Feature of May Day Exercises  
Next Saturday at Louisburg  
College

The Social Committee of Louisburg College has announced the following Homecoming and May Day program for the week-end of May 4-5.

At one-thirty o'clock on Saturday, May 4, on the college athletic field, there will be a baseball game between members of the class of '35 and a college team.

The May Day fete will be held at four-thirty o'clock on the northwest campus which is used as an amphitheatre.

At six-thirty o'clock class dinners will be held in the college dining hall. Senator D. B. Fearing, President of the Roanoke Island Historical Association, has been invited to serve as guest speaker of the evening.

From nine to eleven o'clock in the evening the college will be hosts in the college parlors to students and visiting alumni.

On Sunday morning, May 5, at eleven o'clock there will be a special sermon at the Louisburg Methodist Church. Dr. Walter Patten, President of the College, will fill the pulpit at the request of the alumni.

An Alumni Dinner will be served at one o'clock in the college dining hall.

The May Day program is under the direction of Miss Ruth Rogers of the Physical Education Department, who is being assisted by Mrs. I. D. Moon of the Department of Home Economics, Mr. James E. Byerly of the Music Department, Miss Virginia Peyatt of the Industrial Arts Department.

The theme for May Day centers around an adaptation of Mother Goose Stories by Kathleen Turner and Marguerite Wills.

### IN MEMORY

Sunday, April 21, 1940, just at the dawn of day, the death angel came on her golden wings into the home of Mr. Junie Alford and took him with her on a golden journey into the land of heavenly rest.

He was a noble, honest and upright Christian who professed faith many years ago. He was always cheerful and met every one with a smile.

He was one, who said, "it couldn't be done" until he tried it.

So he'd buckled right in with a trace of a grin on his face. If he worried, he hid it. He started, to sing, as he tackled the thing.

That couldn't be done, he did it.

There is a vacant chair in his home that never can be filled, which he has faithfully filled for 46 years. He was born December 9, 1894 in the home from which he departed.

He was preceded to the grave twelve years ago by his mother, his father went in his infancy, and one sister 25 years ago. He was laid to rest in the family burying ground with his cousins acting as pallbearers, Rev. Nichols officiating at the funeral services. The floral tribute was especially beautiful, which bespoke the high esteem in which he was held.

He leaves to mourn two sisters, Misses Bell and Mary Alford with whom he lived, one brother, Mr. Smith Alford, of Bunn. Ten nephews and seven nieces, besides a host of relatives and friends.

He's not dead, just resting in heavenly peace waiting for us, who loved him so much. If we live the example, which he set for us, we will meet him up on High when the death angels bade us to go with her.

### CARD OF THANKS

We take this means of expressing our sincere thanks to our friends and neighbors for their thoughtfulness and kindnesses and nice gifts since our house burned. May God bless every one of you all.

Mr. and Mrs. T. E. Rogers.

### CARD OF THANKS

We wish to thank each and every one for the sympathy and kindness during the sudden death of brother and uncle, Mr. Junie Alford.

Misses Belle and Mary Alford, Mr. Smith Alford, Nephew and Nieces.

### How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips  
Lost Her Double Chin  
Lost Her Sluggishness

Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.

Thousands of women are getting fat and losing their appeal just because they do not know what to do.

Why not be smart—do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfactorily—there need never be a hungry moment!

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied—money back.

### Timely Farm Questions

Answered at State College

QUESTION: What are the requirements to participate in the AAA garden benefits?

ANSWER: The garden shall consist of not less than one-tenth of an acre for each person in the family and all should be planted as one unit. However, not more than one acre will be required for any one family. On this plot, a minimum of ten different kinds of vegetables must be produced during the year. In addition to the acreage and vegetables produced, the garden must be adequately protected from poultry and livestock. It is recommended that three or more kinds of vegetables be grown in each month for at least eight months and that not more than one-fourth of the garden be planted to any one vegetable at any one time.

QUESTION: How much skim milk may be substituted for other ingredients in poultry feeds?

ANSWER: Skim milk, clabber, or buttermilk may be substituted for all dried milk products, one-half of the fish meal, and one-half of the meat meal recommended for the poultry ration. When the substitution is made for these amounts, three gallons of the skim milk or other products should be fed per day to each 100 hens. The success of these substitutions will depend upon the regularity with which the milk is fed. Unless there is an ample supply available at all times no substitutions should be made.

### Shows Them How

QUESTION: Would you advise destroying the tobacco plant beds after they have been used?

ANSWER: Absolutely. The bed should be plowed up immediately after the plants are pulled and all remaining plants killed. Thousands of insect pests breed upon the plants that are allowed to grow and these spread to the plants in the field. The beds should be planted to sweet potatoes or other garden vegetables or sown with soybeans. This will aid in the control of insects as well as provide an additional crop on the land.

America's war-stimulated foreign trade sent export figures climbing again in March to \$344,000,000, an increase of 30 per cent above the same month of last year.

Finding that ultra-short radio waves will kill the troublesome parasites that cause trichinosis may lead to a practical way of destroying the parasites in pork at the packing house.

Madison County farmers are planning to bring in improved beef cattle from other sections so as to broaden their cattle industry, reports P. R. Elam, farm agent of the State College Extension Service.

Cadett William B. Barrow, Jr., of Louisburg, is making a splendid showing in golfing circles at Annapolis, and his friends of Louisburg are justly proud of him. He has broken the all time course record for the Plebe team and this score was the deciding factor in Annapolis winning this particular match with Un. N. C.

### UNCLE NATCHEL Says:

SHO' IT'S GOOD, SONNY, LIKE EVERYTHING MOTHER NATURE MAKES

That's Uncle Natchel's philosophy... if Mother Nature made it, it's good.

Chilean Soda is good because it's "Natchel"—the only natural nitrate in the world. It's good for all crops, before planting or after. It's particularly profitable for sidedressing and topdressing. It acts quickly, picks the crop up and pushes it ahead to early maturity.

Sidedress—topdress—with natural Chilean Nitrate. It gives your crops plenty of quick-acting nitrate, and a natural balance of many other protective plant food elements.
