

Flying for Fair

Frank W. Fuller Jr., air speed king, watches while pretty Zoe Dell Lantis, the "most photographed girl in the world" puts finishing touches to a Golden Gate Exposition emblem on Fuller's plane in which he will attempt new inter-city records this year. Fuller, Bendix trophy race winner, has been appointed "Chief Pilot" for the 1939 World's Fair of the West, on Treasure Island in San Francisco Bay.

FRANKLIN AT WAKE FOREST

Wake Forest, July 23.—Twenty Franklin County students are among the 1002 enrolled this season at the Wake Forest-Meredith summer school.

They are: Mrs. Gladys W. Collier, William B. Barrow, Jr., John Holden, Rachel Wheelless, Ollie Wester, Susan Ford, Mary Dickerson, Gertrude Foster, Mrs. Frank R. Rose, Willard A. Huggins, Mrs. Emma Lawrence Lewis, all of Louisburg; Julia Fuller, A. E. Mercer, Mrs. Electa R. Hardy, George Gilliam, Daisy Purnell, Billie Newell, Fay Ruth Parker, Beverly Vann, all of Franklinton; Fannie Irene Gupton, of Gupton.

The enrollment is made up of students who come from 20 states, 95 North Carolina counties, China and Brazil. Sixty-seven colleges are represented.

'WAY BACK WHEN

FAMOUS AVIATRIX ONCE DROVE A TRUCK

THIS is a note of encouragement for parents who may not understand them. Girls who fall into the classification of "tom-boys" usually simply have a stronger spirit of competition or a greater streak of adventure than other little girls. Their greater activity may be early expression of a sense of leadership which may later lead to fame.

Amelia Earhart, queen of aviation, was a tom-boy. Born in Atchison, Kan., in 1898, she was an unusually active little girl. She loved rough and tumble games, and she could beat most of the boys her age in sports and contests. She graduated from Hyde Park high school in Chicago and went on to a girl's school in Rydal, Pa. From school she went to Canada where she worked as a nurse's aide in a Toronto war hospital. Stories of World War pilots appealed to her sense of adventure and daring; and Amelia made her way to California, determined to learn to fly.

Here her self-reliance and "tom-boy" courage was helpful, for she had to earn the money for her instruction. Amelia Earhart worked for the telephone company and even drove a sand and gravel truck. Later, she attended Columbia university. She held 28 different jobs while perfecting herself in the art of flying. In 1928, she won the plaudits of the world by being the first woman to fly the Atlantic. As a result of this flight she gained recognition as the foremost woman flyer, became aviation editor of Cosmopolitan Magazine, and vice president of two important commercial airlines.

North Carolina farmers now plant only about one-half of the acreage in oats that they did during the 70's and 80's, report State Department of Agriculture statisticians. The trend, however, has been upward since 1928.

Professor—If you boys keep up like you are now, you'll be like Napoleon.
Class (in unison)—How's that?
Professor—You are all going down in history.

FOR HOME AND DRESS Pattern 8868

Women with a desire to look slim and comfortable around the house will find this pattern a grand choice. Note how very easy it is to make. Back and front are each cut in one piece from shoulder to hem and the front closing is neatly scalloped for a very trim finish. The short sleeves are set in to give you plenty of freedom about your work and the waistline is darted for a smooth, long line.

Choose a lovely cotton which is so numerous this season—a bright print on dark ground would be particularly lovely.

Pattern 8868 is designed for sizes: 34, 36, 38, 40, 42, 44 and 46. Size 36 requires 4 1/2 yards of 35 or 39 inch material with short sleeves. Plus 1/2 yard contrast.

Pattern 8159

This dress has a graceful six-gored skirt, a tailored top with soft roll collar and very short, full sleeves, puffed high at the shoulder. Ruffling or lace edging at the edges of collar and sleeve edges dress it up enough so that you can wear it for afternoon and supper parties. Fullness gathered into the shoulder yoke adds to its grace of line.

It would be lovely in a plain-colored sheer navy, black or the new earth-brown, brightened by the touch of white.

Pattern 8159 is designed for sizes: 16, 18, 20; 40, 42, 44 and 46. Size 18 requires 4 1-8 yards of 39 inch material, with 3-8 yard for collar in contrast, and 1 1/2 yards lace or ruffling.

(Enclose this coupon-box with your pattern order.)

For PATTERN, send 15 cents in coin (for each pattern desired), your NAME, ADDRESS, STYLE NUMBER and SIZE to Patricia Dow, The Franklin Times, Pattern Dept., 115 Fifth Avenue, Brooklyn, N. Y.

Wilkes farmers report excellent yields of oats and wheat, fine tobacco and the best corn crop in years; but cool nights and abundant rainfall has caused the cotton to be small and grassy.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste
Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.
Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.
You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet weak, nervous, all played out.
In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

The cotton boll weevil thrives in moist, rainy weather because a high percentage of the larvae can emerge from infested squares, reports Chief Entomologist C. H. Brannon of the State Department of Agriculture. During hot dry weather large numbers of the larvae died before they can mature, he added.

Edgecombe farmers visited sheep breeders of southwest Virginia recently to purchase pure bred rams for improving flocks of the County.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardul has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Ground limestone is beginning to move into western North Carolina counties as farmers plan to earn their soil building goals through the use of this material.

E. Carl Allison of Brevard, Route 3, has a herd of Hereford hogs marked similarly to Hereford beef cattle. A new pasture has been seeded for the hogs.
