**Louisburg Production Credit Association Holds Interesting Meeting—Several Splendid Talks Made—Elects Directors.**

With an opera house fairly well filled with stockholders the Louisburg Production Credit Association held its second annual stockholders meeting on Thursday of last week.

The meeting was called to order promptly at 2:30 by President J. O. Wilson who read his report. Miss Billie Phillips was elected clerk to the meeting and Secretary N. C. Phillips read the Secretary's report following reading and adopting the minutes of the previous meeting. In his report he showed that the Association had received 562 applications and had made 539 loans amounting to \$136,825 during the past year, and that there were 545 members holding \$8,185 worth of stock. He also showed that the Association had not lost a cent on loans since its organization.

Mr. Thomas White, representing the Production Credit Corporation of Columbia, S. C., was introduced and made a most interesting talk.

Vice President C. T. Hudson, prepared an excellent address and report on the years work, but on account of indisposition had Mr. H. A. Faulkner read same for him. At the conclusion Mr. Faulkner took opportunity to pay a fine tribute to the work the association is doing and its officers.

Mr. John B. Mann, Field representative of the Production Credit Corporation of Columbia, made a most interesting talk along the lines of effort of the association, and the advantages they are bringing to the farmers. Following the speaking the election of Directors was had and resulted as follows:

The two members of the board of directors of the association elected at the meeting are Messrs. J. L. Byron, and W. H. M. Jenkins. Other members of the board elected a year ago are J. O. Wilson, C. T. Hudson and J. D. Newman. At the annual meeting there was a round table discussion by members, at which plans were made for 1936.

**SCHOLARSHIP OFFERED CORN CLUB MEMBERS**

One four-year scholarship valued at \$320 as a State prize and three one-year scholarships valued at \$80 each as district prizes, to the North Carolina State College, have been offered 4-H corn club members of this State, L. R. Harrill, state club leader, announces.

In addition to these four major prizes for accomplishment in economical corn growing, the company also offers a wrist watch to each county corn club winner.

Mr. Harrill says the offer was made to further the 4-H club program in this State and to promote a more general knowledge of good methods in corn production. Any duly enrolled 4-H club member in the State conducting a corn project under the supervision of his county agent is eligible to compete for the awards.

However, each boy entering the contest must keep an accurate record as to cultural methods, amount and cost of fertilizers used, total yield of corn, and total cost of producing the acre of corn, including the labor record.

The record books must be in the hands of the County agents of each county on or before December 16, 1936 and the corn must be measured by weight allowing 70 pounds of shucked corn per bushel.

Mr. Harrill says the basis of the awards will be as follows: yield per acre, 25 points; profits above cost of production, 25 points; field selection of seed 15 points; selecting and showing an exhibit, 15 points and records as shown by record book, 20 points, making a total of 100 points.

In addition to these valuable awards, Mr. Harrill says that plans are being perfected now for additional scholarships to be offered 4-H cotton club members by the Chilean Nitrate of Soda Educational Buteau. As yet, however, these plans have not been perfected.

**"Moonlight On The Prairie"**

Dick Foran, the singing cowboy, comes to Louisburg Theatre Wednesday, January 29th, in "Moonlight on the Prairie," with which Warner Bros. introduce a new type of Western Drama.

To a thrilling Western drama of hard riding, roping, two gun fighters and romantic ladies, Warner Bros. have added the songs of the old West, two of them specially written for the production by two noted song writing teams, M. K. Jerome and Joan Jasmyn and Vernon Spencer and Bob Nolan.

Dick Foran, who is said to have an exceptionally fine baritone voice, spent some years on the Western ranges, although he originally came from the East and has a Princetonian background. He is an expert rider, roper and marksman, and can sing as well as he rides—and act as well as he sings.

His leading woman is pretty red headed Sheila Mannors, also a daring rider who has done very capable work in many pictures. Others in the cast include George E. Stone, Joe Sawyer, Gordon Elliott, Joseph King, Robert Barrat and Dickie Jones.

The picture is filled with thrilling action and exciting sequences, as well as containing a fascinating romance, set in the picturesque background of the High Sierras and the Western prairies.

D. Ross Lederman, an old hand at Westerns directed the picture which is a big production typical of all Warner Bros. films.
