

FRANKLINTON NEWS

Picnic At Balance Rock
Members of the Young People's division of the Methodist church had a delightful outing at Balance Rock Monday afternoon.

Mrs. Shaw Hostess
Mrs. Jack Shaw entertained her bridge club Thursday evening. The home was beautifully decorated with cut flowers and four tables for contract were arranged in the hall and living room.

Reception for Visitors
Mr. and Mrs. W. A. Shearon delightfully entertained at a reception Tuesday evening, between the hours of 8 and 10 o'clock in honor of Misses Helen Carter and Mildred Carter of Charlottesville, Va., sisters of Mrs. Shearon.

Miss Lucille Creel invited the guests into the dining room, where Miss Janie Pearce presided at the punch bowl. Misses Daisy Purnell, Frances Vann, assisted in serving punch, cakes, mints Marian Sawyer and Sara Deal Purnell and nuts.

About 65 guests called during the evening.

VERY LATEST
By Patricia Dow

Designed in sizes: 12, 14, 16, 18, 20, 22, 24, 26, and 28. Size 14 requires 4 1/2 yards of 35 inch material. With short sleeves, 3 3/4 yards.

SMART VESTEE FROCK

Pattern 8700: The miss who dons this piquant model will be justly proud of her selection. Perhaps the pleated vestee front is the most noteworthy contribution to the lovely creation.

For PATTERN, send 15 cents in coin (for each pattern desired), your NAME, ADDRESS, STYLE NUMBER, and SIZE to Patricia Dow, The Franklin Times, Pattern Dept., 115 Fifth Avenue, Brooklyn, N. Y.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking spells and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Debt Service 1.60
\$1.85
An itemized statement of the above Expenses is on file at the Town Clerk's office for public inspection, until and after August 20th, 1936. 7-31-2t T. K. STOCKARD, Town Clerk.

The Advantages of the Drilled Well—Why and How it can be Made Typhoid-Proof!

As compared with the old fashioned dug well (or, more properly, "sink hole") we sum up the advantages of the drilled well as follows:
First—The well affords no room for stagnant water.
Second—A stream having been struck which flows through the well constantly, it never needs cleaning.
Third—When the surface water or any particular stream that is desired is properly cased off, nothing but pure water from below finds entrance to the well.
Fourth—It is more reliable in dry weather, since it does not depend on wet-weather ooze and seepage.
Fifth—It may be drilled through any kind of rock, no matter how hard, and put down in one-tenth to one-fiftieth the time required to dig a well.
Sixth—The dirt and drillings taken from the well amount to so little that the lot or yard where it is sunk is not disfigured by a pile of stone or dirt.
Seventh—There is no danger of man, or beast, or children falling into the well.
Eighth—It may be put down through a vein of coal or other minerals, shutting off surface water entirely.
Ninth—The casing excludes all rats, mice, worms and everything of that kind from the drilled well, while it is impossible to keep them out of a dug well.
Tenth—There is no money wasted in powder.
Eleventh—Where the natural conditions exist, a drilled well can always be made to flow by inserting casing properly.
Twelfth—It may be put down in a barn cellar, on the porch of a house, or in other places where, on account of blasting, a dug well would be out of the question.
Thirteenth—With all these great advantages, it is cheaper.
Remember, no well is a good well unless it is cased securely into the rock. A cheap drilling outfit will not pierce the rock, and its operator must be content to stop in the first (probably sewerage contaminated) surface stream.
