

ALLEN HALL

Everyone interested in learning how to play billiards or further improving their prowess with the cue and ivory spheres will have their opportunity when Allen Hall of St. Louis, one of the world's "first ten" three-cushion billiard experts, appears at Mullens Billiard Room on April 15th at 9:45 p. m. Louisburg, N. C. Hall comes here in connection with the third annual National "Better Billiards" program being sponsored by the National Billiard Association of America.

During the young three-rail star's two hour visit here, he will not only offer a billiard exhibition and a unique display of fancy shots, but devote one full hour of expert Free Billiard instruction. Feminine billiard fans, mediocre players and tyros are especially invited to take advantage of this opportunity.

Hall has appeared in every world three-cushion championship tournament since 1935. He has finished in the runner-up position twice and was once tied for second place. In the opinion of astute billiard critics, it has been one of the game's miracles that he has never won the world's crown.
