbury, minus three at Winston-Salem and minus two at North Wilkesboro.

Louisburg People Responded Generously to Needy

The Kiwanis Club again this year under-took to provide some cheer and assistance to Santa Claus. Needy families both in town and county and of both races were helped by the Club. Toys in some instances were furnished by the Louisburg Toy Mission, and in others by the Kiwanians themselves. Approximately thirty or thirty five families were taken by the Kiwanis Club.

A complete list of perhaps 75 families was drawn up by representatives of the Welfare Department, Federal Agencies, the local Movie Fund, the public schools, the Kiwanis Club, and the Episcopal Church. Private individuals, these organizations and others, responded most generously to all "opportunities" offered on the list. More opportunities would have been taken had they been known and included.

The entire work was voluntary, with a minimum of soliciting. Many families received not only toys and fruit, but food and clothing as well. Book clubs, churches, and private individuals took several opportunities that were not on a list. It is believed that most of Franklin County's needy had some remembrance before Christmas Day had passed. The Boy Scouts aided greatly in the distributing of the supplies.

Church Is Burned

Warrenton Baptist Edifice Razed With Loss of \$20,000.

Henderson, Dec. 31.—Fire of undetermined origin destroyed the Baptist church in Warrenton about 2 o'clock this afternoon with a loss estimated at around \$20,000, partially covered by insurance.

It was understood the heating plant had been kept in operation during the severe weather to prevent pipes from freezing, and some thought the fire may have originated in the furnace room. A large part of the structure was ablaze when a passerby discovered the flames.

Only the brick walls were left standing. The building was erected about 40 years ago and had a seating capacity of about 200. It was located on Main and Ridgway streets, opposite the John Graham high school. Rev. R. E. Brickhouse is pastor.
