

CLYDE R. HOEY IS NOMINATED GOVERNOR

Wilkins P. Horton Nominated For Lieut.-Governor---Thad Eure For Secretary of State

Hoey Increases Majority From 3,468 to 53,934—In Other Two Offices Low Man in First Primary Wins Second Primary July 4th, Upsets Many Precedents

Complete unofficial returns, as compiled by the Associated Press Tuesday night, showed the majority of Clyde R. Hoey over Dr. McDonald to be 53,934 on the basis of a vote of 266,813 for Hoey and 212,879 for McDonald.

Raleigh July 5.—Clyde R. Hoey was nominated for Governor by a very wide majority in yesterday's run-off Democratic primary. Incomplete returns indicate that the 53-year-old Shelby attorney, who is a brother-in-law of former Governor O. Max Gardner and who was a defender and beneficiary of the present Ehringhaus administration, did more than greatly multiply the slender majority of 3,468 votes by which he led Dr. Ralph W. McDonald, Winston-Salem professor, anti-sales tax candidate and administration foe, in the first primary on June 6.

It appears on the face of incomplete returns that the force of the Hoey victory, which kept unbroken the tradition by which the leading candidate for Governor in the first Democratic primary has always been nominated, was sufficient to shatter that same tradition for both of the two lesser offices contested yesterday.

Win Other Offices

It appears that the Hoey forces, who definitely championed the cause of the candidates who ran second in the previous primary, succeeded in nominating their men for Lieutenant Governor and Secretary of State.

Thad A. Eure, principal clerk of the House of Representatives, appears to have definitely overcome a 43,000 vote lead held by Secretary of State Stacey W. Wade, who failed of nomination in the first primary over both of his opponents by only 13,000 votes.

By a smaller margin, State Senator Wilkins P. Horton, of Chatham County, like Hoey, a sales tax advocate, appears to have overcome the 23,000 vote lead held in the first primary by State Senator Paul D. Grady, of Johnston County, Senate pro tempore of the 1935 session, a sales tax foe.

The defeat of Wade carries to three the number of State officers failing of re-nomination this year. Baxter Durham, who had served as State Auditor for 16 years, was defeated in the first primary by George Ross Pou. At the same time, W. Kerr Scott defeated Commissioner of Agriculture W. A. Graham, who had held that office for 14 years. Mr. Wade defeated James A. Hartness for Secretary of State only four years ago but he had previously served for eight years as Insurance Commissioner, from which he voluntarily retired in 1928 to enter private business.

The only other instance of the second highest candidate ever being nominated, even for a minor office, was in 1920, when Frank D. Grist won out for Commissioner of Labor over M. L. Shipman, the incumbent.—News-Observer.

From that time on about the busiest section of town has been on the Court Square where a large tool and material house has been erected and the force has been busy digging the cellar holes and cutting down the back of the Court Square. A large number of brick have been placed on the lot. Mr. M. S. Davis is the Architect in charge. It is understood the work will be pushed to an early completion.

FIRE

J. T. Pruitts Lumber Co. just South of Louisburg about two miles on Highway 56 suffered a great loss Wednesday morning about 11:30 o'clock when fire broke out in the boiler room completely destroying the boiler and shaving rooms. The plant was not in operation at the time but was making preparations for the afternoon work.

The fire department responded immediately after the alarm but being out of the city limits there was no water supply available for use so they returned.

The damages were estimated between \$2,500 and \$3,000. There was no insurance.

It was lucky that the wind was blowing in the opposite direction from the plant and lumber yard which kept the company from a more considerable loss.

It is believed that neither of the two boilers were injured but several valves and tubes were destroyed. It was the belief that the fire caught in the boiler room or some sparks entered the shaving room through a metal tube and set fire to the contents of the room.

It is understood that some one had turned the relief valve turning the steam in the room it would have put out the fire but in the excitement this was overlooked.

A motion prevailed to restore the salaries of T. K. Stockard and J. C. Harkins to the amounts that were paid to them before their salaries were reduced on July 1, 1935.

After allowing a number of accounts the Board adjourned.

SECOND PRIMARY

The second primary held in Franklin County on last Saturday rolled up a much larger vote than was expected. The best of order was reported from all precincts and everything passed off smoothly.

Like the first primary McDonald led Hoey for Governor, Grady led Horton for Lieutenant Governor, and Wade led Eure for Secretary of State, by good substantial majorities, the vote by townships is published in another column.

There were no county contests, the three, Sheriff, Coroner and Recorder, were settled by the second high not requesting a second primary. The only local contests were for Constables in Dunn, Harris and Cedar Rock townships. In Dunn, Robert P. Pearce defeated Bennett B. Brantley, the present incumbent, by a majority of 94. In Harris, Dick Aysone defeated Willie B. Privett, the present incumbent by a majority of 10. In Cedar Rock, Owen Curtis Davis defeated Raymond Wood by a majority of 85.

