BAPTIST TRAINING UNION WELCOME SOCIAL FOR COLLEGE STUDENTS

On Friday evening at 7:30 the members of the B. T. U. and their friends from the Juniors, Intermediates, Seniors and Adults met simultaneously but separately for games and recreation fitted to the age group.

Mrs. N. C. Mullen led the Junior group, Miss Billie Phillips the Intermediate, Miss Elizabeth Lassiter the Senior, and Mrs. Gladys Bailey the Adults.

The Senior group comprised of the local young people and the college young people began their evening getting acquainted. There were about 64 Seniors present. Stunts were put on by four groups representing Negroes, Italians, Indian and the American. Each showed cleverness, on part of individuals and groups.

At 8:30 the B. T. U. family came together. Each person was given a name and he or she had to find the rest of the family. When the families were united a "family council" was called at which time the Director, Miss Lassiter welcomed the college students to every service of the church. The Chief Counselor Dr. J. D. Simons, pastor was called on to counsel the group. Mrs. Gladys Bailey led the group in singing old favorite songs.

The Assembly Hall was very attractively decorated with cut flowers, ferns and ivy. Ivy and crepe myrtle made a beautiful center setting for the punch bowl. Mrs. W. R. Sheffield assisted by Misses Helen Faust, Lillian Young, Imogene Phillips and Mrs. C. R. Young served punch and wafers to about 100 individuals.

Mrs. Alice Uzzell at the piano played as the families paraded. The group was thus served by families.

At the very close of the evening Mrs. Gladys Bailey sang "Now the Day is Over". Dr. Simons dismissed the group with a Benediction.

BIRTHDAY PARTY

Mrs. Graham Radford gave her daughter, Flora Perry, a birthday party last Sunday, Sept. 11. Her birthday was Sept. 12. She was 12 years old and 12 guests with her former teacher, Miss Mary Dickerson, was invited. They played games and had a good time out in the yard for about an hour after which Miss Dickerson lead them through the front entrance where they sang "Happy Birthday." They followed Flora Perry then to the dining room where Miss Dickerson gave thanks and sandwiches and coffee was served. After eating Flora Perry opened up her many beautiful presents she received. A second course was served then consisting of the big white birthday cake, pickles and iced lemonade. They played more games, laughed and talked a while then all left declaring they had had a good time and wishing Flora Perry many more happy birthdays. Each guest received a little cup of mints at the door.

GOLD SAND NEWS

The Gold Sand Community Fair will be held Oct. 7, 1938 at Gold Sand High School. This year's fair is being sponsored by the Parent-Teacher's Association in cooperation with the Department of Vocational Agriculture.

The 1938 Fair will differ from previous ones in that more emphasis will be placed on school activities and community cooperation. This emphasis will enable the parents and citizens to see what is being done by the school children, also to see the fine work being done by the farmers and their families of the community.

The fine spirit of the community makes this fair possible of which we are all justly proud. We wish to express our sincere appreciation to the various communities in the school district, for their superb interest and to congratulate them on the fine work they are doing.

E. M. Alexander, Teach of Agriculture, Gold Sand.

READ IT OR NOT

When Abraham Lincoln took office, five ex-presidents were living. . . . a greater number than at any other period in history. They were: Martin Van Buren, John Tyler, Millard Fillmore, Franklin Pierce and James Buchanan. No President elected between 1836 and 1860 had served more than four years, and this made the situation possible.

Does it work out that way? The newly-weds had just got off their train.

Bride—John, dear, just try to make the people think we've been married a long time.

Groom—All right, honey. You carry the suitcases.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be sagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

DOAN'S PILLS

INDUSTRY AND AGRICULTURE

The best news that has come out in a long time is the report from Detroit that the big automobile companies are calling men back to work and that the rains have changed the "dust bowl" back into productive farms which promise the largest yield of wheat in a quarter of a century.

The motor manufacturers reduced their output for 1938, with the result that most of the stock is practically sold out, and in the higher-priced cars buyers are gobbling up the best of the "used" cars of last year's models. Now the makers of the popular-priced cars are looking forward to larger sales than ever of their new models, and are preparing to put them on the market earlier than usual.

One of the reasons for the car-builder's optimism is the certainty that there will be many millions more dollars flowing into the pockets of farmers as this year's bounteous harvest is marketed. That much of this money will be spent for new cars is regarded as certain, for the motor-car is as essential to farm life as the horse and buggy used to be. Probably the worst examples of worn-out cars still doing duty can be found in the regions where farmers have seen little or no money coming in for the past few years.

Prosperity in American has always been measured by the productivity of our farms and the ability of the rural population to buy the product of our factories. That is as true today as it ever was, though the proportion of farm folk to city dwellers continues to diminish.

There are still more than six million families living on farms, twice as many more living in rural communities and small towns dependent in large measure upon the prosperity of the farmer. And the automobile industry is only one of many equally dependent on farming.

LOUISBURG BAPTIST CHURCH

The past Sunday was Homecoming Day for the members of the Louisburg Baptist Church. Speaking on "The Holy Quest" the pastor caused his hearers to ponder the direction their life is taking. As the Christian proceeds on this Quest there are several essential points that will bring ultimate success. Practicing a wise forgetfulness of failure, except as a failure may be turned to a profitable experience; anticipating eagerly the glories outstretched before us; concentrating all to bear upon one thing will lead one nearer to the goal of the Holy Quest, that is to be like Christ.

"My Task" sung by Miss Bessie Lancaster contributed to the success of the worship service. At the appeal of the pastor three individuals came by letter to unite with this church. Sunday School at 9:45 A. M. Baptist Training Union at 6:45 P. M. At the morning worship hour 11:00 A. M. Dr. D. E. Earnhardt of Louisburg College, will bring the message. At the Evening Worship, 7:30 P. M. Dr. J. D. Simons, Pastor will speak on "Christ's Challenge to Youth". We welcome you to all services of our church.

SOMETHING NEW AT METHODIST CHURCH

Next Sunday night at the Methodist Church in Louisburg there will be a new feature introduced in the devotional period of the preaching service. This will add something to the impressiveness and beauty of the Church setting which will doubtlessly be pleasing to the local members and visitors. The evening service will begin at 7:30, and the pastor will preach on the Lord's Prayer.

The Epworth League will meet at 6:30 rather than at 7:15 as during the summer months.

In the morning Sunday school is at 9:45, and at the 11:00 o'clock service Mr. Phillips will preach on the topic, "As Well as Expected."

Each week the prayer service is at 7:30 on Wednesday and choir rehearsal at 7:30 on Thursday.

On October 9, there begins the week of special autumn evangelistic services. The church will appreciate cooperation in keeping the evenings of that week as free of community and social engagements as possible. Rev. R. E. Brown of the First Methodist Church in Henderson will be the visiting preacher.

Marvin Clay, Route 4, Concord, has purchased a purebred Berkshire male from Clemson College and two Berkshire females from Pinehurst for breeding purebred hogs.

Duplin County cotton ginners are pessimistic over prospects this season since weather conditions have been unfavorable for the production of cotton in their section.
