

"MILLS HI" NEWS

Everyone got off to a good start in "Mills Hi" this year. We are going to make it our very best.

The Seniors elected their class officers recently. They are: Pres. Billie Clifton; Vice-Pres. Herbert Scoggin; Sec.-Treas. Grace Johnson.

This is our last year in high school and we seniors are determined to make it the best of the 'leven. Save the best to the last you know.

The Jolly Juniors (or are they jolly studying geometry) elected their officers too:

Pres. Glenn Beasley; Vice-Pres. William Barrow; Sec.-Treas. Frances Wiggins.

The following are some of the nicknames of some of the Juniors: Jean Harlow, Hugh Perry; Champ William Wells; Fred Astaire, William Barrow; Grandma, Martha Holsten, Maxine Bailey; Venna, Louvenia Clarke.

The Sophomore girls are making wooten dresses these days. They'll come in handy, we think. They too have elected their class officers. They are:

Pres. Harry Fuller; Vice-Pres. John Sledge; Sec.-Treas. Clarence Bass.

Geel! There are a lot of Freshmen. Around 50. Some graduating class in '40 huh? As yet, they haven't elected their officers. Got to catch on to the 'ol "HI" ways.

Miscellaneous

Everyone likes Mr. Brown, our new high school teacher. He's a very smart man. A Phi Beta Kappa. "All work and no play makes Joe a 'Phi Beta Kappa'."

Edward Best beat us in baseball, boys and girls. But that's okay. We'll show the county who's who when cup time comes around, wont we, Peg?

We sure would like a day off for the Fair but we wouldn't dare hint. No, sir! not us.

(P.S. Heres hoping Mr. Stroud reads this.)

Au revoir.

Eighth Grade

The eighth grade of Gold Sand has been divided into two groups the A and B sections. Mr. Dark has put on a contest of bringing tobacco in order to get balls and bats for the athletes, and the groups of the eighth grade are trying to see which can bring the most, so that the group which wins can have a period off. The groups are working with a fine spirit and I hope that they will keep it up.

The Agricultural students have been working on the school grounds trying to improve it. Our enrollment is much larger this year than it has been in the past few years. 90% of the boys have paid their agriculture fees. Prospects show that we ought to do much more work this year. The members are very much interested in the work of the chapter, therefore we have good programs and good attention. We are all looking forward to our next local meeting.

George Tharrington, Reporter.

Best Literary Society

The Best Literary Society was postponed on account of the State Fair, because some of the members that were on program attended the fair Friday.

We will have our regular meeting Friday, October 23, and will elect new officers for the society and Beta Club.

Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

BLACK-DRAUGHT

October 24 in the basement of the Baptist Church at 10:30 o'clock. An interesting program has been planned. Mrs. Clark of the Art Center, Raleigh will be present to talk on Arts and Craft. The canning contest for the Ball and Kerr contest will be held at the meeting. All women who entered this will bring the exhibits to the Federation. The winners will be sent on to Raleigh for the State Contest.

The Jewish couple took their baby to the movies, where they were warned that unless the child was quiet, they would have to take their money and leave. Half way through the feature film the wife turned to her husband and whispered:

Wife: Veil, vot do you tink of it?

TIPS ON SHOE REPAIRING

Where Your Work Is Always Done Better

Our policy is to do shoe repairing a little better than somebody else would do it. That is the reason the work done here is far better than the average cobbling. A trial will convince you.

A little money spent on old shoes is well invested because of the added wear. Bring in the children's shoes and have them mended.
