

BOONE IS RE-ELECTED

ROAD MEETING INTERESTING

Only Matters of Routine; E. R. Richardson Re-Elected Superintendent County Home

The Board of County Commissioners met in regular session on Monday with all members present. After the usual opening formalities business was transacted as follows:

Reports were received and ordered filed from the following: Dr. R. F. Yarborough, Health Officer; Mrs. J. F. Mitchiners, Welfare Officer; W. C. Boyce, Farm Agent; Miss Lillie May Braxton, Home Agent; E. R. Richardson, Superintendent of the County Home; J. E. Tuck, Negro Farm Agent.

J. H. Boone was re-elected Tax Collector for Franklin County for one year.

E. R. Richardson was re-elected Superintendent of the County Home for Franklin County for another year.

A jury was drawn for the September term of Court. A list of which will be found in another column.

In the afternoon the meeting was turned over to a discussion of roads with State Highway Commissioner T. Boddie Ward, and Division Engineer R. Markham, both of Wilson. In the discussion Commissioner Ward assured the Board and a large number of spectators present, that unless something unforeseen happens, he expects to have the Bunn-Pilot extension of 39 completed right away, and the road at Youngsville is now in process of construction. That the next road he contemplates building is the connecting link on 561 between Centerville and Halifax County. He also reported that he expects to have the Mapleville-Justice-Spring Hope road completed soon and the work would begin on the Duke Memorial-Edward Best end.

The discussion however centered around a road from Louisburg by Seven Paths to Spring Hope. County Commissioner Bartholomew was much interested in this road and pressed his point strongly, but Commissioner Ward explained why this plan would be impossible for some time yet. Likewise he explained to County Commissioner Winston that the road 500 he was interested in had been consolidated with the road now being built from Zebulon by Youngsville to Pocomoke.

After approving a number of accounts the Board adjourned.

STILL HERE

Washington, Aug. 7.—Senator Reynolds, Democrat, North Carolina startled some of his colleagues today during debate on the National Guard measure by saying he favored sending men to foreign countries. "But the men of whom I speak are aliens," he added quickly.

Then he referred specifically to Harry Bridges, West Coast maritime labor leader who was born in Australia.

"We've appropriated about 18 billion dollars," said the North Carolinian, "and we are thinking of conscripting two million men. The appalling thing about it all is that with all our wealth we can't lick one man—Harry Bridges. He's the worst enemy we ever had, or one of the worst, anyway. The American Legion and the Veterans of Foreign Wars have led a drive for years to get rid of him and we can't do it. He's still here."

Q. S. LEONARD DEAD

Mr. Quentin S. Leonard, one of Franklin County's most prominent citizens died at his home near Mapleville early Tuesday morning. He had been in failing health for some time.

Mr. Leonard was 62 years of age and besides his wife, is survived by two daughters, Misses Lucy and Betty Leonard, and two sons, Q. S. Jr., and George Leonard.

Mr. Leonard came to Franklin County in the early 1900's and with his brother engaged in the lumber business, making quite a success. Following the return to Maryland and death of his brother, Mr. Leonard became particularly interested in farming and stock raising and had developed his farming interest to a high degree of productiveness, experimentation, convenience and profit.

In addition to his personal success Mr. Leonard had won the confidence and esteem of his fellowman to the extent that he was called upon to serve the people of the town with his exceptional ability as Commissioner and also the County of Franklin as a member of the Board of Commissioners. In each of these positions his service did credit to himself and great good to his town and county.

Funeral services were held at Maple Springs Baptist Church at 3 o'clock Thursday afternoon, conducted by the Rev. John Edwards, and interment was made in Oakwood Cemetery at Louisburg. Quite a large number attended both services which together with the large number of beautiful floral designs spoke silently the love and high esteem which his community held for him.

The pall bearers were: George W. Ford, P. W. Elam, Harvel Harris, O. C. Hill, George Griffin, Ben Wester, A. E. Henderson, W. L. Lumpkin.

The bereaved parents have the deepest sympathy of the entire community.

A., loaded upon seven trucks and carrying three big guns pulled out of Louisburg for their long motor trip to Camp Maneuvers at Vicksburg, Miss., and Alexander, Ala., with all the boys in the very gayest of spirits showing an expectancy of a good time even with the contemplated hard work. Preparations had been in the making for days and all was ready. The following has been received from the front:

COMMUNICAY NO. 1 (By Corp. James A. Johnson)

Cheraw, S. C., Aug. 5.—The arrival of the entire personnel of Battery "B" took place today around 1:30 with everyone in fine physical shape. After formation this morning at 5:30 and breakfast being served the men proceeded to finish packing their equipment and left Louisburg at seven.

With an excellent group of commanding officers, which consist of Captain Chas. P. Green, 1st Lt. F. W. Wheeler, Jr., and 2nd Lt. E. C. Bulluck, all the men are in excellent shape for the encampment and ready to do any duty which might fall their way.

