

### MAN IS JAILED IN KIDNAP CASE

#### Former Minister of Durham Charged With Spiriting Away Henderson Girls

Henderson, May 22. — Two South Henderson girls under 17 years of age were being sought today and Harry Gardner, 24, who claims to be a former minister of Durham, was in the Vance County jail awaiting trial in Superior Court on a charge of kidnaping.

The girls, Louise Wallace and Edna Rose Wilkerson, are said to have been missing from their homes since Friday night, and their parents informed officers they suspected Gardner had carried the two away against the girls' wills. When taken by officers, Gardner is said to have declared that he knew where the missing girls were but refused to divulge the knowledge. Today in recorder's court he denied knowing anything about the affair.

Sheriff L. L. Swanson said tonight he understood that Gardner was assisting in a sort of revival meeting being held at South Henderson at the present time.

The former minister gave his address as 407 North Maple Street Durham. He is being held under \$2,000 bond.

### Yankee Clipper Leaves Portugal

Huge Trans-Oceanic Plane Scheduled To Leave Lisbon at 7 A. M. For Marseilles; Has Crew of 14 and Three Observers

Lisbon, Portugal, May 22.—The huge Yankee Clipper linked the old and new worlds on its initial flight in regular airline service by alighting on the Tagus river here at 7:42 p. m., (2:45 p. m., E.S.T.) yesterday.

The plane with a crew of 14 and three observers aboard reached here with its 1,603 pounds of mail from the Azores after a flight of six hours and 54 minutes. The distance is 1,300 miles.

The silvery clipper floated down just at sunset to complete the first commercial flight across the north Atlantic.

The history-making flight started from New York at 12:08 p. m. E.S.T., Saturday and the big airliner landed at Horta, the Azores, at 1:29 a. m., E.S.T., yesterday covering the 2,300 miles of its first leg in 13 hours and 21 minutes.

To veteran Commander Arthur E. La Porte, skipper of the craft it was "just routine and not very romantic." He was second officer on the clipper when it made its initial crossing on an exploratory flight last March.

The clipper was delayed at Horta because of the inability of the postoffice there to stamp quickly for collectors 23,000 letters it brought from the United States.

The Horta landing was made to the accompaniment of bands blaring from flag bedecked launches. Rockets were fired from shore to mark the epochal flight.

The clipper was scheduled to take off at 7 a. m., (2 a. m. E.S.T.) for Marseilles, France, today.

John—What's the matter old man? You look tired out.

Bill—It's my wife. She used to wake me up every time she heard a noise in the house, thinking maybe a burglar had made it.

John—But burglars don't make any noise.

Bill—That's what I told her, so now she wakes me up when she doesn't hear anything.

Guest—Waiter, the service is terrible. You gave that fat man at the table next to mine a steak twice as big as the one you brought me. Where's the manager?

Waiter—That fat guy's the manager.

**HEALTH**

Medical services for the farm family represent only about six per cent of the cost of all the goods and services required by the average farm family.

### WEEKLY TOBACCO NEWSLETTER

Henderson, N. C. May 19th.—With warm dry weather throughout the past week, crop conditions throughout Vance and surrounding counties remain good. Very little change in percentage of crop transplanted has been noted since last week, percentage planted being about 45 percent. If predictions of rain transpire within the next day or so, 75 percent of the local tobacco crop will be transplanted next week. Plants already in the ground are showing up nicely, with a very small percentage dying.

Conditions still warrant a prediction of a 15 to 20 percent increase in acreage. A number of farmers have gone to the East and Southern belts this past week and have purchased plants, not waiting on neighbors to finish up to borrow plants locally. Plants appear to be easily procured to the south of this section from all reports received.

A feature that is noticed throughout this belt is a better preparation of land before transplanting which will result in the making of a much better crop than last year. With present crop conditions prevailing, an early crop should result.

Several Henderson warehousemen are attending a meeting in Richmond this week-end to discuss proposals relative to selling conditions this fall, which will be presented to the U. S. Tobacco Association meeting at White Sulphur Springs the last of June.

**DINNER PARTY**

Saturday night, May 20, at 8 o'clock, Misses Ora Lee and Sallie Lou Turnage were joint-hostesses at a formal dinner party given in their home honoring Mr. Jasper N. Griffin, Jr., of Spring Hope. The occasion being the birthday of the honored guest.

Covers were laid for six, and the color scheme white, pink, and Nile green was carried out throughout the party in the favors, place cards, napkins, mints, and decorations. A bowl of pink and white sweet peas placed on a reflector with four white burning candles on each side formed the centerpiece on the table. Miniature corsages for the girls and pink rose bud buttonholes for the boys were used for favors. A large white cake with twenty-two pink candles burning on it was placed in front of the honored guest by Elizabeth Turnage who served the dinner to the guests.

The menu found on the inside of the place cards read:

Iced fruit juices, Fried chicken, Creamed new potatoes, English peas, pickle, rice, gravy, hot biscuit, butter, pineapple salad on lettuce, chilled strawberries, whipped cream, cake, iced tea.

Those present were: Misses Sallie Lou and Ora Lee Turnage, Blonnie Green, Messrs. Jasper N. Griffin, Jr., Russell Winley, and Karl Edwards.

**HELP STOMACH DIGEST FOOD**

Without Laxatives—and You'll Eat Everything from Soup to Nuts!

The stomach should digest two pounds of food daily. When you eat heavy, greasy, starchy, rich foods or when you are nervous, hurried or have indigestion—your stomach often pours out too much acid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and injurious. It takes those little white tablets called **DR. JOHNSON'S** to make the same stomach acids harmless, relieve the pain, and give you back your normal appetite. **DR. JOHNSON'S** is a natural and safe stomach aid. Ask for **DR. JOHNSON'S** for full-size information.

**LOW-BACK PAIN**

During this Season, when farmers are busy in cultivation and planting, and hobby-gardeners are rushing to get all early work done in making a good garden — Many backs develop a "pain," a "catch" or achiness. Why? —

There is an overstrain on nerves and muscles due to the awkward position maintained so long at a time. Often times a chronic back trouble may develop from these "backaches". Consult your Doctor of Chiropractic for advice and care of this condition.
