How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips Lost Her Double Chin Lost Her Sluggishness

Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.

Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart — do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys — cut down your caloric intake — eat wisely and satisfyingly — there need never be a hungry moment!

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied — money back.

One thing about nature is she may be slow but she's certain to happen.
