

LOCAL HAPPENINGS

The TIMES wishes to correct a mistake appearing in last week's issue due to a typographical error—Announcement of the birth of a baby girl to Mr. and Mrs. Davis W. Perry should have occurred not to Mr. and Mrs. O. W. Perry.

HEALTH DEPARTMENT

Dr. R. F. Yarborough, County Health Officer

In the report from the Franklin County Health Department made by Dr. R. F. Yarborough for the month of February we find that there has been a total of 33 births recorded in the County—21 white, 12 colored. There have been 16 deaths—10 white, 6 colored; and 2 stillbirths, both colored.

Causes of deaths: Cardio Vascular Disease 1, Hypertensive Heart Disease 1, Accidental fall, Injury to Hip, 1, Pneumonia 1, Cerebral Embolus 1, Inter Cranial Hemorrhage 1, Carcinoma 3, Uremia 1, Premature 1, Heart Failure 1, Unknown—Found in Pond 1, Unknown—No Physician 3.

Reportable Diseases: Influenza 29, Pneumonia 1, Septic Sore Throat 1, Scarlet Fever 1, Gonorrhea 6, Syphilis 14, Whooping Cough 6, Measles 1.

Syphilitic Treatments 235, Urinalysis 7, Tuberculin Test 16, Wasserman test 69, Gonorrhoea slides made 21, Sputum examinations 3, Toxoid given 10, Typhoid Fever immunizations 2, Whooping Cough 10, doses 16, Dressings 7, Yeast distributed 12 pounds, Milk 15.

School clinics have been held in every school of the county during this school year with a total of 6,115 children being examined, 4,809 or 78.6 per cent of whom were found to be defective with one or more defects.

Midwife, Pre-Natal and Infancy Clinics. Three clinics were held with 3 midwives present, Pre-natals present 5, Mothers present 11, Babies 18—a total attendance of 37.

A venereal clinic was held in the office each week.

SEABOARD STORE CO. have a special sale on Automobile Glass and are offering it at the following prices: 18x25 - 18x32 - 18x34 - 16x32 Regular Price \$2.00 - Special Price 95 cents. Also a good assortment of Windshield Glass. Special price \$1.29. 3-10-39

Savings Plan Spurred By New York Fair Interest

In at least thirty-eight States banking institutions are now operating New York World's Fair 1939 Savings Clubs, organizations for depositors which induce them to save stipulated sums each week for a trip to the Fair next Spring.

This savings plan, announced just one year ago, has for its slogan, "Save Today to See the World of Tomorrow" and several banks have linked it to their Christmas and Vacation Clubs.

Fair Clubs, following closely the pattern of those in banks, have also been set up in the colleges and schools.

The prompt and favorable reaction to Fair clubs came after booklets explaining the idea had been sent to 17,000 banks in all of the nation's forty-eight states by Grover A. Whalen, President of the Fair Corporation.

"The operation of the New York World's Fair 1939 Savings Clubs," Mr. Whalen pointed out at that time, "will make it possible for many to enjoy the Fair who, otherwise, might be unable to make the trip."

Seven classes of clubs are provided for under the plan. These, respectively, call for weekly deposits of fifty cents, \$1, \$2, \$3, \$4, \$5, or \$10. Accumulating to totals of \$40, \$50, \$160, \$240, \$320, \$400, and \$800, these sums will be payable by check to the depositors before the Fair's opening day.

Personals

Mrs. Missouri Pleasants is attending the State D. A. R. Conference at Statesville.

Miss Elizabeth Lassiter attended the State W. M. S. meeting in High Point this week.

Miss Edna Oliver, of Henderson, was guest of friends in Louisburg the past week-end.

Miss Lucy Perry Burt, of Raleigh, was the guest of her people in Louisburg the past week-end.

Mrs. W. W. Webb visited her daughter, Mrs. J. R. Gardner, of Danville, Va., the past week-end.

Miss Dick Ogburn, of Alberta, Va., was guest of relatives and friends in Louisburg Saturday.

Mr. and Mrs. Ira Inscow, accompanied by Mr. and Mrs. Phil Inscow, spent last week in Florida.

Mrs. Charles T. Hoyt, of Washington, N. C., is guest of her parents, Mr. and Mrs. R. A. Pearce.

Miss Anne Elizabeth Wortham and Miss Dorothy Kimball spent Sunday in Henderson and Townsville.

