Lime and phosphate are making for a better growth of white clover and blue grass in the pasture of C. W. Allen, a Yancey County farmer, thus crowding out the broomsedge, says Farm Agent R. H. Crouse.

Farm News
about the AAA and other
EXTENSION WORK
From the
County Agent

Do you desire to take land out of crops and plant forest trees? If so early application should be made for forest trees as orders will be accepted by the State Forest Nurseries near Raleigh, N. C. in order of application. It takes 1000 trees to plant an acre. Shipping season begins about November 25 at Clayton and trees will be delivered as near as possible to the requested date. The cost of one year old trees delivered per thousand is as follows: Loblolly pine, Shortleaf pine, Longleaf pine, Black locust, Cypress, Yellow poplar, White ash and Red Cedar—\$2.00 per thousand. One year old black walnuts—\$10.00 per thousand. Orders should be placed through your County Agent or Vocational Teacher to be sent to R. W. Graeber, Extension Forestry Specialist at State College. Application blanks are available in the County Agents' Office in Louisburg.

Plan to Purchase Crimson Clover Seed Announced

A purchase program for crimson clover seed has been announced by the Agricultural Adjustment Administration and the Commodity Credit Corporation.

Under this Program the Commodity Credit Corporation will purchase in 1941 any crimson clover seed offered by producers in Tennessee and neighboring States. Seed will be purchased from farmers cooperating in the Agricultural Conservation Program who comply with acreage allotment provisions of the Program.

Growers will be free to sell their seed either to the Commodity Credit Corporation at the purchase program rate or to regular seed dealers.

Purchases will be made at the

How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips
Lost Her Double Chin
Lost Her Sluggishness

Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.

Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart — do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfyingly—there need never be a hungry moment!

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied—money back.

basic rate of 10 cents per pound for reclaimed seed which meets the following requirements: 96 per cent purity, no noxious weeds, 85 per cent germination.

Seed obtained by the Commodity Credit Corporation will be transferred to the AAA for distribution as a conservation material. Farmers participating in the program will be able to obtain such seed in lieu of cash conservation payments.

Timely Farm Questions

Answered at State College

QUESTION: How much wheat per acre may I expect under normal conditions?

ANSWER: When properly grown, on good land, wheat should yield at least 20 bushels per acre, says E. C. Blair, Extension agronomist of N. C. State College. In view of conditions caused by the European War, he advises that three acres of wheat be planted for every farm family this fall, or ten acres for every farm, whichever is larger.

QUESTION: When should spring-flowering bulbs be planted?

ANSWER: The sooner they can be planted, the better they will bloom, says J. G. Weaver, State

College floriculturist. They should be planted in October, at least. Prepare the soil well before planting any bulbs. The soil should be pulverized and worked to a depth of at least 10 inches. Commercial fertilizer at a rate of three pounds per 100 square feet may be used if mixed well with the soil. A complete fertilizer high in potash is recommended. A two-inch layer of well-rotted manure may be used if it is worked thoroughly into the soil. Cover each bulb with twice its own depth of soil.

QUESTION: How can I obtain circulars, bulletins and other publications on farming and rural homemaking subjects?

ANSWER: Address a request to the Agricultural Editor, State College, Raleigh, N. C., and state the subject in which you are interested. All publications issued by the Agricultural Extension Service and the Agricultural Experiment Station of N. C. State College are free to citizens of North Carolina. Use a postal card where possible in making the request and do not ask for additional information on the card. Use another card or letter for questions regarding specific phases of work. All available publications are listed in Extension Folder No. 35 which will be sent free upon request.

EXPRESSION OF THANKS

We wish to thank everyone who have rendered us service and sympathy in these darkest days of our lives. We deeply appreciate it all and we know that our beloved husband and father would say the same if he could only speak. The flowers were deeply appreciated.

MRS. SPENCER GRIFFIN and Children.

Poultry improvement work under the National Poultry Improvement Plan has expanded steadily since the launching of the cooperative Federal-State program in 1935.

Agatha—He wore my photograph over his heart during the war, and it stopped a bullet.

Hiram—I'm not surprised, dear. It would stop anything.

NOTICE

Pursuant to order of re-sale by the Warren Superior Court in the proceeding therein pending entitled, Thomas M. Foster, vs. Robt. Foster, et als, the undersigned Commissioner will offer for sale at public auction to the highest bidder for cash at mid-day on the 6th DAY OF NOVEMBER, 1940, at the courthouse door in Warren County, N. C., the following described real property, the bidding to begin at \$132.00, viz:

1. All that tract of land in Sandy Creek township, Warren County, N. C., adjoining lands of Solon Southerland, Sandy Creek, Robt. Foster, containing 38.15 acres, more or less, of record Book 84, Page 457, Warren Registry.
2. All that tract of land in Hayesville township, Franklin County, N. C., containing 25 acres, more or less, adjoining the Dr. R. J. Gill lands, Blount Solomon, et als, of record Book 124, Page 479, Franklin Registry.

This the 21st October, 1940.

D. P. McDUFFEE, Commissioner.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—fat tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbances.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Loose as Doan's. Sold at all drug stores.

DOAN'S PILLS

Father—it says here in the paper that an astrologer predicts that the world will come to an end next Christmas.

Son—Will it be before or after dinner?

ADMINISTRATOR'S NOTICE

Having qualified as Administrator of the estate of A. W. Wilson, deceased, late of Franklin County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 25th day of October, 1941, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This 24th day of October, 1940.

S. E. WILSON,
10-25-6t T. C. WILSON, Admr.
