In the long experience of the campaign manager, he fails to remember a closer race than the one now being run for the \$500 and the other wonderful prizes. It seems impossible for any one candidate to hold the lead for long and as we come to the end of the first period, the race has every prospect of becoming more and more exciting.

Next week may show some big changes as the result of tomorrow's report, the end of the first period.

Tell Own Story

These figures tell their own story. Any candidate who is successful in securing a few five year subscription before the first period ends will roll up credits in big numbers and will be hard to beat for that first prize of \$500.

The earning of the first prize winner in this campaign will be around \$75 a week. We should county Commissioners on Monday showed receipts totaling \$2,353,00 say that is worth some real thought, energy and hard work.

Mr. Kemp Yarborough successfully stood the law examinations recently and was passed for law license. This is quite a compliment to Mr. Yarborough in view of the many who failed.

MRETING

"Many persons have the didea about the Resettlement Administration," says Homer H. B. Mask, Regional Director, Region IV. "It is not a back-to-the-land movement for city folk. It is not alked on Recreational Activity and directed a program of play and games. The Federation adjourned to meet again in its regular session.

"It is, however, a practical, non-sentimental, yet humanitarian and scientific plan to get farm lamiles off relief rolles and on a self-supporting basis.

Rev. D. P. Harris has accepted an invitation to preach at the Tabernacle Baptist Church at Raleigh, on next Sunday.

Birthday Ball

In spite of the extremely bad weather quite a good sized crowd attended the President's Birthday Ball at Allens Hall on Thursday night of last week and enjoyed a very nice accasion. Although the receipts were not as great as was desired they were fully as great as could be exceted in such had as could be expected in such bad eather. Chairman Griffin is very much

pleased with the cooperation given him by the public.

******************************* TO OUR SUBSCRIBERS

During the past few weeks a large number of you have made payments on your subscription accounts, many having paid in advance. We have gotten practically all of these credits made up to Friday, Jan. 31st. We want to thank you for your efforts and actions in this respect. We also want to ask you to look at your label and see if the date corresponds with what you think it should, the first figure represents the month, the second the day and the third the year, our records show you paid to. If it does not kindly call our attention to what you think is an error so that we can get it adwhat you think is an error so that we can get it ad-While we do our best to avoid them, by checking and double checking, we still make errors, but can't correct them without your help.

If it happens that the date shows that you are behind in your payments we are going to ask that you make sufficient payment to bring you up to-date. We have taken much pleasure in carrying many of you through the depression, but our list is in such shape that we will be forced to get it more in current form. We don't want to lose a single subscriber. We want all of you and more. It seems that each of us are part of a single family. We want it to remain so. We have shown our appreciation of your subscription and our sympathy and consideration in your distress these past years. We are go-ing to expect you to show your appreciations of our efforts by paying what is due.

The only method we know of to get the names off our list, who do not want the paper, is to take off those who are in arrears. If you should miss your paper bear in mind that unless there is an error in address, it has been stopped because you have not indicated to us you want it continued. If you want it put back, get in touch with us and let us know your wishes.

Remember I am always ready to be of service to you when I can. I am
