Farmers in Gaston County who have borrowed money from the Farm Credit Administration and have responded to the suggestions and help of the county agent are those who are making their payments promptly and whose farms are in excellent shape, say representatives from the Land Bank who inspected the farms recently.

SUNDAY SCHOOL LESSON

by REV. CHARLES E. DUNN

Christian Renewal. Lesson for October 24th. Titus 3:1-11. Golden Text: Titus 2:11.

We know little about Titus. Neither his place of birth nor his age is recorded. A convert from heathenism, he was probably won to the cause of Christ by St. Paul. We first hear of him as a companion of Paul on the fateful visit to Jerusalem described in Acts 15 when the question of the circumcision of Gentile Christians was strenuously debated.

Titus then drops out of sight for the next few years, but it is reasonable to assume that he traveled with Paul and assisted him in his evangelistic campaigns. We next hear of him in Paul's second letter to the Church at Corinth where he is mentioned 9 times. From these references we learn that Titus visited Corinth more than once as the trusted representative of Paul who delegated him to organize and complete the collection for the poor Christians of Judea which the apostle was so anxious to gather, and also to restore order at a time of disaffection in the Corinthian parish.

There is another gap in the story of Titus until the period covered by Paul's Brief letter to him. Here we learn that he had accompanied the Apostle on a visit to Crete, and had been left there by him to "set right the things which still require attention, and appoint Elders in every town."

Titus, like Timothy, was a very reliable, efficient helper to Paul. He was evidently endowed with firmness tempered with tact and common sense. It is a pleasure to get the fleeting glimpses from the New Testament pages of his fine character and devoted service.

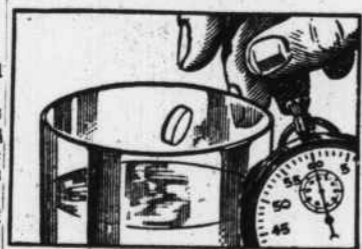

"LIGHTHOUSE NAN"

Zebulon, Oct. 12.—"Lighthouse Nan" is the name of the play to be presented at the Pearce school building, Friday evening, October 29th at 8 o'clock.

Mercer; Moll Buzzer, Gerald Turnage; Hon. Sarah Chumley Choke, Vivian Perry; and Hortense Enlow, Rosaline Ray.

An up-to-date trench silo has been dug and filled on the Durham County Home Farm, says the farm agent. The new silo is lined with builders paper, drained with a terra cotta pipe, and is well covered.

READY TO BRING YOU RELIEF IN MINUTES

THE REASON BAYER ASPIRIN WORKS SO FAST

Drop a Bayer Aspirin tablet into a tumbler of water. By the time it hits the bottom of the glass it is disintegrating. This speed of disintegration enables genuine BAYER Aspirin tablets to start "taking hold" of headache and similar pain a few minutes after taking.

YOU can pay as high as you want for remedies claimed to relieve the pain of Headache, Rheumatism, Neuritis, Sciatica, etc. But the medicine so many doctors generally approve—the one used by thousands of families daily—is Bayer Aspirin—15¢ a dozen tablets—about 1¢ apiece. Simply take 2 Bayer Aspirin tablets with a half glass of water. Repeat, if necessary, according to directions. Usually this will ease such pain in a remarkably short time. For quick relief from such pain which exhausts you and keeps you awake at night—ask for genuine Bayer Aspirin.

WHAT'S WHAT ABOUT SOCIAL SECURITY

Question: In making reports under the Social Security Act do I have to give my employee's account number and his name as it is written on his account number card?

ANSWER: Yes, you should give your employee's social security account number on those reports calling for that information and you also should give his name as it is on his account card. For example: If the employee's name were Richard Roe, but he had obtained his account card under the name of Dick Roe, you would use Dick Roe in making your reports.

Question: One of my employees has two social security account numbers and has asked me what he should do about them.

ANSWER: Each of your employees should have only one account number. Possession of more than one account number is not in the best interest of the employee. Seek to have your employee turn in to the nearest Social Security Board Field Office for cancellation all but one account number card. On the back of each card turned in for cancellation there should be written plainly and accurately the number of the account card retained by the employee.

Question: Is the Social Security Board making any old-age insurance payments now and will I be eligible to receive a payment when I become 65 years of age next month?

ANSWER: Lump-sum payments are now being made by the Social Security Board to eligible workers. A lump-sum payment is now due to the worker who has reached 65 since January 1, 1937, and who has been paid wages for work done as an employee since December 31, 1936, and before he reached 65, in any employment which is not specifically excepted under the old-age insurance provisions of the Social Security Act. In order to receive a lump-sum payment you must file a claim. Your nearest Social Security Board Field Office will give you every assistance.

Question: How many States have public assistance plans operating under the Social Security Act?

ANSWER: The District of Columbia, Alaska, Hawaii and every State, except Virginia, has a public assistance program, approved by the Social Security Board, in operation under the Social Security Act. Virginia still has the mat-

ter under study. Question: Will everybody out of a job get unemployment compensation?

ANSWER: No. Unemployment compensation will be paid only to those unemployed workers who register for employment and who otherwise qualify under the State unemployment compensation law. Payment of unemployment compensation will begin next January in the District of Columbia, Maryland, North Carolina, Virginia, West Virginia and in many other States, and each worker should inform himself about the provisions of his State law.