Mr. and Mrs. Charles Lea, Jr., of South Boston, Va., were guests of his people in Louisburg the past week-end.

Miss Dorothy Foster, of the Mt. Glead School faculty spent the past week-end with her parents, Mr. and Mrs. S. C. Foster.

Miss Mamie Davis Beam, of the Red Oak School faculty, was guest of her parents, Mr. and Mrs. G. M. Beam the past week-end.

Mr. and Mrs. E. F. Thomas, Misses Martha Grey King and Talmadge Thomas spent the past week-end in Martinsville, Va.

Mr. and Mrs. Sturgis Collins and son, and Mrs. Fleming, of Henderson, were guests of Mr. and Mrs. C. M. Watkins Sunday.

Mr. and Mrs. Freeland Green and daughter, of Greensboro, were guests of relatives and friends near Louisburg the past week-end.

Miss Rebecca Ann Holden and Mr. Ben T. Holden, of Raleigh, were guests of their mother, Mrs. Willie S. Holden, the past week-end.

H. G. BREEDLOVE

Mr. H. G. Breedlove died at his home on the 15th of February, 1939, after having suffered ill-health for the past two years, death occurring after a short severe attack. The deceased was 59 years of age and is survived by his wife by a second marriage, and six children born by his first wife, who preceded him to the grave 12 years ago. Mr. Breedlove was a highly respected citizen and friend in his community. He was born and reared in Franklin County but for the past twenty years was a resident of Nash County. He was a member of Corinth Baptist Church of Nash County. His widow was the former Miss Hessie Knight, of Durham County.

The body of the deceased was laid to rest in the cemetery of Corinth Baptist Church in Franklin County, where Mr. Breedlove maintained his church affiliations when living in Franklin County. The funeral services were attended by a host of friends and relatives who wished to express by attendance and service their esteem and admiration for the deceased who was held as a dear neighbor and citizen. The services were conducted by Rev. Mr. Johnson of Nash County; flower girls were the granddaughters of the deceased. The bereaved family have the sincerest sympathy and condolences of their many friends.

JUDGES OF THE FRANKLIN TIMES POPULAR BABY CONTEST

HAMILTON HORGOOD
Judge Recorder's Court

T. MORTIMER HARRIS
Postmaster

T. K. STOCKARD
Town Clerk

Louisburg Man—Your wife is a very systematic worker, isn't she?
Friend—Yes, very. She works on the theory that you can find what you want when you don't want it by looking where it wouldn't be if you did want it.

If Tom Mooney thinks his decision to divorce his wife, after the battle she waged to get him out of prison, is going to increase his general popularity, he has sadly lost touch with the American idea of sportsmanship.

War certainly can make the time fly. Its been 20 months now since Japan started out to subdue China in a few weeks.

Maudie—Was he on his knees when he proposed to you last night?
Gracie—No, I was on them.

EXECUTOR'S NOTICE
Having qualified as Executor of the estate of John Edwards, deceased, late of Franklin County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 10th day of March, 1940, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This 9th day of March, 1939. 3-10-6t J. A. WILLIAMS, Extr.

People outside of Spain have more than an academic interest in what is going on there when it is noted the foreigners have investments of \$500,000,000 in that unhappy land.

Frank—Say, Calvin, do you know Sally Starves?
Calvin—The mischief she does?
Frank—No, no! Jim Starves's wife.
Calvin—Well, the son of a gun.

One of the best ways to see ourselves as other folks see us is to stand in front of those triple mirrors when buying clothes. You won't be so self-satisfied.

"Cop" Perry wonders what has happened to the old-fashioned grocer who used to give you a bag of candy when you paid your bill on Saturday night.

It is harder to remember the names of women than of men. Some of them change names so often.

"It isn't so much what a candidate stands for in this country," sighs Jim Hendrix, "but what we voters fall for."

POTASH PAYS

W. J. SNIPES, R. D. 2, Hurdlesmill (left), says: "In 1938 I followed the recommendation of my Experiment Station and side-dressed my tobacco with 100 pounds of NV SULPHATE OF POTASH per acre in addition to using 6% POTASH fertilizer under my crop. My tobacco had more weight and less disease. Many of my neighbors plan to use NV SULPHATE OF POTASH in 1939 to produce bigger yields of better quality tobacco."

