Military Society Initiates State Cadets

Raleigh, March 16.—Initiation of 18 outstanding R.O.T.C. cadets by the State College chapter of Scabbard and Blade, national honorary military society, has been announced by Capt. B. F. Vaughn, of Raleigh. Pictured here are all of the initiates except Paul Carvalho, of Swannanoa. Front row, from left: R. I. Dalton, Jr., Charlotte; Kenneth G. Althaus, Fort Bliss, Tex.; C. S. Dawson, Cramerton; E. D. Soady, Asheboro; and F. C. Allen, Wadesboro. Middle row: W. B. Whitehurst, Greensboro; W. A. Lane, Greensboro; Rufus J. Smith, Goldsboro; H. J. Stockard, Raleigh; W. M. Boylan, New Bern; and R. W. Rainey, Fayetteville. Back row: L. F. Holding, Raleigh; M. D. Martin, Charlotte; J. D. Hardin, Hickory; L. H. Ballard, Wilmington; Collin McKinna, LOUISBURG; and J. E. Partlow, Oak Hill. The students are wearing fatigue clothes and trench helmets as part of their initiation, which lasted a week.

WAKE UP AMERICA --- IT'S LATE

The following Editorial is reproduced from the front page of the New York World Telegram of its issue of March 5, 1942:

The nation needs to awaken to the full gravity of the peril that confronts it.

It needs to appreciate how badly we have been defeated in three months of war.

It needs to understand that it is possible for the United Nations and the United States to lose this war and suffer the fate of France—and that this possibility may become a probability if the present tide does not change.

It needs to realize that there is grave chance of the Japanese pushing through India and the Germans driving through the Near East, to join their armies and resources in an almost unbeatable combination.

It needs to get away, once and for all, from the comforting feeling that while we may lose at the start we are bound to win in the end.

Only when fully aware of existing perils will the United States do its utmost. Pray God that awareness will not come too late, as it did in France!

Production Director Donald Nelson appeals for vastly increased industrial output on a 24-hour, seven day basis—168 hours a week. Maximum production, in short.

Can we get it?

Not on the present basis—not under the psychology of recent years.

Not until we quit thinking in terms of less work for more money.

Not while there is greater concern about overtime pay than overtime production.

Not while farmer politicians are more interested in higher prices than raising more essentials.

Not while government bureaus—created to meet a depression emergency that is ended—continue to grab for themselves money needed for armaments.

Not while an army of federal press agents clamor to promote and perpetuate activities that have no present need or value.

Not while Congressmen try to put over useless canals and river schemes and take up the time of defense officials clamoring for factories and contracts as if war were a great gravy train.

Not while WPA, despite a shortage of labor, seeks to carry on projects which it doesn't have the men to perform or the need for performing.

Not while CCC and NYA stretch greedy hands for funds to pamper young men who ought to be in the armed forces or the war plants.

Not while strikes hamper war production, despite a solemn promise that they would stop.

Not while the life-and-death need for uninterrupted production is used as a weapon to put over the closed shop.

Not while double time is demanded for Sunday work which is only part of a 40-hour week.

Not while a man can't be employed on an army project or in a war plant until he pays \$20 to \$50 or more to a labor racketeer.

Not while criminal gangs control employment and allocation of men to work on the Normandie and other ships along New York's vast waterfront.

Not while fifth columnists are pampered and enemy aliens move freely in defense areas.

Not while the grim job of preparing our home communities against air raids and sabotage is gummed up with a lot of highfalutin', boon-dogling, social service activity.

Not while pressure blocs clamor for higher benefits, bounties and pensions.

We will not get maximum production, in short, unless, first, we fully realize our awful peril; and, second, get over the gimmes of recent years.

Gimme shorter hours, gimme higher wages, gimme bigger profits, gimme more overtime, gimme less work, gimme more pensions, gimme greater crop benefits, gimme more appropriations and patronage, gimme plants for my Congressional district, gimme fees and dues to work for Uncle Sam, gimme ham 'n' eggs, gimme share-the-wealth, gimme \$30 every Thursday.

