

WELFARE INSTITUTE

HELD AT LOUISBURG COLLEGE MONDAY

Meeting Well Attended By Delegates From All Over The District; Much Interest; Many Good Addresses

The fifth of a series of one day institutes conducted by the State Board of Charities and Public Welfare was held at Louisburg College, August 25th for welfare officials from surrounding counties.

The meeting was arranged under the supervision of Miss Anna Cassatt, Director of Division of Case work training of the State Board.

During the morning session Miss Louise Tolar of the Division of Public Assistance discussed Old Age Assistance and Aid to Dependent Children.

In the afternoon meeting questions that had been submitted to Miss Cassatt concerning welfare problems were discussed. Miss Lane of the Division of Child Welfare talked on Adoption.

The group felt very keenly the loss of Mrs. Bickett who always attended the meetings. Resolutions for Fannie Yarborough Bickett were read by Mr. W. E. Stanley.

The following resolutions were adopted:

Whereas, God in his almighty wisdom has seen fit to remove from our midst our friend and associate, Mrs. Fannie Yarborough Bickett, who attended our meetings regularly and with her radiant personality and years of experience brought to us much help and inspiration.

Therefore be it resolved:

I. We the Superintendents of Public Welfare and Social Workers of this District bow in humble submission to our Heavenly Father whom she loved and served during her life.

II. That we express to her immediate family our deepest sympathy in their bereavement.

III. That a copy of these resolutions be spread upon the minutes of this District, and a copy be sent to the family, to the State Board of Charities and Public Welfare, and the N. C. Association of Superintendents of Public Welfare.

W. E. Stanley,
Mrs. J. F. Mitchiner,
Miss Lillie Davis,
M. G. Fulghum.

NEW MAIL SERVICE

Postmaster T. Mortimer Harris announces a new Mail service for Louisburg on Monday. This new service is the inclusion of Louisburg on a star route to run from Henderson to Raleigh by Louisburg and Wake Forest daily except Sunday taking letters, newspapers, special deliveries, and special handling parcel post mail. It will take mail also from Raleigh to Wake Forest in the evening. Willis May of near Ingle side was the successful bidder and will be the carrier. The schedule to be maintained is as follows:

Lv. Henderson	10:00 a. m.
Lv. Louisburg	10:30 a. m.
Lv. Wake Forest	11:00 a. m.
Ar. Raleigh	11:30 a. m.

Afternoon

Lv. Raleigh	5:00 p. m.
Ar. Wake Forest	5:30 p. m.

This route will serve Louisburg and Henderson one way only in the morning. It will serve Wake Forest both morning and evening. The one way distance is 5 1/2 miles, and is routed by highways 39 to Louisburg, 59 to junction of 98 over which it goes to Wake Forest, thence over No. 1 to Raleigh.

It is understood this service will take mail from Louisburg to Raleigh in time to be routed east, west and south around 12 o'clock, which will give half a day advanced service over the present system.

The new service will begin next Monday, September 1st.

FRANKLIN COUNTY FAIR TO BE OCTOBER 6th TO 11th

The Secretary of the Franklin County Fair announces the dates for the 1941 Fair, Oct. 6 to 11th inclusive.

One of the largest and best carnival companies coming south this year will play the Fair dates, Oct. 6, 7, 8, 9, 10, 11. The Fair will open at 4 o'clock each day and run through till 12 each night. There will be fun and amusement every minute for young and old. Rides for the young, shows and skill games for all. The Franklin County Fair has long been known as the bright week for this and adjoining counties as it is then that thousands of pleasure loving people from all the counties meet to enjoy a full week of fun and amusement. The Secretary is going full speed to get everything in shape for what promises to be the best Fair ever held in the county.

Already people all over the county are getting interested and looking forward to the one week that is set aside for rest and pleasure.

The management is making arrangements to handle the largest crowds that have ever attended our local Fair. Several of the eating stands have already been rented and the people are making ready to serve good old hot dogs, fried chicken and barbecue. No Fair is complete without red lemonade, peanuts and pop corn and they will all be at our Fair this year.

The weather man has set aside special good weather for the dates and the midway will be the place where everybody can enjoy a full night of wholesome fun.

The date given last week was in error. Make your arrangements to go out and enjoy an evening of wholesome amusement and pleasure.

TO ELECT OFFICERS

Y D C To Hold County Meeting in Court House At Louisburg, Sept. 5th

Officers for the coming year will be elected and final plans made for attending the annual convention at Winston-Salem September 18, 19 and 20, during the annual meeting of the Franklin County Young Democratic Club to be held at 8:00 in the courthouse at Louisburg.

R. C. Whitfield president of the Franklin County YDC said this will be one of the most important meetings of the year and every member of the club should attend.

Officers named at this meeting will take over their duties October 1.

Whitfield said as many members of the local club as possible should attend the annual convention at Winston-Salem. An elaborate program has been planned which will include two dances and a barbecue.