R. C. ROBUCK, R. D. 1, Robertsonville (right), says: "3-8-8 gave me 150 pounds more tobacco per acre than 3-8-5 in a test on my farm in 1938. The 3-8-8 tobacco had more weight and less disease."

WOODLEY HILL, R. D. 1, Deep Run (right below), says: "I am farming with my father-in-law, Albert Heath. We switched from 3-8-5 to 3-8-8 tobacco fertilizer. We will use 3-8-8 again this year because it has given us bigger yields of better quality tobacco."

H. E. AVERETTE, R. D. 5, Oxford (left), says: "Last year for the first time I side-dressed my tobacco with 50 pounds of NV SULPHATE OF POTASH per acre in addition to using 6% POTASH fertilizer under the crop. The extra potash produced bigger yields and the yellow spots, indicating disease, were greatly reduced. I will increase my NV SULPHATE OF POTASH side-dressing this year—using 75 to 100 pounds per acre."

Says Mr. Hardison

W. M. HARDISON, R. D. 3, Williamston, Martin County, conducted a fertilizer test on his farm last season to find out just how much NV SULPHATE OF POTASH his tobacco could use at a profit. On a field which received 1,000 pounds of 3-10-6 fertilizer per acre, he side-dressed five different plots with different amounts of NV SULPHATE OF POTASH, 20 days after transplanting. The table below shows the results he obtained.

Side-dresser Per Acre	Total Yield Per Acre	Average Price Per 100 lbs.	Value of Crop Less Cost of Fertilizer
No Side-dressing	1110	\$24.28	\$257.38
NV SULPHATE OF POTASH 80 lbs. per acre	1110	26.69	281.92
NV SULPHATE OF POTASH 180 lbs. per acre	1005	26.05	244.08
NV SULPHATE OF POTASH 280 lbs. per acre	1060	26.77	263.84
NV SULPHATE OF POTASH 380 lbs. per acre	1065	27.54	270.61
NV SULPHATE OF POTASH 480 lbs. per acre	1185	27.97	306.06

MR. HARDISON'S results are a striking demonstration of the effect of NV SULPHATE OF POTASH on improving the quality of tobacco. Where the extra potash was used, the tobacco ripened much better and produced broader, better-developed leaf which sold for a higher price. Many growers in this section have produced bigger yields of better quality tobacco by side-dressing with NV SULPHATE OF POTASH at 100 to 200 pounds per acre, 20 days after transplanting in the field.

Mr. HARDISON has also found that it pays to use plenty of potash on sweet potatoes. He uses 10% POTASH in his fertilizer at planting and side-dresses with NV SULPHATE OF POTASH.

H. MAYNARD HICKS, Snow Hill (below), says: "Before we switched to 3-8-8 in 1933, we were unable to grow a profitable tobacco crop. 3-8-8 certainly started profits by giving us higher yields of better-quality tobacco. In 1937 we averaged more than \$425.00 per acre and even in poor years our return has never been less than \$325.00 per acre. We shall again use 1,000 pounds of 3-8-8 per acre in 1939, the seventh year we have used this better tobacco fertilizer."

R. G. FUTTRELL, R. D. 2, Fink Hill, says: "I changed from 3-8-3 to 3-8-8 and also side-dressed with 100 pounds of NV SULPHATE OF POTASH per acre. The extra potash gave me a smoother, better-bodied leaf with more weight. I plan to use 3-8-8 and side-dress with NV SULPHATE OF POTASH this year."

THESE NORTH CAROLINA TOBACCO GROWERS are only a few among thousands all over the state who have discovered that it pays to give tobacco plenty of NV POTASH. That is why such mixtures as 3-8-8 TOBACCO FERTILIZER have become so popular. That is why so many farmers now side-dress their tobacco with NV SULPHATE OF POTASH.

The Tobacco Research Committee recommends fertilizer containing at least 6% POTASH at 800 to 1,200 pounds per acre, plus a side-dressing of potash equal

to 100 to 200 pounds of SULPHATE OF POTASH per acre, the side-dressing to be applied within 20 days after transplanting.

It does not always pay to buy fertilizer on brand name alone. Check up on the analysis. Make sure you are getting enough NV POTASH. Your Fertilizer Man can supply you with 3-8-8 made with NV POTASH to use at planting and for side-dressing he has NV SULPHATE OF POTASH. POTASH PAYS! N. V.