After arriving and the tents being put up for the night the men went in swimming in a lake near which the camp was pitched. Battery "B" is one unit—but an outstanding unit—among several Batteries which are encamped upon this site about five miles outside of Cheraw.

All the parents and friends of the men may rest assured that the men are doing fine and are in fine physical condition.

Anyone who wishes to get in touch with any man in the Battery can do so by writing to him at the following addresses at these dates: Address the individual in care of Battery "B" 113th P. A., 30th Division, APO 30, at Vicksburg, Miss., from the 9th to the 15th of August; Alexandria, La., from 15th to 19th. After this the name of the postoffice should be changed to Demopolis, Ala., for the 21st; Columbus, Ala., 22nd; Thomasville, Ga., 23rd; Cheraw, S. C., 24th.

These articles will follow during encampment giving the information to the public at home of the physical fitness of the men and their maneuvers.

Before leaving the entire membership of Battery "B" was treated to a barbecue supper by Mr. Q. S. Leonard, at his beautiful country home near Mapleville. A bountiful supply of delicious cued pig with all the usual dressings was placed before the boys who enjoyed it fully.

Young men between the age of 18 to 35, who are single with no dependents, of good character and have the necessary education are urged to take advantage of this opportunity to begin a career that will be very profitable to them now and in old age. Never before have the young men of North Carolina become so conscious of the opportunities offered by the Army, this fact is proven by the ever increasing number of enlistments. Gayda Says Axis Stays in Europe

Has No Intention of Extending War To America; Attack on Britain Near

Rome, Aug. 7.—Germany and Italy will limit the war to Europe and have no intention of extending the conflict to the Americas, Virginia Gayda, authoritative Fascist editor, wrote today in the Giornale D'Italia.

Premier Benito Mussolini's own newspaper, Popolo D'Italia, said that "The finishing touches" are being put on preparation for the long-awaited invasion of the British Isles.

"Contrary to rumors heard in certain quarters, preparations for the decisive attack continue," Il Duce's newspaper said. "They are formidable and have entered the stage of the finishing touches."

"The greatest secrecy surrounds the preparations in which Germany is employing all her strength."

"On the war front against England great surprises are being prepared."

Referring to a press statement issued by United States Secretary of State Cordell Hull, Gayda said that "It is evident that Hull would like to alarm all American nations with the threat of war, which more or less imminently could be transferred by the victorious axis powers to the American continent."

(In a statement yesterday at Washington, Secretary of State Hull said that the "sinister activities" of some nations in other large areas of the world "present real dangers to American republics, adding that in view of this they should arm strongly as to command respect.")

LOUISBURG BAPTIST CHURCH

Rev. Forrest Weaver was the guest minister at the eleven o'clock worship hour. He introduced his subject "Open Doors" with word pictures of the character of doors—bronze doors, cottage doors, palace doors, church doors. Doors like people have character. They tell of the people behind them. Life sets doors before each individual and the choosing makes life an adventure. Using the text, "Behold I set before Thee an Open Door and no Man Can Close It," the minister named three doors open to all: religious, experience, friendship and courageous service.

On Sunday, August 11th Rev. F. H. Shoffield, Jr., of Youngsville will preach at the eleven o'clock worship hour.

Sunday School at 9:45 A. M. "Every Sunday School should grow." Are you a member?

Someone has said: "The church going habit will put you in touch with the institution which underlies most that is best in our American life."

We welcome YOU!

Hurricane In Texas

Port Arthur, Tex., Aug. 7.—A death-dealing hurricane stormed inland tonight, leaving a trail of destruction and uncertainty in the Sabine area of Texas and Louisiana.

Three lives were lost, 25 persons marooned and six injured as the 75-mile-an-hour winds overtook some of the hundreds who sought safety in flight, either inland or to public buildings.

Roaring into Texas from the east, the storm lashed Port Arthur and Orange. First of the season, it whisked roofs from houses, uprooted trees and sent advertising signs whirling dangerously through the air.

The fatalities all occurred in Louisiana. James Gordon, 69-year-old fisherman, drowned near Alluvial; an aged, unidentified refugee was caught trying to flee high tides, and a Chinese youth drowned in Barataria Bayou.

None of the injured was reported hurt seriously. There were no reports of loss of life or serious damage in Texas thus far.

JEW-LESS PEACE

Berlin, Aug. 7.—A German peace will mean a Jew-less peace. Das Schwarze Korps, mouthpiece of Adolf Hitler's elite SS Guard, proclaimed today.

Once the war is won, some area remote from Europe will be set apart for Jewish colonization, the paper said, and then the Continent will be cleared entirely of Jews.

Hitler's air force and raiding warships meanwhile battered against the only obstacle to a German peace—the island fortress of England and British seapower.

The Nazi high command announced a German raider had sunk 30,000 tons of British merchant shipping "overseas" and that German bombers had raided airports near Tynemouth and St. Anthar the Vickers-Armstrong airplane factories in Chester and munitions plants in Swansea. Night-raiding British planes dropped bombs in Holland and Western Germany, but failed, the high command said, to inflict any "damage worth mentioning."