The big events will be Friday and Saturday. Plans are being perfected for the delegates to the convention to attend a gigantic barbecue at Reynolds Park Friday afternoon. The entire facilities of the recreation center have been reserved for the Young Democrats. The park will accommodate several thousand persons.

Friday night a dance will be held in the gymnasium with Kay Kyser, Rocky Mount's gift to the radio and the screen and His College of Musical Knowledge, will play for the dance.

The final entertainment event will be Saturday night when a grand ball will be held. Sandwiched in between the major entertainment features will be luncheons and teas for officers and distinguished guests.

In addition to the routine convention business, nationally known speakers will appear on the program.

Hamilton Hobgood has been appointed chairman of the nominating committee for the local club. Serving with him are the following:

Mrs. Hugh W. Perry, J. P. Lumpkin, W. A. Huggins, Shim Collins, A. B. Allen, Mrs. Margaret R. Lumpkin, Mrs. Jas. T. Allen, J. K. Tharrington, Miss Mary White Nash, D. J. Dark, L. L. Sturdivant, Miss Lucy Wilson. Chairman Hobgood has called a meeting of his committee for (tonight) Friday, August 29th, at 8:00 in the courthouse at Louisburg. All members of this committee are urged to attend.

SEC ORDERS SEVERANCE OF C. P. & L AND N. P. & L

Federal Power Commission attorneys said this week that an order of the Securities and Exchange Commission issued in Washington over the week-end confirmed their charges that the Carolina Power and Light Company has pushed up its plant account \$24,000,000 in excess of proper figures.

They said the SEC order also accomplished what might have been the principal result of the power hearing now in progress here—a severance of affiliations between Carolina Power & Light Company and its holding company, National Power and Light.

The SEC ordered dissolution of National Power and Light, a half-billion dollar intermediate holding company in the \$3,000,000,000 system of Electric Bond and Share Company.

The opinion declared that "our study of National's past activities (as carried out by the personnel of Bond and Share) has revealed and reiterated striking examples of every type of holding company abuse."

The decision was particularly strong regarding inequality of voting power, charging that with a minute investment of 1.27 per cent of the capitalization of the National system, Electric Bond and Share is vested with "unassailable control."

"The public," said the opinion, "has been left with no effectual voice in any of these companies."

"National is vested with so high a degree of voting power as to render completely ineffectual whatever voting power remains for the securities in the hands of the public investors."

"When the capital structure of National is considered as part of the structure of the holding company system of Bond and Share, this basic inequality in voting power among the security holders of the system is magnified many fold."—News-Observer.

EUROPEAN WAR NEWS

Berlin, Thursday, Aug. 28.—German troops striking east 35 miles from captured Novgorod were reported early today to have reached the Leningrad-Moscow railway, cutting off the main supply route of the menaced Baltic port.

The report was issued by DNB. No details were given immediately.

Earlier the high command had announced that the 22nd Russian Army had been annihilated in a tremendous battle in the Nevel area on the northern wing of the front. The Wehrmacht advanced 40 miles, captured the roundhouse and airport town of Velikie Luki, killed 40,000 Russians and took 30,000 prisoners. Adolf Hitler's headquarters announced.

The report of this new step toward the Fuehrer's avowed goal of crushing the Red Army said the Soviet troops were encircled and annihilated in several days of bloody fighting.

Velikie Luki is a railroad center of 30,000 population 275 miles west of Moscow and 250 miles south of Leningrad. Before the war, Velikie Luki was the aerial crossroads of northern Europe. Its field served Russia, Germany and the Baltics countries.

Stockholm, Thursday, Aug. 28—

The entire city of Tallinn, besieged capital of Estonia, and most beautiful city of the Baltic states, was being devoured by flames early today in a devastating application of Russian "scorched earth" tactics, according to reports reaching Stockholm.

Not only the important port but all the residential and business areas of the city of 133,000 inhabitants on the Gulf of Finland opposite Helsinki were said to be a mass of flames as German forces closed in upon it from the south and east.

London, Aug. 27.—Shah Riza Khan Pahlevi of Iran tonight was reported "on the verge" of submitting to Anglo-Soviet demands and halting the invasion of British and Russian armies driving deeper into his desert kingdom on the north, west and south.

Negotiations continued in Tehran seeking a concrete guarantee that German agents will be ousted from Iran but an authoritative spokesman said that all of the weekly Shah's proposals thus far have been unsatisfactory and that "something more than promises" is required to halt the invasion.

Ready to Oust Nazis

The Shah was understood to be ready to order the expulsion of 80 per cent of the 3,000 to 5,000 Germans alleged to be in Iran and thus meet the conditions laid down by Britain and Russia before they sent their troops into the country at dawn Monday.

