### FARM AGENT'S DEPT. By County Farm Agents

The Annual Franklin County Farm Tour is planned for Tuesday, July 18. It is suggested that the Tour will start at Youngsville on farm of W. T. Moss and be conducted through Harris, Dunn and Cedar Rock Townships. Important items of interest on Tour will be boll weevil control, production of certified seed, breeding of Percheron horses, summer legume tests, corn variety tests, tobacco variety tests, tobacco fertilizer tests, poultry production, egg production, swine management project and other items of interest to both the farmer and farmer's wife. The Tour will cover distance of approximately 35 miles from start to finish, as being so planned that farmers living on the Youngsville side of County can start at Youngsville and those living on opposite side of County having to go to Youngsville to start will end up near home. All farmers and farm women are invited to tour with the group and visit the demonstrations conducted.

Mr. L. T. Weeks, Extension Tobacco Specialist from State College, visited with me the tobacco variety test on the farm of J. W. Hudson, Youngsville, N. C. Rt. 1, and tobacco fertilizer test on farm of J. A. Perry, Louisburg, N. C., Rt. 4. These Demonstrations were found to be in good condition for the date and both demonstrations were selected for stops on farm tour being planned for Tuesday, July 18. Signs were put up on rows showing variety and kind of fertilizer used on each plot when visited.

A meeting was called and conducted in Gold Mine Township for purpose of studying boll weevil infestation within that Area. Twenty two farmers attended the meeting and visited with me farms where square counts were made for purpose of determining percentage of squares punctured. On two fields observed, 50% infestation was found on one and 90% on the other. Several mature boll weevils were located. Farmers indicated the desire to dust to control damage expected from weevils.

Little John—Dad, why do people get married?  
Dad—To raise children, sonny.  
John—Aw shucks, they could get all of those they wanted at the orphan asylum.

Man in Iowa, sixty-five years old, has withdrawn an application for an old age pension, stating that his eighty-eight year old mother has stated her willingness to support him, which is a reversal of the usual custom.