France had the gimmes, too—had them till the Germans were close to Paris. Then everybody went frantically to work—too late!

France has no gimmes today—except gimme food for my baby, gimme a place to lay my head, gimme death.

MRS. HOWELL

The following letter will be read by Franklin County people with much interest:

Oxford, N. C., Mar. 13, 1942. To the Editor of the FRANKLIN TIMES: I was interested to read in the last issue of your paper a reference to a visit made by Mr. John Knox Beasley to Mrs. J. T. Howell of Portland, Oregon. Mrs. Howell was formerly Miss Willie Thompson of Louisburg College. She has visited us several times in the past two years. On her last visit she was returning from Washington, and gave us an interesting account of a visit to the White House, where she had been invited to have a cup of tea with the First Lady and some members of her family. Through the courtesies extended her by Mrs. Roosevelt, she succeeded in introducing her invention into the government hospitals—which had been the purpose of her visit to Washington. Mrs. Howell's sister, Miss Mary Thompson, has been Principal of a school at Grants Pass, Oregon, for eleven years. I mention these facts because I am sure both girls have friends in Louisburg who will be glad to know of their success. With best wishes for the FRANKLIN TIMES.

MRS. IVEY ALLEN.

FARMERS WANT WPA DISCONTINUED

The Farm Bureau Labor Committee, consisting of W. F. Woodruff, Nashville, N. C., Chairman; W. W. Eagles, Macleesfield, Geo. Sockwell, Elon College; H. P. Foxhall, Tarboro; and Dr. J. H. Harper, of Snow Hill, met at Greenville Monday night to consider the problems of Farm Labor that exists today in North Carolina due to the national emergency.

The committee recommended that local draft boards give deferment to essential farm labor as food and fiber are just as essential to the winning of this war as guns and ammunition. They also heartily endorsed the policy of eliminating WPA assistance in rural areas where their clients are needed for farm work.

The resolutions of the committee are as follows:

1. We are heartily in favor of and commend the recent ruling of General Hershey regarding deferment of essential men in Agriculture, since there is a serious shortage of farm labor and the necessity of uninterrupted production of farm products is recognized as an essential need in our war effort.

2. Since the time has passed in agricultural areas when the need for relief jobs is necessary, we recommend that the existing WPA organization cooperate with the farmers to place their clients where they can do a real job in producing for national defense.

3. We suggest patriotic organization of urban school and college boys and girls into a production army for service, with pay, where needed in producing essential foods and fibers.

ANNOUNCEMENT

Mr. and Mrs. J. E. Huff, of Louisburg, wishes to announce the engagement of their daughter, Grace Pauline, to Woodrow Wilson Vaughan, of Franklinton. The wedding to take place Sunday, March 22nd, 1942. After March 23rd, 1942 they will make their home in Franklinton, where he is connected with the City.

INSTALLATION SERVICE

The public is invited to the final installation service at the First Baptist Church (Colored), Sunday 3 p. m. War Time. Dean J. L. Tilley will be the speaker. The senior and junior choir of the church, assisted by Snow Hill choir, and the high school glee club, directed by Prof. James Ridley.

500 Machinists "II" (all-round machinists) are needed at once in a North Carolina plant. Your nearest United States Employment Service office will give you details.

FARM LEADERS TO MEET

R. Flake Shaw, Executive Secretary of the North Carolina Farm Bureau Federation, announced today that there would be a joint meeting of Extension, AAA, and Farm Bureau leaders at Tarboro on Friday morning, March 20th, at 10:00 o'clock.

The meeting is being called for a discussion on peanut, cotton, tobacco penalties, and truck legislation for 1942. Charles D. Lewis, Assistant Director of the East Central Region; James E. Thigpen, Chief of the Marketing Quota Section; E. Y. Floyd, State

AAA Executive; Dean I. O. Schaub, Director of Extension Service, and other farm officials will be present.

Mr. Shaw stated "The national emergency has forced many changes in our agricultural program during the past few months, and the changes have been so rapid that certain phases of the new program are not clear in the minds of many of our leading farmers. We hope that out of this meeting will come definite commitments that will greatly clarify the whole situation."
