

Around The Town
By W. F. SHELTON

In answer to last week's question; Plutarch was the ancient Greek who is known as the greatest biographer of all time. Some authorities say he died about 120 A.D. others 75 A.D. Miss Wilma Murphy of Route 2, Louisburg, and Mrs. L. G. Cook were the out-of-town winners while Reverend Forrest Weaver and Ben T. Holden took the honors for in-town-ers. Now for this week's question. Who was Lt. Governor in 1935? Four passes to four people for correct answers. Two out and two in town. If answering from out-of-town please request a pass to a show playing Tuesday or later to give us time to mail out the tickets.

We were in attendance at a very interesting meeting Friday night in the City Clerk's office. Chamber of Commerce President W. G. Lancaster acted as chairman while an open discussion of Armory dedication plans took place. The date of the affair was selected as SEPTEMBER 24th. Committees were appointed to lay out plans for the dedication service and to secure publicity for the event. On that day the town will be decorated in patriotic regalia and we want to look our best for the thousands that will be here. This is to be a Franklin County celebration as well as a great day for Louisburg. Of importance too is the American Legion script dance that will be staged that night to climax the gala occasion. E. F. Thomas is chairman of the Legion dance committee and promises a great time for those who will stay up late. It is the duty of every man, woman and child to spread the word by letter or card to friends within autoing distance of Louisburg that they should be here September 26th. With the cooperation of all that Tuesday will be a day to long remember.

Battery 'B' 113th Field Artillery will report at the new Armory Monday, Sept. 16th for one year intensive training. It is understood that the men will live in the Armory for ten or possibly twenty days before leaving for the regular Army encampment. With the presidential signature upon the Guard Mobilization Bill it seems that Louisburg can look forward to things really happening this month. Tobacco market opening, Armory dedication and Guard mobilization promises to make Louisburg a busy town. The opening of the schools and Louisburg College will also bring more people within our city limits.

Early last month we heard the British Broadcasting Corporation offer a sample copy of their publication 'London Calling' to those listeners who wrote in and requested same. We mailed our request to London and Sunday we received a nice answer from Mr. H. Stewart of the BBC. Mr. Stewart stated that our sample copy of the magazine would be received under separate cover and that correspondence from the BBC listeners was particularly helpful just now as they were interested in comments—appreciative or critical—on their Overseas Service. This letter was mailed from London August 14th, traveled by boat and was received here Sept. 1st. This shows that in spite of the alleged German blockade that good mail service still exists between the United States and England. A note to stamp collectors. We will be glad to give the British envelope and stamp to the first person who calls.

J. B. Priestly, speaking on the London short waves Sunday night, told of a Nazi plane downed in the channel near the English coast. A British rescue boat motored out to pick up the enemy aviators who were in their rubber emergency raft. The crew of the English craft were amazed to see three German airmen in the raft beating a fourth man who was still in the water about the head as if to drown him. When asked of this strange action the Nazi's replied that the fourth man was not an airman but a member of the Gestapo. The Germans said that one of the Gestapo always accompanied each squadron to

see that orders were carried out to the letter and that they didn't like the Gestapo and their mistrust of them and other fighting men. This instance is another example of the way loyalty to the Reich is enforced in Germany. In other words he is a loyal Nazi or the Gestapo will get you and from tales of the deeds of this brutal police system the German has no choice but say he is a loyal Nazi. There is no doubt that countless numbers are firm believers in Hitler and his ways but there is also no doubt that many Germans professing to be Nazis are waiting and planning for a change. A government built as this cannot withstand the test of time.

The Balkans have long been known as the powder keg of Europe but until recently the explosions seem to have occurred all around this group of countries. Now that things are happening there the factor that might possibly solve at least one of the dictator problems could arise. The axis powers seem to be trying to dominate these small countries. That particular axis is pretty badly bent now and the efforts of the dictators to handle the troublesome Balkans on this flimsy structure might well cause it's collapse. Anyhow let's hope so.

Debunking False Prophets

The country's self-appointed reformers have been telling us that advertising raises the cost of living. Let's see. Let's take an example that everybody is familiar with.

Cast your mind back to what you knew or what your parents knew of the automobile of the first few years of this century. Then a big, heavy, unreliable gas eater could be bought, without top, windshield, horn or spare tire, for from two to six thousand dollars. Few people bought this expensive luxury. But automobile makers saw a vision, a nation on wheels. They advertised persistently. More people bought. As production went up, the cost to make each car came down. Part of the saving was put into improvement. Part went into continued advertising. Part went to the public in lower prices. Again more people bought these better cars for less money. And so it went, year after year. Continued advertising, production and value up, cost and price down, until today you buy an infinitely better, more efficient car, complete, for less than half of the lowest price of a few years ago.

The same is true of the refrigerator, vacuum cleaner, washing machine, oil burner, radio, electric light bulb; of packaged foods, clothes, and many another product that will come to your mind as you think this over. Advertising, says Nation's Business, has helped mass selling and made possible mass production, which cuts the cost and brings the price within the reach of the average family.

LOUISBURG TAKES WIN AGAINST WAKE FOREST

Louisburg defeated Wake Forest, 8-6, here Sunday afternoon in a free-hitting contest. Each team collected 10 hits.

