AMERICAN OBJECTS ALMOST REALIZED

The wholehearted and enthusiastic support that has been evidenced by the citizens of Louisburg and Franklin County is largely responsible for the satisfactory progress being made in retiring the indebtedness of Louisburg College.

The local cooperation together with the conference wide interest now being translated into a more substantial form, the Forward Movement of Louisburg College is in process of realization.

Bishop Paul B. Kern in a recent conference with some of the leaders in the Movement spoke favorably of the response from those churches reporting, "If we can get anything like the cooperation which we are asking and which the cause deserves, we shall burn those old mortgages, pay these old debts and begin a new day at Louisburg," stated Bishop Kern.

Special emphasis is being given the Movement during this month with the hope that the full amount may be subscribed by this time.

W. R. Mills, County Chairman, and his committee plan to raise at an early date the balance to complete the quota of \$10,000.00 which was accepted as the county's share.

Reports continue to come into headquarters from churches throughout the Conference with a regularity that indicates the church organizations are actively at work.

Franklin County Receives Appointment

To Be The Biggest Event Of The Year

The Franklin County Fair which will be held the week of the 4th of October will bring more people to Franklin County and Louisburg than any other event held during the entire year.

More interest is being shown in this fair than in any one in previous years. The weather man has promised a fine week and everybody will have a good time. The space in the exhibit hall is at a premium and the Secretary advises us that the building will be literally packed with exhibits. A number of commercial exhibits have applied for space and had to be refused because the space has been reserved for farm products and the many things made in Franklin County.

Wednesday will be School day and also Stock day and all people who have good stock will bring it on that day. Those who enter meritorious stock will be the guests of the Fair Association for Wednesday.

Season tickets are being sold which will admit the purchaser to the grounds each day for the sum of one dollar.

The ticket books have three tickets for each day and also have coupons for the drawing at the grandstand each night. No season ticket will be sold after the Fair opens.

The midway will be supplied with shows and amusements that will delight all, young and old, and the new Octopus ride will be the first booked at any Southern Fair.

The people of the county have always enjoyed the Fair and have cooperated in every way to make it the "Best County Fair in the State" because we are all proud of our county.

The week of October 4th will be our holiday week.
