Fords For 1941 Are Larger

In, and Softer Riding

Dearborn, Mich., Sept. 26 .- The Greensboro the past week-end. new Ford line is released for public inspection today.

spaciousness, and Ford engineers have worked right up from bigger turned home Monday from Como, tires through to luxury seat N. C., where he held a meeting cushions and new softer springs the past week. for the solid enhancement of riding comfort.

A new four-cylinder truck and and children, of Franklin, Va. commercial car engine is part of were guests of her father, Mr. the economy features included in W. H. Allen the past week-end. the Ford working line.

The wheelbase of these big new DeLuxe and Super DeLuxe Ford little son, Jimmie, of Wilson, were V-8's is longer and the overall length greater. The designers have taken advantage of this exhaust taken advantage of the inside tra overall to increase the inside body length both in foot room body length both in foot room and seating width. In fact, the front seat of the sedan is seven inches wider than last year. The head room is greater and the window area, already large in previous Ford cars, is even larger this year.

the width of the new bodies. But ough.

eight cylinder car in the low price Dickens, of Castalia, for the past field. These new Fords have lower several days.

field. These new Fords have lower transmission gear ratios thus hiking up the "get-away".

In addition to beauty both inside and outside the Ford engineers emphasize the greatly improved ride in all 1941 models.

The four lever-type hydraulic shock absorbers now have a more sensitive adjustment to match the new softer acting springs. The new improved ride stabilizer, connected by swinging shackles to the front axle, minimizes side sway and improves steering.

Super DeLuxe cushions are un-

sway and improves steering.

Super DeLuxe cushions are unusually comfortable since luxury type individual coil springs are used. Over these is a thick pad of latex treated curied hair which gives a softness only associated with expensive cars in the page.

with expensive cars in the past.

The new Fords have hig 12-inch hydraulic brakes, for quick, smooth action and long service.
The emergency, or parking brake,
is on the rear weels and descated
by a steel cable. The brake lever is under the instrument panel, at the left of the driver. The new hood lock knob is located under

There are four body types in the DeLuxe line, six in the Super DeLuxe. There are three color choices for the DeLuxe and six in

the Super DeLuxe line.

Among the refinements which are new this year on all models are the speed lines on the side of both front and rear fenders, the new hidden gasoline filler rap, electric light on the luggage com partment lid which automatically lights whenever the lid is raised if the car lights are burning, venif the car lights are burning, ven-tilating front windows, a new wide tempered glass one-piece rear window, radio grilles in all cars, twin windshield wipers with speed, control, twin sun visors, fender top parking lamps, and two-spoke, clear-vision comforttype steering wheels. There is a center front license plate on the Super DeLuxe.

Mr. W.—T. Sledge, of Hickory, spent the si grandparents.