The locals racked three runs in the first and three in the third for what seemed to be a safe lead. Late rallies, however, closed the Louisburg lead.

Wise, with two singles and a homer in four tries, led Wake at bat. Emmett Wiggins collected a single, a double, and a homer in the third with two on. Grady Wheeler was next, with a single and a homer in the seventh.

Score: R.H.E. W. Forest 010 002 102—6 10 2 Louisburg. 303 010 10x—8 10 7 Davis and Frazier; Earp and Dickerson.

Farm Field Day To Be Sept. 12

Raleigh, Aug. 31.—J. M. Broughton, of Raleigh, Democratic nominee for Governor, will be the principal speaker at the annual farmers' field day at the Coastal Plain Test Farm at Willard, September 12. Commissioner of Agriculture W. Kerr Scott announced today.

The field day will be sponsored by the U. S. and N. C. Departments of Agriculture and N. C. Experiment Station. Features will include farm field trips, demonstrations and exhibits under the supervision of Department and State College Extension Service specialists.

Mrs. Estelle T. Smith, district home demonstration agent of State College, will be in charge of the women's program to be presented in the afternoon. State Senator Roy Rowe, of Burgaw, chairman for the day, will be introduced by F. E. Miller, Director of the Test Farms Division of the State Department of Agriculture.

Other speakers on the morning program will include Col. John W. Harrelson, Dean of Administration, State College; Lt.-Col. George W. Gillette, United States district engineer, Wilmington; and James H. Clark, of Elizabeth-town.

Music will be presented by the Penderlea Boys' Band, led by Captain Edward Peters and community singing will be conducted by Jack Criswell of State College.

The invocation will be pronounced by the Rev. P. H. Fields, pastor of the Rose Hill and Wallace Methodist Churches.

Dr. Charles Fearing, assistant director in charge of the Test Farm, will announce other features of the program.

HARRIS-BUNN

A wedding of simplicity and beauty was solemnized in the Louisburg Baptist Church on September 1, when in the presence of relatives and a few intimate friends Mrs. Pauline Bunn became the bride of Mr. James Russell Harris.

The Rev. A. Paul Bagby officiated using the ring ceremony. Mrs. Sidney Sykes, sister of the bride was the brides' only attendant. J. Sidney Sykes acted as best man for the bridegroom. Prior to the ceremony Miss Frances Bunn, daughter of the bride played "Ah Sweet Mystery of Life," followed by Lohengrin's Wedding March.

The bride was lovely in a costume of soldier blue with black accessories. The bride is the daughter of Mrs. W. D. Bowden and the late W. D. Bowden.

Immediately after the ceremony the bridal couple left by motor for an unannounced destination. On their return they will be at home to their friends at 108 E. Seaman St., Durham, N. C.

If you get hold of a really good book, the radio loses its charm.

"Clean Up or Close Up"

Raleigh, Sept. 2.—The beer industry's "clean up or close up" campaign in North Carolina, resulted in disciplinary action against 274 retail dealers during the 12-month period ended August 31.

Edgar H. Bain of Goldsboro, state director of the Brewers and North Carolina Beer Distributors Committee, announced today that the retail licenses of 101 dealers in 38 counties had been revoked, five dealers in four counties placed on probation, and 154 dealers warned to "clean up" before more drastic action was taken against them. Revocation petitions against 14 dealers in six counties are pending.

The campaign against undesirable beer outlets was begun with the organization of the committee in Charlotte on May 18, 1939, but the first revocation was not obtained until September. Since that time 101 dealers in the following counties have lost their licenses: Buncombe, Haywood, New Hanover, Columbus, Wake, Mecklenburg, Guilford, Henderson, Swain, Clay, Stanly, Yadkin, Cabarrus, Catawba, Iredell, Davie, Brunswick, Craven, Beaufort, Wayne, Wilson, Lenoir, Pasquotank, Martin, Alamance, Burke, Transylvania, Hutherford, Cleveland, Gaston, Rowan, Wilkes, Rockingham, Richmond, Edgecombe, Randolph, and Davidson. Five dealers in Forsyth, Blad-

en, Surry, and Iredell counties were placed on probation during this period, and revocation petitions are pending against 14 dealers in Beaufort, New Hanover, Wilson, Burke, Iredell, and Carteret.

TOBACCO MARKET EMPLOYEES URGED TO GET S. S. CARD

Stacey W. Wade, Manager of the Raleigh office of the Social Security Board, today urged that all employees who expect to work in connection with the tobacco markets secure account number cards before going to work. Many employers are refusing to put employees on the payroll unless the employees have in their possession account number cards.

An employee who has been assigned a social security account number, and has lost his card, should make application for a duplicate card. Form SS-5, application for account number, is used in making an application for a duplicate of a number previously assigned.

Application blanks may be secured from the local postmaster, or by writing direct to the Social Security Board, Room 317 Post Office Building, Raleigh, North Carolina.

A representative of the Raleigh office is in the Post Office in Louisburg each Thursday, between the hours of 4:00 P. M. and 6:00 P. M.

For further information write the Social Security Board, Field Office, Room 317 Post Office Building, Raleigh, North Carolina.