No "day after" complaints have been registered, indicating the best of feelings were in evidence at each of the voting precincts.

Receipts \$11,887.30

The A B C Stores in Franklin County report sales for the month of June amounting to \$11,887.30. This represents almost \$4,000 gross profit. The Franklin County store reported sales amounting to \$8,760.85, and the Louisburg store \$3,126.45.

A definite objective is the first aid to progress.

R. E. A. MEETING MANY CHANGES ARE MADE IN PERSONNEL OF WAREHOUSES

Chester Lake, Representing R. E. A., of Washington, Mr. Bailey Representing Carolina Power & Light Co. Present

Passing a motion almost unanimously authorizing the County Agent to proceed with the County Survey of prospective electrical lines in the county, and submitting same to the R. E. A. at once for approval, the survey not to include any lines now under actual construction by the Power Companies and the election of a new County Committee composed of M. T. Lamm, Chairman, E. J. Morgan, Secretary, T. C. Gill, B. F. Wilder, W. C. Perry, T. W. Boone, J. K. Tharrington, Dollie Pearce, David Fuller, Arthur Strickland, F. W. Justice, Hugh Perry, to have charge of the County project, working in harmony with the County Agents office were the final results of the Rural Electrification meeting held in the Court House Tuesday evening.

This meeting was fairly well attended by interested rural residents and by Chester Lake, representing the R. E. A. from Washington City, and E. J. Morgan, County Agent, who explained the object of the meeting was to determine whether or not the people wished to continue county survey of the prospective lines or to give way to the Power Companies. Mr. Lake was presented to the meeting and assured the people of immediate and generous action on the part of the R. E. A. and Mr. Bailey was called upon to explain the attitude of the Carolina Power & Light Co. The position of his company, he said, was that they were in Franklin County on the invitation of many of its citizens to come in and give them service.

They were surveying several lines and hoped to reach the large majority of the citizens as early as it was possible to make the survey and construct the lines, that they were entering the county from the nearest connecting points to their lines.

The meeting soon developed into more of a round table discussion of the question, and wound up with very little definite information or action other than what was already in hand.

It was the general opinion that the people would get better or more general service by completing the County survey and receiving the approval of the R. E. A. and therefore the resolution and new committee.

Among those addressing the meeting in addition to Mr. Lake Mr. Bailey and Mr. Morgan, were Messrs. David Fuller, B. F. Wilder, M. T. Lamm, H. A. Faulkner, T. C. Gill, N. H. Griffin.

It was definitely learned that around 52 miles of electric service would be supplied Franklin County people soon, and it was the hope that this could be extended to practically all the county.

Mrs. Jane McKimmon was in attendance at the meeting with Miss Weaver, Home Agent, representing the interests of the Women of the county.

All Three Warehouses On Louisburg Market To Be Operated This Year—Committee Assured Of Strengthened Buying Facilities

Louisburg is to begin the 1936 tobacco market season under conditions that is expected to be a great deal more favorable than in the past. All three warehouses will be operated this season with changes in their personnel and with strong assurances from the several big companies and independent buyers of a greatly strengthened buying facilities for the new season.

Mr. Ben F. Wood, who has been with the Union Warehouse the past several seasons has leased the Southside Warehouse and has associated with him Messrs. Rix Pearce and Pier Williams, Jr. They will secure a strong force and give every convenience and accommodation possible.

Mr. Grover Harris, who succeeded his father in the pioneer warehousing firm of Meadows & Harris, together with Mr. Numa Freeman will operate the Union Warehouse this season. They will have with them Mr. Bill Alford and a strong force of assistants. Mr. Harris is well known to the farmers of this tobacco section and he tells us he is going to break a record with sales and service this year.

The Planters Warehouse will be run by Messrs. James Murphy and Arch Wilson, two of Franklin's most popular and successful tobacco growers and warehousemen. A full and strong force will be secured by these gentlemen whose aim will be to give the farmer all possible, both in accommodations and prices.

The market will open on September 22 and the entire town is joining with the warehousemen and buyers to make the Louisburg Market more popular this year than ever before. A committee who is cooperating is enthusiastic over the prospects of a much better market and much larger sales than heretofore and predict that Louisburg will make a big record in sales this season.

In addition the merchants are making plans to make all trading and visiting in Louisburg more pleasant and profitable than ever before.

Upon this Louisburg is extending a broader and more sincere, if possible, invitation to all to come to Louisburg and fellowship with us, mingle with us and profit with us the coming season.