MRS. NELLIE BLACKNELL DEAD

OPENING PRICES GOOD

Bright Belt Tops 1940 Tobacco Average By \$10 With Heavy First Sales

Opening tobacco sales on the Bright Belt Tuesday lived up to advance speculation, and a \$28 average left a trail of fresh money and good cheer across the gold leaf country of Eastern North Carolina.

Growers of the flue-cured cigarette tobacco, hard pressed all season by bad weather and scarce labor, voiced genuine satisfaction as domestic and export buyers clamored for their tobacco at prices running as high as \$39 per hundred pounds.

Initial prices on the 14 Bright Belt markets ranged from \$2 for the sorriest to \$46 for choicest smoking grades, with a practical top of \$39. Brisk bidding sent the average almost ten dollars above the \$17.86 level of last year and two dollars better than the Border Belt opening this season.

The opening price average appeared to approximate the \$28.14 average recorded for last week on the Border Belt, where the trend has been upward since the opening.

Quality Poor

Growers admitted "poor" quality, but buyers concentrated on smoking leaf and the medium grades drew the strongest bidding. Some growers said the fancy cutters sold low by comparison with the medium grades and said they intended to hold back their finest leaf until cold weather.

A relentless sun beat down upon the masses who swarmed into tobacco towns, and perspiration trickled down the faces and soaked the clothes of warehousemen, buyers and farm folk who loitered between miles of tobacco rows to catch the figures garbled by the auctioneer.

Steaming warehouses sent a steady stream of customers to yelting drink boys and ice cream stands, and the noon recess drove hungry visitors to eating places until they fairly bulged with trade.

Everywhere the reaction was favorable, and warehouses sold their maximum volume of leaf with only rare instances of "turned tags." The farmer's method of rejecting a sale. The opening offerings ran all the way up the stalk, from gritty sand lugs to spotty tips, some markets reporting a predominance of lower leaf and others showing more tips.

SELECTING GOVERNMENT OFFICIALS

Babson Discusses "Professors"

(By ROGER W. BABSON)

Washington, D. C., Aug. 29.—The nation should be run for the good of the people as a whole. Because a person has money especially if inherited—he should have no special privileges. Likewise, no special privileges should go to any group because they happen to be organized.

ARE WE FREE?

Government should run a nation on a "FREE AND EQUAL" basis. For selfish political reasons, Congress has thrown out this basic principle. We are giving special privileges to special groups. Real freedom no longer exists for any except those belonging to the CIO or those on relief. Neither politics nor socialism will win World War II.

One of the oldest American sports is horse racing. Yet, the story is told that a certain New Dealer objects to it "because it is inhuman." He recommends that the horses be examined and judged by their "points." Says he, "Better still: march them before the grandstand and let the audience VOTE, in a truly democratic manner, which is the best horse."

WAYS OF SELECTING LEADERS

Leaders are absolutely necessary under every form of government—Monarchist, Fascist, Socialist, or American. The main difference in these four forms is in their methods of selecting leaders. Heredity determines who shall be the leaders under Monarchism; brute force determines them under Fascism; college professors determine them under Socialism. "Survival of the fittest" should (and did until 1900) determine the leaders of the United States and Canada.

We are no longer free to work, employ, buy, sell, or in any way earn a living, except under rules laid down by college professors. These men are honest and anxious to do right; but they lack practical experience.

PROFESSORS ARE POOR EXECUTIVES

We all respect college professors as men. All of us know some to whom we owe much. But they won their positions by being good teachers in non-competitive work supported by taxation or endowments. Yet, you and I know that getting our daily bread is a constant struggle under very competitive conditions. These college professors have had little experience in factories, stores, or on farms either as workers or employers. They do not understand our problems.

This is why Washington is in a jam today. This is why national defense is being held up. Theorists are useful in college halls; but they will never win a war nor solve unemployment problems. When we need a surgical operation, we do not send for a professor of physiology, but rather for one who has had actual experience in surgery. Washington and Ottawa today need men with more practical experience.

THE DEBT QUESTION

Some of these professors have a wrong conception of debt and taxes. In 1900, U. S. taxes were only 6% of the national income. Between 1900 and 1929, taxes doubled to become 12% of the national income. By 1941, taxes have become over 25% of the national income. In 1900, it would have taken only \$150 of everyone's savings to wipe out the public debt. Today, it would take about \$1500 from every man, woman and child. Have we got it? Yet, these professors say we must expect our government to run on a deficit for years to come!

Many citizens believe these professors are over-emphasizing "humanitarianism" which is linked up with this debt question. Of course we should help others; but the present method of giving relief may be doing others a wrong. The solution of the unemployment problem lies with employers and the unemployed. The present relief system—designed by college professors who never hired anyone—makes men more unemployable.

OUR SOLDIERS, SAILORS, AND MARINES need planes, ships, tanks, ammunition, uniforms, and food. You can help to supply them by buying Defense Savings Bonds and Stamps.
