tion. Dr. Kent is a godly learned priest of the church. We appreciate deeply his visitations to us once a month. We extend a very cordial invitation to all of our friends to attend our services. George C. Pollard, Missionary.

IN MEMORIAM

In loving memory of our dear grandfather, Mr. J. H. Wood, Jr., who passed away one month today, November 4, 1938.

Words cannot express the loneliness we have felt since his passing but we have the assurance that he is now resting in the arms of Jesus. His life was a real benediction to all with whom he came in contact.

Of all the words of tongue or pen there never was another that stirs the hearts of rich or poor, of old and young like "Grand Dad." Why should we lament our case since God has thought it best to take his soul from hence away to its eternal rest? Since it is so let sorrow's go; our God hath sent his rod; He doth his will, we must be still and know that he is God.

His Granddaughter,
ELSIE WOOD.

BETTER PASTURES

Limestone and triple-superphosphate applied on pastures by demonstration farmers of Yancey County have extended the grazing period from 30 to 60 days and the cattle and sheep weigh from 10 to 15 pounds heavier due to this pasture treatment.

Uncle Jim Says

City people do not profit by big surpluses of farm products. In the early 1930's when surpluses were greatest, breadlines were longest.

BREEDING

The breeding of better pasture and hay crops is likely to follow somewhat the same course as corn breeding—first by mass selection, and later, perhaps, the development of hybrid strains from inbred lines.
