

### Dr. G. C. Shaw Dies Had Been President Mary Potter School For 4 1/2 Years; Succumbs to Pneu- monia

George Clayton Shaw, 72—for 45 years president of Mary Potter School and pastor of Timothy Darling Presbyterian church, died at 8 o'clock Wednesday morning. Several days ago, he contracted influenza which developed into pneumonia, resulting in his death.

Dr. Shaw was born in Louisburg, June 19, 1863. In young manhood, he entered Lincoln University in Pennsylvania, where he received his diploma in 1886. Shortly afterwards, he entered Auburn Theological seminary in New York, receiving his Doctor of Divinity degree in 1890. He was married in 1890 to Mary Elizabeth Lewis of Penn Valley, Pa.

Dr. Shaw is survived by his widow, two adopted children, a niece and a nephew, Mrs. Iola Branch Hawkins of Henderson, and Dr. George C. Branch of the U. S. Veterans' Hospital, Tuskegee, Ala. Dr. Shaw took many children into his home, aiding them in securing an education, and upon whom he lavished much care and affection. They, too, will deeply mourn his passing.

After finishing Auburn Seminary, Dr. Shaw came to Oxford and Founded Mary Potter School and Timothy Darling church. Since the inception of the church, Dr. Shaw has been pastor, preaching a sermon to his congregation only a few days before his death.

Guiding the destinies of Mary Potter, Dr. Shaw has built, from a small beginning, one of the outstanding colored schools of North Carolina. He served as president of the institution for 43 years and in 1933 was elected president-emeritus. Although past three-score-and-ten years, Dr. Shaw continued as principal of the high school department, attending to those duties until his final illness. At all times, the interests of his students was uppermost in his thoughts, and his students in turn, looked upon him as a father.

Dr. Shaw was unusually interested in civic affairs and did much for the advancement of the negro race in this section. He was a member of the board of trustees of Johnson C. Smith University, of Charlotte, chairman board of trustees of Oxford Colored Orphanage, treasurer of the State Teachers' Colored Association, member of the Colored Masonic lodge and other fraternal organizations.

Dr. Shaw was respected by members of both white and colored races as a man of good judgment, ability and achievement.

Funeral services will be conducted this afternoon from Mary Potter chapel at 2:00 o'clock. Interment will be made in Oxford.—Oxford Public Ledger, Jan. 3.

### HOW THE SELF HELP PLAN IN COLLEGE WILL BENEFIT THE HEALTH OF COLLEGE STUDENTS

(By Dora Bunton, R. N.)

Health is an instrument which enables one to live successfully with himself and his neighbor. Only in isolated cases is health accidental, therefore, a truly educated man or woman must have knowledge of the scientific facts which underlie health.

We find that often health as an abstract or as a physical ideal does not appeal to the young college men and women of to-day but can be made to do so if used as an aid in achieving undertakings in which they are vitally interested. The self-help plan has proven most beneficial in developing that factor.

Students entering college are being released from the guidance of parents and associates and put their own control, therefore, it is important that there is interesting, simple, and authoritative health statements available. Much time is being spent on organizing materials that will accord with the specific needs of our college students and familiarize them with the work of various occupational disease Bureaus.

Health depends so largely upon wisdom and self-management that it is ordinarily an individual responsibility and through the achievements of the self-help plan the students are enabled to become familiar with the effects of working environment on health.

Control of the mind and its relation to the body has become of dominating importance in student health. Cheerfulness and confidence are tremendous factors in role of happiness. i. e. they act like tonics to give courage and inspiration for the care of life, therefore, it is important to create in the student a feeling of personal worth and a desire to do things well, carrying the thought of health and happiness into the actual work of each day.

### To Retire Un- worthy Vehicles

Detroit, Mich. Jan. 2.—Chevrolet Motor Company started the new year with a \$1,000,000 cooperative plan to help move its dealers' stocks of used cars, and to retire unworthy vehicles from the highways of the country, it was announced here today by M. E. Coyle, president and general manager of the company.

Beginning on New Year's Day and continuing throughout January, Mr. Coyle said, two important special activities run concurrently.

First: Chevrolet will pay to the dealer \$20.00 for every old automobile (accepted in trade on a new or used car) that he disposes of by scrapping or junking.

Second: Chevrolet will pay a bonus to salesman whose efforts enable their dealership to sell more used cars in January than it sold in the same month of 1935.

Announcement of the aggressive plan of promoting the sale of worthy used cars and ridding the market of unworthy ones that clog the sales channels of both used and new cars, reveals that Chevrolet, which during the last twelve months has vigorously attacked the used car merchandising problems of its dealers, intends to carry on through 1936 not only with the methods that have already proved successful, but with new and bolder plans.

Mr. Coyle disclosed the plan when he was asked what lay before the automotive industry in the new year. After briefly reviewing 1935, commenting on its \$25,000,000 expansion of Chevrolet production facilities, and its increased sales of cars and trucks, Mr. Coyle declared that the progress made by Chevrolet in the past year in raising the standards of used car merchandising was probably the most noteworthy development from the point of view of the dealer.

"Under W. E. Holler, vice president and general sales manager," said Mr. Coyle, "Chevrolet has instituted two outstanding developments that have greatly relieved the used car problem of the dealer. The 'Guaranteed OK Tag' that Chevrolet dealers are permitted to attach to a used car only if it has been thoroughly reconditioned, and company advertising of used cars in national magazines and in local newspapers, were two important forward steps taken during the year just ended.

"It is now our objective to maintain used car sales at as high a level during January as they have been since the new cars were introduced. The drive we are putting on now is bound to have a wholesome effect throughout the entire dealer organization, and to promote their sales of used cars during a season when used-car movement is most desirable."

### MEMORIAL SERVICE FOR MRS. W. O. GRIFFIN

Memorial service will be held for Mrs. W. O. Griffin at the Poplar Springs Baptist Church near Bunn second Sunday afternoon, January 11, at 2:30 o'clock. Burial service for Mrs. Griffin was held at the home on December 29.

The second annual convention of the North Carolina Dairy Products Association will be held at the Carolina Hotel, Pinehurst, January 9 and 10.

### Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and do-less. My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me. . . . If Cardui does not help YOU, consult a physician."

### THE SAFEST cleaning method is to send it out!

The pennies saved by trying to clean apparel and other fabrics at home, count for little against the risk taken with life and property . . . Our cleaning rates for men's and women's apparel, rugs, drapes, etc., are very low. Men's suits, Women's dresses, cleaned and pressed —Phone, 323-1.
