Women Cast Big Vote

It is most gratifying to the women of Franklin County to know that in the recent election they cast thirty-eight per cent of all the votes cast. Mrs. Ben T. Holden, County Vice-Chairman, said that this result was due to the splendid cooperation of the women who worked with her, and also to the fact that women were informing themselves regarding the issues before the public. She stated that her goal had been fifty per cent of the votes, but that she felt the thirty-eight was a fine percentage, and that the women themselves would all help to make it fifty percent in another election, by registering, and then coming out to vote after they were registered.

"Misummer Night's Dream"

World's Most Noted Picture Book to Play Here at Popular Prices

Following its sensational success in many of the great cities of the world, where hundreds of thousands of delighted spectators paid from \$1 to \$10 for a ticket, Max Reinhardt's production of "A Midsummer Night's Dream" has now, for the first time, been made available for continuous performance at popular prices, and will be shown at the Louisburg Theatre on Tuesday, Nov. 17th.

Never has any motion picture received such acclaim as has this greatest of Warner Bros. pictures, according to Mr. Davis, Manager of the Louisburg Theatre.

"When I first saw the list of cities selected for the road show production of the 'Dream,' I tried to have Louisburg included," said Mr. Davis. "I made new efforts after I read the comments of the world's most noted theatrical and motion picture critics, but found it impossible to make arrangements."

"Warner Bros. had chosen a number of key cities for the road show production, and could not add to the list. Consequently, when I was notified the film would be released as a regular feature I made certain that patrons of the Louisburg Theatre would be among the first to see it at our regular prices."

"I am very glad to announce that this history making picture will be shown here, so that Louisburg may see the most discussed and highly praised picture ever produced."
