FROM YOUNGSVILLE
School has been closed less than two weeks, but the boys and girls are beginning to ask questions about school work for the next term. A new department was added in last year, which created interest among the students, viz: The commercial department. This class was well attended, and much discussed. It was under the direction of Mrs. Fon Scofield. We hope to continue this work and to improve it. We are planning to add new work again to the curriculum.

Although our school is small we believe we can offer a broader field for our students to choose from, and are planning to add the home economics course. The other high schools of the county have led in this field and we believe they have done very valuable work in their communities. We admire them and follow them. In other work, eg, agriculture, we believe we have taken the lead in some cases. We are proud of our library, our buildings, our P. T. A. and our community.

One of our students was called upon the stage this year during commencement, and pointed out as "one who has not been absent or tardy for eleven years." That one is Miss Arlene Hart, daughter of Mr. and Mrs. J. E. Hart. This girl, while on the stage, modestly gave her mother credit for keeping her in school without missing a day.

Miss Alice Lillian Barnes received the citizenship medal for the graduates from the seventh grade. She is a daughter of Mr. and Mrs. George Barnes, of Youngsville.

Miss Mary Lillie Lowery won the medal for the best recitation given by a student in the high school. She is a member of the eighth grade, and will doubtless make some one work if she is not the winner in years to come. M. K. CARSWELL.

RUN-OVER NEGRO

Quite a bit of excitement was caused in Louisburg Saturday afternoon at the intersection of Court and Main Streets when a car driven by Jesse Phelps, white, after striking another car as it entered Court Street from Main Street and knocked down Hurley and Albert Spivey, colored, running over Hurley. The car was stopped by Officer Cash and the crowd taking hold of it. The negro was gotten out from under the car and sent to Dr. J. B. Whelless' office for examination and treatment, and Phelps was taken in custody by Officer Cash.

It was ascertained that Spivey probably had concussion of the brain and was sent home. He was recovering nicely at last reports Wednesday.

HOME DEMONSTRATION DEPARTMENT

Lillie Mae Braxton, Home Demonstration Agent
Schedule June 3-8
Monday—Office.
Tuesday—Centerville.
Wednesday—Mapleville.
Thursday—Pilot.
Friday—Justice.
Saturday—Warrenton, 4-H Room Improvement Leader's School.

Mr. and Mrs. Bernice Stone of Justice Community are very enthusiastic about improving their home this Spring. They have a large living room and have recently papered it themselves. Mr. Stone came in to discuss the work and plans for the other rooms. He said they were working on the house as they could, along with the farm work, and that they decided to do the work and save labor expense to buy more paper and materials with which to work. They were making plans to paper their bed room and breakfast room and to help Bernice paper her room as a Project in 4-H Club work.

About the first of April, Mr. and Mrs. Rufus Jones, of Wood community, with the help of the Home Agent, worked out plans for beautifying their yard. Mr. Jones was especially interested in this work and in May sent for the Home Agent to come back to see how much had been done. He was in the field working when she arrived but a blast of the car horn soon brought him to the house to point out just what had been done. Rose briars which were scattered over one half the front yard were transplanted beside a fence which is in front of the house and which had been moved back to allow a space for other flowers. Hedge bushes and crepe Myrtles had been planted across the yard at the back to form a screen for the wood pile, clothes line, and work equipment. A hedge was planted in front of the barn and outbuildings to screen them from view along the road. All of the front yard is being made into a lawn whereas it had been nearly covered with flowers and a wide walk. Flowers are being transplanted along the side of the yard and across the road in front of the house.

Joe—Did you ever do any public speaking?
Jim—Only once—when I proposed to a girl over a rural telephone line.

Truck crops in New Hanover County, especially beans and cucumbers were badly damaged by cold weather this spring and are not expected to be of as good quality as usual.
