SCHOOL MASTERS' CLUB MEETS AT BUNN HIGH SCHOOL

The School Masters' Club of Franklin County held its fifth and final meeting for this school year, Thursday evening, April 21, at the Bunn High School, with Mr. Timberlake, our president, presiding.

Mr. Lamm, chairman of the program committee, called upon Supt. Mills to introduce the speaker for the evening, Professor Phillips of the University of North Carolina. Mr. Phillips used for his topic "Some Characteristics of Teachers and Principals." In his talk he pictured all types of teachers and principals. In conclusion he described a real teacher, namely, one who is healthy in mind, body and spirit, wealthy in willingness and kindness, faced with ones time and talents, and thoughtful of the welfare of the child.

All enjoyed Professor Phillips talk, and feel that they were greatly benefited by having him speak to this club.

Our president extended thanks to the Bunn people for making it

possible for us to meet in their school. After a short business meeting the club adjourned.

LOUISBURG BAPTIST CHURCH

To a large congregation Dr. J. D. Simons brought a timely and appealing message on the subject "The Good man." Designating Caleb a good man, he proceeded to speak of his great faith, his splendid courage and whole-hearted consecration to God. There was one addition to the church by letter. The session of the Sunday School was well attended. There were 68 at the closing assembly of the Training Union. The evening service brought together a goodly number of worshippers, at which the pastor preached on the subject, "Casting a Shadow." And thus another Sunday rich in spiritual blessings was brought to a close.

This Sunday marks the beginning of May, in which the major emphasis is on the Christian Home, whose importance to the establishment of the Kingdom of God on earth will be revealed through a mother-daughter banquet on Tuesday evening, May 10; through a family service on Sunday morning, May 15, at which the members are expected to worship by families; and through messages on the Christian home at the morning services.

The subjects of the messages for this Sunday are "Family Religion" and "Successful Christian Living." The public is cordially invited to attend these services.

JUSTICE P. T. A. MEETING

The Justice P. T. A. held its last meeting during this school term Friday night, April 22 at 8 o'clock. A splendid program was rendered by the fifth grade. From the reports made by the various committees we have had the most successful P. T. A. year we've ever had. Funds amounted to a great sum and much had been used to benefit our school instruction. A very interesting program has been given each time by one of the grades. Attendance has been grand. Interest seems to be running at a high ebb.

At our last meeting we did not have a main speaker but we had a general good time being fortunate enough to have many speeches by our school committee, parents, teachers and also Mr. Taylor Boone told the glad tidings of prospects for our new building.

Our lunch room for the coming year is well under foot and great prospects for an even greater school year seems in store for us. The P. T. A. has had as its main officers: Pres., Mrs. M. J. Hayes;

Sec'y., Miss Rachel Wheless; Treas., Mrs. Floyd Frazier. Our officers for the coming term were elected as follows: Pres., Mrs. M. J. Hayes; Vice Pres., Mrs. P. R. Bunn; Sec'y., Mrs. Bob Har-

ris; Treas., Mrs. Floyd Frazier. There being no other business we sang one verse of "God Be With You Till We Meet Again," and the benediction was pronounced. Cont.

The work on putting in a water main on Halifax road is progressing nicely and will be quite a convenience to the people along this street as well as a much needed protection against fire. While this work is in progress and half of the street blocked by the improvement something should be done to stop cars from parking and stopping along the other half of the street, making passage difficult and dangerous.

Now that it seems possible to get relief labor, and that there are so many needing this work, it occurs to us this is an opportune time for the town of Louisburg to contemplate providing additional streets leading out of town in each direction. It would not only be a great convenience to be able to leave or enter town over more than one street from either direction but would be of real necessity in an emergency. Besides this it would open up sub-divisions that would enable more people to buy and build homes. All of this extension could be done so much cheaper now than ever before and may be in a long time in the future.

Quite a bit of dissatisfaction on the part of farmers at the tobacco acreage allotments has been in evidence in Louisburg the past week. It seemed that no one had realized the extent of a cut in crop and when the reduced acreage was announced many were left without a sufficient amount of crop to make living expenses. This reduction was not understood by a large number of farmers who had heard so many arguments to the contrary. It is a serious situation and it is hoped it will work out to the benefit of all. The committees had a hard problem, but have done their work well. They could not give allotments without the allotments to give. Possibly the statement of County Agent Morgan in this issue wherein he states no one is bound by this allotment, but can plant all they wish, may be some relief. It is hoped that the distribution of the poundage may not raise another serious question.

Bailey Asks Full Study Of Imports

Washington. — Senator Bailey (D-NC) requested Secretary Hull Thursday to investigate the "whole subject" of imports of farm products into the United States.

Bailey said he was particularly interested in 12,000 bales of East Indian cotton recently shipped into the country and stored at Richmond, Va., for a North Carolina blanket mill.

Senator Smith (D-SC) commented: "It is deplorable, but what can we do about it?"

Bailey, in his request to Hull, cited figures compiled by private sources which valued 1937 imports of foreign cotton at \$3,500,000.

Senator Reynolds (D-NC) said: "The time has come when we must begin to think of protecting the American farmer." Reynolds said, "It is regrettable we are importing cotton when the farmers of this country need a market."

Mr. and Mrs. H. C. Powell and children, of Roanoke Rapids, visited relatives near Louisburg the past week.
